Chapman, Hugh C. Foot, 2013-10-22 It s a Funny Thing Humour contains the papers presented at the International Conference on Humor and Laughter held in Cardiff in July 1976 The symposium provides a platform from which authors from different professional and personal background can talk about their own definition and analysis of humor The book is structured into 10 main sections that reflect the structure of the conference and presents various studies and research on the nature of humor and laughter Contributions range from theoretical discussions to practical and experimental expositions Topics on the psychoanalytical theory of humor and laughter the nature and analysis of jokes cross cultural research of humor mirth measurement and humor as a tool of learning are some of the topics covered in the symposium Psychologists sociologists teachers communication experts psychiatrists and people who are curious to know more about humor and laughter will find the book very interesting and highly amusing **Now That's Funny!** Peter Desberg, Jeffrey Davis, 2017-06-07 There is a feeling of pure delight that comes from laughing out loud while watching a hilarious movie or a TV show Yet as funny as these lines may be they are the work of people you will never see The magic behind any comedy hit begins when an idea is hatched in the mind of a comedy writer and is then put down on paper And while few of us are privy to this fascinating process for writers Peter Desberg and Jeffrey Davis the challenge of observing and understanding how comedy is born has culminated in a unique new book Now That s Funny Desberg and Davis provide an intimate look into the minds of twenty four of Hollywood s funniest comedy writers who have given us such shows as Saturday Night Live Monk Everybody Loves Raymond The Simpsons Frasier Maude Home Improvement Valerie Modern Family Cheers There s Something about Mary The Honeymooners Suddenly Susan Newhart Sabrina the Teenage Witch Archie Bunker s Place The Tracey Ullman Show Wings Who s The Boss and more How do you get to see the creative wheels turn The authors premise was simple Using a Q and A format they provided each writer with a story idea and let them run with it Each of the writers was told there were no rules no

boundaries and no limits Because everyone started with the same concept the authors could see how some writers jumped in and began creating while others asked lots of questions how some writers stuck closely to the premise while others turned it on its head What emerges is an entertaining look illuminating and hilarious in turn at the creative process behind hit TV shows and movies If you re one of the millions who have enjoyed watching the work of comedy writers here is an opportunity to go behind the scenes and see the madness unfold Now that s funny

 Andy Merriman, 2011-11-01 The hardback of this first and authorised biography received very good reviews and immediately
 reprinted It tells the story of one of the heroines of post war British comedy on radio film and TV Hattie Jacques is known as
 the billowing imposing Matron in the Carry On films as the star of such BBC radio classics as ITMA Educating Archie and
 Hancock's Half Hour and as the fictional sister of Eric Sykes in his long running TV sitcom But the formidable frumpy galleon
 in full sail screen persona could not have been more at odds with the real life woman as this biography reveals for the first
 time She had a tempestuous wartime affair with an American officer and then a strange marriage to the actor John le
 Mesurier Corporal Wilson in Dad's Army whose dissatisfactions she circumnavigated by moving her lover a flashy Cockney
 car dealer into the matrimonial home But as well as being warm and sexy and generous she was also owing to her lifelong
 struggle with her weight needy and melancholic and rueful that her size persistently typecast her and excluded her from
 many roles This biography has been written with full co operation from Hattie's son and show business friends like Barbara
 Windsor Clive Dunn Galton and Simpson and Ian Carmichael *Humor and Laughter, Playfulness and Cheerfulness:*
Upsides and Downsides to a Life of Lightness Willibald Ruch, Tracey Platt, René T. Proyer, Hsueh-Chih Chen, 2019-08-12 The
 emergence of Positive Psychology has highlighted the importance of studying the good life and how to attain it Positive life
 outcomes such as well being thriving flourishing and happiness were discussed and investigated Among them different
 orientations to happiness were identified such as a life of pleasure life of meaning and life of engagement Other outcomes
 such as subjective and objective fulfillment in life or societal recognition have been less studied Among the characteristics
 that facilitate positive outcomes the VIA classification of strength and virtues distinguishes 24 strengths with humor
 playfulness being one of them Only a small segment of humor entered the definition of humor as character strengths namely
 the parts that contain some goodness Humor as a character strength facilitates a lot of positive outcomes such as positive
 emotions and positive relationships and there is a lightness accompanying humor playfulness The field is broader though and
 transcends the definition of humor as used in positive psychology in at least two ways First there is actually a family of
 overlapping but still distinct concepts with different research traditions We include next to humor and types of humor also
 laughter playfulness and cheerfulness We think that more research is needed on how they do overlap and what makes them
 distinct Second while positive psychology is interested in the goodness of we do want to stress that there is the need to study
 the non virtuous parts as well That is laughter may not only be expressing amusement but scorn directed at people humor
 may be benevolent but there is also sarcasm and playfulness may elicit positive emotions but also risk prone and immature
 types of behavior Therefore the aim of this Research Topic was to collect current perspectives on humor playfulness laughter
 and cheerfulness in both adults and children to study their full diversity but also interrelations and overlapping features to
 introduce new instruments or ways for their assessment in future studies and to study their causes and consequences in a

variety of life domains We encouraged studies on differences due to gender or nationality the embodiment in different groups e g class clowns psychiatric patients or whether or not they can be trained We also welcomed contributions from adjacent disciplines e g education leisure studies or therapy counseling and different regions of the earth The outcome is a set of 33 manuscripts from altogether 101 authors Not all areas are covered and not all aims were met while we made progress there is much left to do In this sense the merging of these topics may be the first milestone but like every milestone it only marks the beginning of a long journey
