Interventions for Play Therapy and Clinical Supervision Fazio-Griffith, Laura Jean,Marino, Reshelle,2020-09-25 The use of techniques and interventions for play therapy during the supervision process for graduate and post graduate counselors provides a host of benefits for the counseling student post graduate intern and supervisor The counselor in training is able to experientially integrate theory with practice through the use of different modalities that provide reflection and insight into their work with clients Additionally the use of techniques and interventions for play therapy allows a secure and strong supervisory relationship which allows the counselor in training to explore personal and professional goals verbalize and conceptualize client issues goals and effective interventions and develop counselor client relationships that allow the client to progress during the therapeutic process However play therapy techniques and interventions are not often incorporated into the supervision process unless the clinician is a registered play therapist being supervised by a registered play therapist supervisor Techniques and Interventions for Play Therapy and Clinical Supervision is a critical reference source that provides an opportunity for all clinicians to incorporate play therapy techniques and expressive art interventions into the process of supervision It presents techniques and methods that allow for more effective supervision for counselors in training which allows for more effective service delivery to clients Highlighting topics that include play techniques in supervision cognitive

behavioral play therapy and trauma this book is ideal for individuals in a university clinical school agency etc setting who provide supervision for counselors in training including graduate students and postgraduate students The book is an excellent supplement for clinical courses at universities with counseling programs and play therapy programs as well as universities with graduate social work and psychology programs that have play therapy courses and provide play therapy supervision

State of the Art in Clinical Supervision John R. Culbreth, Lori L. Brown, 2009-10-19 There have been many recent developments in the research theory and practice of supervision in counseling but few reliable resources are available for practitioners seeking to expand their knowledge in these areas Culbreth and Brown have assembled a group of leading researchers scholars and professionals in the field to present a collection of chapters on the state of the art in clinical supervision These chapters provide the reader with fresh approaches to core topics such as multicultural competence religion and spirituality and the training of supervisors as well as discussions of new areas of study Alternative methods to conducting supervision are explored with expressive art techniques and the uses of narrative therapy and concepts of emotional intelligence Triadic supervision and the use of the newest developments in technology are also considered Current and future supervisors will no doubt find the innovative and informative strategies described in this book invaluable in their work with supervisees

Working Together in Clinical Supervision Edward A. Johnson, 2017-07-12 This brief practical guide to clinical supervision uniquely addresses supervisor and supervisee together The purpose of the book is to help the supervisory dyad collaborate effectively to meet the goals of supervision to ensure client welfare educate and evaluate the supervisee and help the supervisee cope with the emotional challenges of doing psychotherapy To do so the book provides guidance on how to implement evidence based and best practice recommendations at each stage of supervision preparation beginning middle conclusion of active supervision and the post supervision relationship The emphasis throughout is on developing and maintaining a positive collaborative supervisory relationship Establishing this requires that the members of the dyad understand and agree on their respective roles and responsibilities trust each other to carry them out and feel safe enough to discuss the process This book facilitates this by describing these complementary roles and responsibilities and by providing activities that help the dyad establish mutual understanding set goals and complete necessary tasks The book also illustrates better and worse ways these roles can be fulfilled from the author's experience Other value added features include sections devoted to common problems in supervision and how to prevent or manage them the competencies that supervisors and supervisees require to be prepared for their roles how to incorporate diversity into supervision and how to complete supervision contracts and evaluations Written in an inviting often conversational tone the book is an invaluable aid to supervisors and supervisees of all levels of experience
