

TRANSNATIONALISM

Transnationalism is a concept that refers to the connections, flow and exchange of economic, political and social processes across national borders.

DEFINITION

Transnationalism refers to the process where individuals and groups establish connections and networks across national boundaries, often involving a dual or multiple-country sense of belonging. It involves the complex interaction between and among different cultures, but lead to divided loyalties, identity confusion, and potential social tensions in host countries.

KEY THEORIES

- **Migrant Communities:** People who move overseas continue to maintain links with their home country. This creates a sense of connection that extends beyond national borders.
- **Global Companies:** Corporations such as Apple or Toyota operate in multiple countries at once reflecting an economic process known as transnational capitalism.

International Relations Frederic S. Pearson, J. Martin Rochester, 1984 **Theories of International Relations:**

Approaches to international relations: structuralism Stephen Chan, Cerwyn Moore, 2006 Comprises 80 articles representing the most influential theoretical writings by international relations scholars Introduced by an essay from Stephen

Chan and Cerwyn Moore the four thematically organised volumes cover the major traditions of IR theory Together these four volumes provide broad coverage of the subject and historical depth Culture as Soft Power Elisabet Carbó-Catalan, Diana Roig Sanz, 2022-09-06 This book contributes to bridge the gap between different scholarly communities interested in the entanglements of culture and politics in the international arena It sheds light on existing connections in their parallel evolution with a thorough literature review complemented by several case studies showing the fruitful character of their interdisciplinary mobilisation Through the notions of cultural relations intellectual cooperation and cultural diplomacy the book draws on a soft power perspective to offer a shared novel and interdisciplinary theoretical framework to approach cultural institutions and organisations that have been previously examined as isolated objects for example cultural institutes international organisations literary magazines and literary contests The interdisciplinary nature of this volume justifies the relevance of its content for scholars working in the history of international relations international cultural relations and intellectual history comparative literature sociology of literature and global literary studies **NGO's and the United Nations** K. Martens, 2005-11-10 NGOs and the United Nations reveals how NGOs have changed their interaction with the UN since the mid 1990s It also looks at how their representation to the UN their consultative status and their characteristic features influence their relationship with the UN The case studies include some of the most renowned players on the international scene such as Amnesty International Human Rights Watch CARE International and Oxfam International

International Migration Systems Mary M. Kritz, Lin Lean Lim, Hania Zlotnik, 1992 The authors use a systems approach to examine contemporary international migration and other types of population flows between countries They investigate the effect of those flows on both sending and receiving countries in the areas of economic political and social links of the countries concerned This work includes a set of comparative case studies as well of theoretical chapters which will be of interest to demographers sociologists economists social historians as well as policymakers *Migration in a Globalised World* Cédric Audebert, Mohamed Kamel Dorai, 2010 This broad thematic study offers a major new research perspective on international migration in the context of globalisation *Activism across Borders since 1870* Daniel Laqua, 2023-08-10 From the Occupy protests to the Black Lives Matter movement and school strikes for climate action the twenty first century has been rife with activism Although very different from one another each of these movements has created alliances across borders with activists stressing that their concerns are not confined to individual nation states In this book Daniel Laqua shows that global efforts of this kind are not a recent phenomenon and that as long as there have been borders activists have sought to cross them Activism Across Borders since 1870 explores how individuals groups and organisations have fostered bonds in their quest for political and social change and considers the impact of national and ideological boundaries on their efforts Focusing on Europe but with a global outlook the book acknowledges the importance of imperial and postcolonial settings for groups and individuals that expressed far reaching ambitions From feminism and socialism to anti war

campaigns and green politics this book approaches transnational activism with an emphasis on four features connectedness ambivalence transience and marginality In doing so it demonstrates the intertwined nature of different movements problematizes transnational action discusses the temporary nature of some alliances and shows how transnationalism has been used by those marginalized at the national level With a broad chronological perspective and thematic chapters it provides historical context clarifies terms and concepts and offers an alternative history of modern Europe through the lens of activists movements and campaigns

Handbook of Intelligence Studies Loch K. Johnson, 2007-01-24 This topical volume offers a comprehensive review of secret intelligence organizations and activities Intelligence has been in the news consistently since 9 11 and the Iraqi WMD errors Leading experts in the field approach the three major missions of intelligence collection and analysis covert action and counterintelligence Within each of these missions the dynamically written essays dissect the so called intelligence cycle to reveal the challenges of gathering and assessing information from around the world Covert action the most controversial intelligence activity is explored with special attention on the issue of military organizations moving into what was once primarily a civilian responsibility The authors furthermore examine the problems that are associated with counterintelligence protecting secrets from foreign spies and terrorist organizations as well as the question of intelligence accountability and how a nation can protect its citizens against the possible abuse of power by its own secret agencies The Handbook of Intelligence Studies is a benchmark publication with major importance both for current research and for the future of the field It is essential reading for advanced undergraduates graduate students and scholars of intelligence studies international security strategic studies and political science in general

The European Union as a Global Cultural Power Mafalda Dâmaso, 2025-05-19 Although culture is increasingly recognised as a relevant focus of scholarly analysis the European Union EU has not yet been examined as a global cultural power Addressing this gap this book offers a comprehensive overview of the multiple arenas through which the EU has emerged as a major cultural actor beyond its borders Focusing on Culture in Foreign Policy and Development as well as Media and Trade the book gathers an international team of experts to provide a comprehensive analysis of the EU s multifaceted cultural action across various policy fields and regions The book draws together discussions in cultural studies cultural policy international relations media studies and law to ask the following questions What characterises EU cultural and media policies and programmes beyond its borders What are the assumptions and the goals that underlie such policies and programmes Suggesting that the EU is beginning to emerge as an enabling power that supports cultural diversity around the world the volume also reflects on the global role of the EU and contribute to debates regarding the liberal international order by taking a new angle
