Little Known Museums In And Around Berlin:

Little Known Museums in and Around Berlin Rachel Kaplan, 1999-05 Rachel Kaplan's guides to little known museums in Paris and London were greeted with great enthusiasm. Now as Berlin prepares to take its place as a major world capital with the transfer of government from Bonn, Kaplan offers a handy, entertaining, useful guide to the fascinating but often overlooked museums in and around this historic city. Just in time to celebrate the tenth anniversary of the fall of the Berlin Wall, this fully illustrated guidebook introduces 30 unusual artistic, cultural, and historical gems. From the Museum of Musical Instruments and the Farmer's House and Pickle Museum to the Anti War Museum and the Bauhaus Archive, Berlin Museum of Design, these varied venues offer something for everyone. Each museum is lavishly illustrated and comprehensively described. Addresses and phone numbers, hours of admittance, travel directions, and a map are included. **Hidden Berlin** Reinhard Zachau, Richard Apgar, 2022-03-01 Hidden Berlin brings to life the city's tumultuous history by tracing the evolution of six iconic locations: the reconstructed City Palace, the Berlin Wall, the Nazi Olympic Stadium, Potsdamer Platz, the Brandenburg Gate, and the recreated Nikolaiviertel. In exploring each of these areas, Hidden Berlin illustrates how Berlin has become one of Europe's most complex and dynamic cities. Richly illustrated with images and maps, the volume engages readers through detailed timelines and activities. Additional locations of interest and a bibliography present opportunities for readers to explore on their own. A companion website provides a host of internet-based activities, suggestions for readings, and supplementary resources for each chapter. www.hiddenberlinbook.wordpress.com Hidden Berlin is an engaging volume for courses on the culture of Berlin or modern Germany, students studying abroad, and visitors to the city who want an enlightened experience. Little Known Museums in and Around Rome Rachel Kaplan, 2000-11 Illustrated throughout, this guide features practical information on 30 remarkable museums in Rome and the surrounding countryside, including collection highlights, addresses, and phone numbers, hours, and admissions. Peace Museums Peter van den Dungen, 2024-12-31 This book is the first comprehensive study of the history, nature, and purposes of peace museums, comprising twenty-one essays by a leading authority in the field. It presents a powerful argument for the need for this new kind of museum that informs and inspires visitors that a world of peace and nonviolence is both necessary and possible. Whereas there are numerous museums about war and the armed forces, museums about peacemaking and peacemakers are rare. Indeed, the very concept of peace museums is still largely unknown. This is a reflection of the traditional writing and teaching of history, which is dominated by narratives of war and warriors, with little or no attention being paid to the history of efforts to prevent and abolish war. Peace museums are ideal instruments to bring the long, fascinating, and vitally important history of peace to life for a large public. Among the essays included are histories of two forgotten and unknown yet heroic efforts to prevent World War I and then World War II through museums that educated and alerted visitors about the disasters ahead if war was not avoided and ways to steer a different course following the catastrophe that was the Great War. At a time

