Wimbush, 2014 Characterizing Olaudah Equiano s eighteenth century narrative of his life as a type of scriptural story that connects the Bible with identity formation Vincent L Wimbush s *White Men s Magic* probes not only how the Bible and its reading played a crucial role in the first colonial contacts between black and white persons in the North Atlantic but also the process and meaning of what he terms scripturalization By this term Wimbush means a social psychological political discursive structure or semiosphere that creates a reality and organizes a society in terms of relations and communications Because it is based on the particularities of Equiano s narrative Wimbush s theoretical work is not only grounded but inductive and shows that scripturalization is bigger than either the historical or the literary Equiano Scripturalization was not invented by Equiano he says but it is not quite the same after Equiano      **Chatterbox** , 1898      *Treasury of Wisdom, Wit and Humor, Odd Comparisons and Proverbs* Adam Woolbever (comp.), 1881      **Annotations Upon the Holy Bible** Matthew Poole, 1853      *A Body of Practical Divinity, Consisting of Above One Hundred Seventy Six Sermons on the Lesser Catechism Composed by the ...
