equanimity in the world around them following the time honored rules of the flock day in and day out in a generally pleasant and peaceful frame of mind These are tales that happened over many years time but with chickens it seems there is always more to learn Each and every life is deeply touched by something or someone special It doesn't matter who or what it is because the soul recognizes and responds to what is honest and true to a bright sunflower to endless soothing ocean waves and to the soft cooing of contented chickens
