Lithuania Christian College A Work In Progress:

Lithuania Christian College : a Work in Progress Sarah Klassen, 2001 **Christian Higher Education** Joel Carpenter, Perry L. Glanzer, Nicholas S. Lantinga, 2014-03-07 This book offers a fresh report and interpretation of what is happening at the intersection of two great contemporary movements the rapid growth of higher education worldwide and the rise of world Christianity It features on site evaluative studies by scholars from Africa Asia North America and South America Christian Higher Education A Global Reconnaissance visits some of the hotspots of Christian university development such as South Korea Kenya and Nigeria and compares what is happening there to places in Canada the United States and Europe where Christian higher education has a longer history Very little research until now has examined the scope and direction of Christian higher education throughout the world so this volume fills a real gap Private Higher Education Alma Maldonado-Maldonado, Yingxia Cao, Hong Zhu, Daniel C. Levy, Philip G. Altbach, 2006-08-01 This research project has been supported by the Ford Foundation the Lynch School of Education at Boston College and the Program of Research on Private Higher Education at the University at Albany *International Handbook of Protestant Education* William Jeynes, David W. Robinson, 2012-01-11 Since their earliest days institutions providing a Protestant education have always been respected and sought after for their rigor and relative freedom from dogma and despite today s secularism and plurality they remain so This international handbook is the ultimate companion to protestant schooling worldwide Its 39 chapters form the most comprehensive and wide ranging treatment of the subject yet available addressing Protestant education on all six inhabited continents and featuring the perspectives of leading authorities and public figures The contributions cover in detail not only the facts and features of Protestant schooling in sundry nations but also integrate a range of themes common to them all themes so vital that they are of central concern to Christians around the world and of whatever denomination Some of these topics are school choice globalization Bible pedagogy and character education the fine arts parental involvement and the rise of Christianity in previously inaccessible locations such as China The handbook s stellar list of authors is a Who s Who of authorities on the subject and includes a renowned American evangelical a former historian of the US House of Representatives and White House consultants responsible for framing legislation The many contributors from outside the USA are leading academics conducting seminal research on numerous topics in the field Both exhaustive and authoritative The International Handbook of Protestant Education will be an invaluable asset to educators ministers parents policy makers political leaders of any denomination or none **Missio Politica** Johannes Reimer, 2017-11-14 Evangelical Christians in many countries shy away from politics And yet especially with the rise of the Pentecostal and charismatic movements the interest and involvement in political activity is becoming a daily reality in evangelical circles At the same time evangelical politicians are not exempt from scandals of corruption and complaints of ineffectiveness Are Christians unable to do better politics than others Are they less prepared Is even the whole political involvement of Christians under question In this book

Dr Johannes Reimer explores the answers to these questions by articulating a theology of the church's political mission. The church is not a political party but as God's ecclesia it has a prophetic voice and is called out of the world to take responsibility for the world.

Opening the Red Door John A. Bernbaum, 2019-09-17. After the Berlin Wall fell, a group of Christian colleges in the U.S. seized the opportunity to help build a faith-based university in Moscow. Told by the school's founder and president, this is the story of the rise and fall of the first accredited Christian liberal arts university in Russia's history, offering unique insight on Russia's post-communist transition and the construction of a cultural/educational bridge between the two superpowers.

Warnings Leonard Grob, John K. Roth, 2023-07-06. Old friends: one a Jew, the other a Christian. Leonard Lenny Grob and John K. Roth are philosophers who have long studied the Holocaust. That experience makes us anxious about democracy because we are also Americans living in perilous times. The 2020s remind us of the 1930s when Nazis destroyed democracy in Germany. Carnage followed. In the 2020s, Donald Trump and his followers endanger democracy in the United States. With Vladimir Putin's ruthless assault against Ukraine, compounding the difficulties, democracy must not be taken for granted. Americans love democracy except when we don't. That division and conflict mean that democracy will be on the ballot in the 2024 American elections. Probing the prospects, Warnings: The Holocaust, Ukraine, and Endangered American Democracy features exchanges between us that underscore the most urgent threats to democracy in the United States and show how to resist them. What's most needed is ethical patriotism that urges us, Americans, to be our best selves. Our best selves defend liberal democracy; they strive for inclusive pluralism. Our best selves resist decisions and policies like those that led to the Holocaust or genocidal war in Ukraine or conspiracies to overturn fair and free elections in the United States. Our best selves reject antisemitism and racism; they oppose hypocrisy and autocracy. Our best selves hold lying leaders accountable. Our best selves believe that, against all odds, democracy can win out if we never give up trying to be our best.

The Plot to Kill God Paul Froese,2008-08-06 Paul Froese explores the nature of religious faith in a provocative examination of the most massive atheism campaign in human history That campaign occurred after the 1917 Russian Revolution when Soviet plans for a new Marxist utopia included the total eradication of all religion Even though the Soviet Union s attempt to secularize its society was quite successful at crushing the institutional and ritual manifestations of religion its leaders were surprised at the persistence of religious belief Froese s account reveals how atheism when taken to its extreme can become as dogmatic and oppressive as any religious faith and illuminates the struggle for individual expression in the face of social repression
