Intersections Reading In Sociology Pb 2005:

Adaptivity as a Transformative Disposition David Hung, Kenneth Y. T. Lim, Shu-Shing Lee, 2013-11-19 This volume introduces the concept of adaptivity as occurring when say individuals cross boundaries Through illustrations from both formal and informal learning the book seeks to provide learning designs and frameworks for adaptivity This book is unique as it ties together a social individual dialectics and b adaptive learning as it relates to creativity and imagination It highlights case studies from social new media contexts school learning milieux and formal and informal situations It approaches adaptive learning from the perspectives of students teachers school leaders and participants in social media and other digitally mediated environments The book is a valuable resource for practitioners and academics who are interested in adaptivity as a learning disposition

Women of Faith and the Quest for Spiritual Authenticity Sara Ashencaen Crabtree, 2021-01-31 Drawn from over fifty eight individual in depth qualitative interviews with women of faith in Malaysia and Britain *Women of Faith and the Quest for Spiritual Authenticity* is a multifaith multicultural and cross cultural comparative focus that explores women s religious expressions as derived from practising Buddhists Hindus Christians Muslims Jews Wiccans and Druids among others Despite social advances towards women s emancipation and the lacerating critiques from feminist theologians across the Abrahamic religions and beyond women s religious experiences remain submerged beneath the weight of patriarchal religious leadership and ongoing masculinised dogmatic interpretations Even feminism itself has yet to move the spiritual onto their main agenda of inequity in women s lives This extensive feminist research monograph challenges these exclusions to centre and amplify women s voices in speaking powerfully of their religious experiences interpretations and practices This is an ecumenical and entertaining ethnography where women s narratives and life stories ground faith as embodied personal painful vibrant diverse illuminating and shared This book will of interest not only to academics and students of the sociology of religion feminist and gender studies politics ethnicity and Southeast Asian studies but is equally accessible to the general reader broadly interested in faith and feminism

Benefiting by Design Arlene E. Edwards, Chemba Raghavan, Kim Marie Vaz, 2009-01-14 The presence of women of color within the practical applications of social science research findings is severely limited since spaces where and when women of color enter the arenas of research methodology research question and intervention design and knowledge generation is often that of the other *Benefitting by Design* addresses this limitation It does so by locating the experience and knowledge of women of color as its central theme with sections of the text referring to emerging trends that attend to the need for greater representation of women of color in research and academic settings A key theme is the dislodging of currently accepted positions for the experience of women of color as marginalized and subsumed under normative modes of examination to central positions in areas of social science research and clinical practice This is in response to the typical assumption of the need to fix women of color be it based on their immigration status sexual orientation race culture class or spiritual practice

Benefitting By Design attends to the salient contexts of the lives of women of color from an emic perspective by providing models for addressing the limitations that result from exclusion and strategies for centering the experiential knowledge of women of color in social science research and practice that is designed for their benefit *Equity, Equality, and Reform in Contemporary Public Education* Grant, Marquis C.,2018-03-30 Equality and equity are often mischaracterized as interchangeable terms in public education This may explain why efforts towards reform and restructure are often not met with any real measure of success *Equity Equality and Reform in Contemporary Public Education* provides emerging research on the reformation of education curriculum to provide proportionate opportunities for marginalized students and support for student achievement in public education While highlighting topics such as achievement gaps gender biases and multicultural responsiveness this book explores the theories and applications of different measures of reform to promote fairness among individual students This book is an important resource for educators professionals school administrators researchers and practitioners in the field of education

Essential Criminology Stuart Henry,Desiré J. M. Anastasia,2025-04-09 This significantly expanded edition of *Essential Criminology* covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology Whether all are essential depends on one's theoretical stance The value of this text is its carefully designed comparative analysis which helps readers consider their relative contribution to the field Originally designed as an alternative to lengthy and expensive introductory texts *Essential Criminology* provides a concise yet comprehensive overview of the field The book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications Causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict Marxist feminist and postmodernist theories Over its 26 year history the book has added new theoretical perspectives as these have gained prominence New to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology The authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social constructionism *Essential Criminology* contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change With its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory's ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science

