Fundamentals of Management Stephen P. Robbins, Engineering Software Associates, 2002

Fundamentals of Management Stephen P. Robbins, David A. De Cenzo, 1998. Provides a foundation for understanding key management issues. The text maintains a functional focus and presents up to date research studies in the field. It is organized around four traditional management functions: planning, organizing, leading, and controlling. This edition includes two chapters on Technology and the design of work processes and Managing teams. Multiple choice questions at the end of each chapter reinforce all of the chapter objectives and are designed to impart critical thinking skills by facilitating increasing levels of thinking from knowledge to comprehension and finally to application. An Internet exercise at the end of each chapter requires students to locate information and investigate a variety of issues.
