Intermodal Transportation The Whole Story:

Intermodal Transportation David R. McKenzie, Mark C. North, Daniel S. Smith, 1989 *Twin Ports Intermodal Freight Terminal Study*, 2003 The study examines the potential for an intermodal freight terminal in the metropolitan area of Duluth MN and Superior WI Twin Ports **Planning and Managing Intermodal Transportation Systems** Russell B. Capelle, 1994 This guidebook is designed to be a hands on planner friendly document that answers hard questions about intermodal management system planning in practice The guidebook is written from the perspective of the Commonwealth of Massachusetts development of its statewide intermodal management system IMS work plan which includes coordination with all the state's MPOs The following subjects of interest to IMS planners are discussed in this book ISTEA in perspective work plan structure and content IMS technical team and coordinating committee organization and composition explanatory materials to provide the IMS technical team and coordinating committee organization and implementation of a Freight Advisory Council to foster involvement of the private sector companies and organizations and emphasis on issue based data to structure IMS data needs and narrow the data search **The Globalization of American Infrastructure** Matthew Heins, 2016-01-29 This book gives an account of how the U S freight transportation system has been impacted and globalized since the 1950s by the presence of the shipping container A globally standardized object the container carries cargo moving in international trade and it utilizes and fits within the existing transportation infrastructures of shipping trucking and railroads In this way it binds them together into a nearly seamless worldwide logistics network This process occurs not only in ocean shipping and at ports but also deep within national territories In its dependence on existing infrastructural systems though the network of container movement as it pervades domestic space is shaped by the history and geography of the nation state This global network is not invariably imposed in a top down manner to a large degree it is cobbled together out of national regional and local systems Heins describes this in the American context examining the freight transportation infrastructures of railroads trucking and inland waterways and also the terminals where containers are transferred between train and truck The book provides a detailed historical narrative and is also theoretically informed by the contemporary literature on infrastructure and globalization **Journal of the Transportation Research Forum**, 1994 *Surface Transportation Board Reports* United States. Surface Transportation Board, 1997 **Intermodal Freight Transport** David Lowe, 2006-08-11 This book provides an introduction to the whole concept of intermodal freight transport the means of delivering goods using two or more transport modes recounting both European experience and UK developments and reporting on the extensive political influences on this form of transport This is placed into context with reference to developments in North America and Asia Detailed explanations are given of the road and rail vehicles the loading units and the transfer equipment used in such operations In particular the role of the Channel Tunnel in the development of long haul combined transport operations between the UK and Europe is considered **The Rise of Maritime Containerization in**

the Port of Oakland Mark Rosenstein,2000 **Developing a Standard Definition of Intermodal Transportation** W. Brad Jones,2000 **The Service Productivity and Quality Challenge** P.T. Harker,1995-05-31 The recent global recession has revealed the vital importance of service sector productivity in all developed economies The challenge for scholars and professionals in productivity management economics and management science in the coming decade is clearly to improve the productivity of the services sector Section I addresses the economy wide problems of measuring service productivity and its impact on economic performance The growing volume and recognition of trade and international competition in services is the subject of Section II The first two sections together outline the broad parameters facing the economy and individual managers as they struggle to improve service productivity in an increasingly competitive international market The specific steps to be taken are addressed in Section III Section IV presents an operations management perspective on the productivity problem Section V presents the problems and opportunities that exist in productivity improvement in market services i e those industries where some degree of competition and market pricing exists Finally non market services a vital part of all developed economies are discussed in Section VI The Service Productivity and Quality Challenge presents the state of the art thinking on the service productivity challenge from a variety of disciplines Rather than a cursory view of each discipline s perspective the papers go into detail on each subject or industry Taken as a whole they provide a panoramic view of the problem and its potential solutions **Shipping and Ports in the Twenty-first Century** David Pinder,Brian Slack,2004-05-20 The rapid change of pace in the global economy and the importance of understanding the roles played by port and shipping systems in both enabling and responding to this economic dynamism provides the rationale for this new book **Landside Access to U.S. Ports** ,1993 TRB Special Report 238 Landside Access to U S Ports examines the nature of port access problems and appropriate strategies for responding to them The report covers four broad subject areas that influence landside transportation access to ports physical impediments land use policies regulatory constraints and institutional issues **Intermodal transportation** ,2013 *An Analysis of Intermodel Railroad-truck Freight Transportation Facilities and Services in Minnesota* Donald Victor Harper,Philip T. Evers,1991 Logistics Management and U.S.-Mexico Transportation Systems ,1994 *U.S.-Mexico Trade and Transportation* ,1995 Transportation Journal ,2001 *Proceedings of the Transportation Research Forum* Transportation Research Forum,1993 *Railway Track and Structures* ,1997 **Defense Management Journal** ,1973