Science after the Practice Turn in the Philosophy, History, and Social Studies of Science Léna Soler,Sjoerd Zwart,Michael Lynch,Vincent Israel-Jost,2014-03-21 In the 1980s philosophical historical and social studies of science underwent a change which later evolved into a turn to practice Analysts of science were asked to pay attention to scientific practices in meticulous detail and along multiple dimensions including the material social and psychological Following this turn the interest in scientific practices continued to increase and had an indelible influence in the various fields of science studies No doubt the practice turn changed our conceptions and approaches of science but what did it really teach us What does it mean to study scientific practices What are the general lessons implications and new challenges This volume explores questions about the practice turn using both case studies and theoretical analysis The case studies examine empirical and mathematical sciences including the engineering sciences The volume promotes interactions between acknowledged experts from different often thought of as conflicting orientations It presents contributions in conjunction with critical commentaries that put the theses and assumptions of the former in perspective Overall the book offers a unique and diverse range of perspectives on the meanings methods lessons and challenges associated with the practice turn

The Cambridge Handbook of Evolutionary Perspectives on Human Behavior Lance Workman,Will Reader,Jerome H. Barkow,2020-03-19 The transformative wave of Darwinian insight continues to expand throughout the human sciences While still centered on evolution focused fields such as evolutionary psychology ethology and human behavioral ecology this insight has also influenced cognitive science neuroscience feminist discourse sociocultural anthropology media studies and clinical psychology This handbook s goal is to amplify the wave by bringing together world leading experts to provide a comprehensive and up to date overview of evolution oriented and influenced fields While evolutionary psychology remains at the core of the collection it also covers the history current standing debates and future directions of the panoply of fields entering the Darwinian fold As such The Cambridge Handbook of Evolutionary Perspectives on Human Behavior is a valuable reference not just for evolutionary psychologists but also for scholars and students from many fields who wish to see how the evolutionary perspective is relevant to their own work

Feminist Perspectives on Social Work Practice Shannon Butler-Mokoro,Laurie Grant,2018 This book takes a contemporary look at the issues that affect women most from a feminist perspective Going beyond the equal pay for equal work issue the authors write about mental health substance abuse disabilities parenting relationships criminal justice and aging all from a holistic and intersectional perspective

Intersectional (Feminist) Activisms Serena D'Agostino,Nadia E.

Brown,2024-08-16 This book includes essays that directly uncover how power asymmetries and related forms of marginalization and oppression function in the political and policy arenas with a special emphasis on the intersection of several systems of subordination This edited volume tackles two main questions first what are the main claims struggles and possibilities of contemporary intersectional feminisms and second how shall we as scholars address intersectional feminist activisms in our research theoretically methodologically and empirically These issues are debated from several intersectional feminist perspectives locations and positionalities The globally oriented and empirically grounded scope of this volume is undeniable This book goes beyond the Western hegemony in intersectionality related research and knowledge production bringing in practices experiences and critical perspectives of intersectional feminist scholars and activists who are not necessarily located in the most privileged social political and financial milieus This book will be of interest to students and scholars from across the social sciences and humanities with an interest in intersectionality gender feminism racism LGBT and queer studies activism and social movement studies The chapters in this book were originally published as a special issue of Journal of Women Politics and Policy Handbook for Achieving Gender Equity Through Education Susan S.

Klein,Barbara Richardson,Dolores A. Grayson,Lynn H. Fox,Cheris Kramarae,Diane S. Pollard,Carol Anne Dwyer,2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation

programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents

Queer Roma Lucie Fremlova,2021-10-04 This book offers in depth insight into the lives of queer Roma thus providing rich evidence of the heterogeneity of Roma The lived experiences of queer Roma which are very diverse regionally and otherwise pose a fundamental challenge to one dimensional negative misrepresentations of Roma as homophobic and antithetical to European and Western modernity The book platforms Romani agency and voices in an original and novel way This enables the reader to feel the individuals behind the data which detail stories of rejection by Romani families and communities and non Romani communities and unfamiliar ground breaking stories of acceptance by Romani families and communities Combining intersectionality with queer theory innovatively and applying it to Romani Studies the author supports her arguments with data illustrating how the identities of queer Roma are shaped by antigypsyism and its intersections with homophobia and transphobia Thanks to its theoretical and empirical content and its location within a book series on LGBTIQ lives that appeals to an international audience this authoritative book will appeal to a wide range of readers It will a be useful resource for libraries community and social service workers third sector Romani and LGBTIQ organisations activists and policymakers an invaluable source of information for scholars teachers and students of bigger modules in undergraduate graduate and postgraduate courses in a cross section of academic disciplines and subject areas These include but are not limited to LGBTIQ Queer Studies Women s Gender and Sexuality Studies Romani Studies Sociology Anthropology Human Geography Area Studies Cultural Studies Social Movement Studies Media Studies Psychology Heath Science Social Science Political Science
