The diagram illustrates the MLA format for an annotated bibliography. It shows two entries, each with a citation and an annotation. The citation is centered, and the annotation is indented 1/2 inch. The entire entry is centered on the page. The citation is followed by the author's name and page number, right-aligned. The annotation is followed by a summary and an evaluation. The diagram includes red arrows and text indicating the following details:

- Citation:** Doerr, John. *Measure What Matters: How Google, Bono, and the Gates Foundation Rock the World with OKRs*. Penguin, 2018.
- Annotation:** This book is written by Doerr, who is the chair of a venture capitalist group. The book describes how business organizations can use OKRs to drive the focus of a company through agility, which leads to explosive growth. There are first-person, behind the scenes case studies narrated by leaders like Bill Gates and Bono. This book helps guide understanding of business and management strategies that drive the success of large companies.
- Evaluation:** This book contains 282 original letters, song lyrics, casualty lists, transcripts of witness testimony, original newspaper accounts. It's a supplement to the anthology published in 128 volumes "The War of the Rebellion: A compilation of the Official Records of the Union and Confederate Armies". The author is a historian-archaeologist. This book is an excellent source for primary documents and offers a fresh narrative of the civil war in the New Mexico territory. Many people think of the Civil War as a battle between the Union and the Confederacy. This book gives the Civil War history researcher a glimpse at the battles happening in the Southwest, as well.
