more meaningful God s best awaits you when you choose to live His way Beyond the Bible, Beyond the West Hanz Gutierrez Salazar, 2023-12-01T00:00:00+01:00 Reading can become the grave of meaning or the place of its resurrection It becomes a tomb when meanings follow one another uninterruptedly but in an automatic mechanical predictable and tautological way It becomes a tomb when reading becomes calculation when the result excludes and erases surprise and mystery Instead it s the place of resurrection when meanings are not automatic but intermittent unpredictable fragile and fragmentary when reading becomes like childbirth an experience marked by fatigue and suffering but in the expectation of something new and unique Our reflection is an essay of ontological hermeneutics it is critical of textual positivism which makes the univocity and clarity of a text the main goal of its task and also of cultural positivism a cultural matrix that elevates univocity and clarity as the ultimate goal of contemporary systems This essay indirectly sketches a cultural critique and not only a theological one Means medium and guarantor of this ontological indelible reserve are ambivalence and paradox We will try to follow the trace of these throughout the hermeneutic arc and not only at its beginning Love.