when a barbaric war in Europe continuing wars in Africa and ominous threats of war in Asia are raising the specter of nuclear war and World War III the need for anti nuclear bomb and anti war museums is greater than ever Such museums are essential for the development of a global culture of peace and nonviolence The book provides inspiration and hope for everyone interested in efforts to overcome an existential threat to civilization that is wholly man made *Rick Steves Best of Germany* Rick Steves,2016-11-15 Hit Germany s can t miss art sights and bites in two weeks or less with Rick Steves Best of Germany Expert advice from Rick Steves on what s worth your time and money Two day itineraries covering Munich Bavaria Rothenburg and the Romantic Road the Rhine Valley Berlin and Salzburg Austria Over 60 full color maps and vibrant photos Rick s tips for beating the crowds skipping lines and avoiding tourist traps The best of local culture flavors and haunts including walks through the most interesting neighborhoods and museums Trip planning strategies like how to link destinations and design your itinerary what to pack where to stay and how to get around Suggestions for side trips to Dachau Memorial W rzburg N rnburg Burg Eltz Cologne Baden Baden Frankfurt Dresden and Hamburg Experience Germany s Old World romance and New World excitement for yourself with Rick Steves Best of Germany Planning a longer trip Rick Steves Germany 2018 is the classic in depth guide to exploring the country updated annually Time for a shorter getaway Colorful Rick Steves Pocket guidebooks to Vienna Munich and Salzburg are perfect when you have a week or less Pocket guides include fold out city maps [The Burlington Magazine for Connoisseurs](#) ,1914 **The academy** ,1878 [The True History of the First Mrs. Meredith and Other Lesser Lives](#) Diane Johnson,2020-06-23 A classic of alternative biography and feminist writing this empathetic and witty book gives due to a lesser figure of history Mary Ellen Peacock Meredith who was brilliant unconventional and at odds with the constraints of Victorian life Many people have described the Famous Writer presiding at his dinner table He is famous everybody remembers his remarks We forget that there were other family members at the table a quiet person now muffled by time shadowy whose heart pounded with love perhaps or rage So begins [The True History of the First Mrs Meredith and Other Lesser Lives](#) an uncommon biography devoted to one of those lesser lives As the author points out A lesser life does not seem lesser to the person who leads one Such sympathy and curiosity compelled Diane Johnson to research Mary Ellen Peacock Meredith 1821 1861 the daughter of the famous artist Thomas Love Peacock 1785 1866 and first wife of the equally famous poet George Meredith 1828 1909 Her life treated perfunctorily and prudishly in biographies of Peacock or Meredith is here exquisitely and unhurriedly given its due What emerges is the portrait of a brilliant well educated woman raised unconventionally by her father only to feel more forcefully the constraints of the Victorian era First published in 1972 Lesser Lives has been a key text for feminists and biographers alike a book that reimagined what biography might be both in terms of subject and style Biographies of other lesser lives have since followed in its footsteps but few have the wit elegance and empathy of Johnson s seminal work **Classic Car Museum Guide** Lance Cole,2020-09-19 A new comprehensive guide to motoring and transport museums offering a fresh conversation on

Museum,1920 **Transnationalism and the German City** J. Diefendorf,J. Ward,2014-04-24 Too often scholars treat transnationalism as a conflict in which the local regional and national give way to globalized identity As these varied studies of German cities show though the urban environment is actually a site of trans localism that is not merely oppositional but that adapts itself dialectically to the forces of globalization *The Literary Gazette and Journal of the Belles Lettres, Arts, Sciences, &c* ,1840 Max Liebermann and International Modernism Marion Deshmukh,Françoise Forster-Hahn,Barbara Gaehtgens,2011-05 Although Max Liebermann 1847 1935 began his career as a realist painter depicting scenes of rural labor Dutch village life and the countryside by the turn of the century his paintings had evolved into colorful images of bourgeois life and leisure that critics associated with French impressionism During a time of increasing German nationalism his paintings and cultural politics sparked numerous aesthetic and political controversies His eminent career and his reputation intersected with the dramatic and violent events of modern German history from the Empire to the Third Reich The Nazis persecution of modern and Jewish artists led to the obliteration of Liebermann from the narratives of modern art but this volume contributes to the recent wave of scholarly literature that works to recover his role and his oeuvre from an international perspective **Parnassus** ,1929 *National Museums in Africa* Raymond Silverman,George Abungu,Peter Probst,2021-08-30 National Museums in Africa brings the voices of African museum professionals into dialogue with scholars and by so doing is able to consider the state of African national museums from fresh perspectives Covering all regions of the continent the volume s thirteen chapters allow for a deep and nuanced understanding of the intricate interplay

between past and present in contemporary Africa Taking stock of the shifting museum landscape in Africa with new players like China and South Korea challenging the conditions of cultural exchange the book demonstrates that national museums are being rediscovered as important sites of political engagement and cultural negotiation This is the first book to critically examine the roles national museums in Africa have played in the societies in which they are situated but it is also the first to consider the roles that national museums might play in current debates concerning the restitution and repatriation of cultural patrimony taken from Africa during the colonial era Informed by a comparative and interdisciplinary perspective this ground breaking book will appeal to anyone interested in museums in Africa It will be particularly useful to scholars and students working in the areas of museum and heritage studies African studies anthropology archaeology history art history and cultural studies
