M. Lynn-Jones, Steven E. Miller**

## **Internal Factors In Russian Foreign Policy:**

**Internal Factors in Russian Foreign Policy** Neil Malcolm, 1996 After the turmoil following the collapse of Soviet power post Communist Russia has emerged as an assertively independent force in international affairs Meanwhile an intense debate has been underway in Moscow about Russia's national interests and foreign policy priorities Domestic political conflicts and the close ties with former Soviet partner states have made internal factors particularly important in shaping Russian foreign policy **Internal Factors in Russian Foreign Policy** is the first systematic analysis of the domestic political forces which condition the international behaviour of the new Russian state Four leading specialists examine in turn the areas of foreign policy thinking and debate how policy is made the public politics of foreign policy and the role of the military They explore the changing domestic alignments associated with recent shifts in Russian foreign policy focusing on the roles played by institutions such as the Security Council and the legislature by military groupings and by emerging economic interests The authors throw new light on the domestic foundations of Moscow's more assertive and self-reliant stance

**Internal Factors in Russian Foreign Policy** Neil Malcolm, 2023 Russia has emerged as a new and independent force in world politics in Europe and Asia and especially in the other former Soviet states This book provides a systematic analysis of the domestic political military and economic influences that shape Russia's international behaviour

**Realignments in Russian Foreign Policy** Rick Fawn, 2004-11-23 This collection provides international perspectives on the evolution of Russia's foreign relations and analyses official Russian responses to major regional and international developments including NATO and EU enlargement and the post September 11 international war on terrorism **Internal Factors in Russian Foreign Policy** Roy Allison, Alex Pravda, Sir Neill Malcolm, Margot Light, 1996 **Russian Foreign Policy and International Relations Theory** Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature **Russian-Belarusian Integration** Alex Danilovich, 2018-02-06 Russian domestic politics has long been both labyrinthine and pragmatic at once both inordinately complex and breathtakingly dynamic The same can be said of Russia's foreign policy in particular in relations with former Soviet republics Any study of Russian foreign policy comes back to the intriguing question of why Russia long perceived as an inveterate imperial power would refuse to take back a handsome portion of its former empire a portion that offers a bridge to Europe and an advantageous geostrategic position Despite formal declarations Russia has made little progress in achieving union with its ex Soviet neighbour Belarus Linking Russia's foreign policy to its domestic politics Alex Danilovich clarifies this paradox and explains why specific attempts to reunify Russia and Belarus failed contrary to the desires of significant forces on both sides and to certain theory based expectations *Primacy and Its Discontents* Michael E. Brown, Owen R. Cote, Sean

M. Lynn-Jones, Steven E. Miller, 2009-01-30 Experts consider whether American primacy will endure or if the future holds a multipolar world of several great powers The unprecedented military economic and political power of the United States has led some observers to declare that we live in a unipolar world in which America enjoys primacy or even hegemony At the same time public opinion polls abroad reveal high levels of anti Americanism and many foreign governments criticize U S policies Primacy and Its Discontents explores the sources of American primacy including the uses of U S military power and the likely duration of unipolarity It offers theoretical arguments for why the rest of the world will or will not align against the United States Several chapters argue that the United States is not immune to the long standing tendency of states to balance against power while others contend that wise U S policies the growing role of international institutions and the spread of liberal democracy can limit anti American balancing The final chapters debate whether countries are already engaging in soft balancing against the United States The contributors offer alternative prescriptions for U S foreign policy ranging from vigorous efforts to maintain American primacy to acceptance of a multipolar world of several great powers Contributors Gerard Alexander Stephen Brooks John G Ikenberry Christopher Layne Keir Lieber John Owen IV Robert Pape T V Paul Barry Posen Kenneth Waltz William Wohlforth     Russia after the Cold War Mike Bowker, 2014-06-17 In Russia after the Cold War the editors provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman     *Civil-military Relations After the Nation-state* Glen Segell, 2000     Religious Appeals in Power Politics Peter S. Henne, 2023-10-15 Religious Appeals in Power Politics examines how states use or attempt to use confessional appeals to religious belief and conscience to advance political strategies and objectives Through case studies of the United States Saudi Arabia and Russia Peter S Henne demonstrates that religion although not as high profile or well funded a tool as economic sanctions or threats of military force remains a potent weapon in international relations Public policy analysis often minimizes the role of religion favoring military or economic matters as the important arenas of policy debate As Henne shows however at transformative moments in political history states turn to faith based appeals to integrate or fragment international coalitions Henne highlights Saudi Arabia s 1960s rivalry with Egypt the United States s post 9 11 leadership in the global war on terrorism and the Russian Federation s contemporary expansionism both to reveal the presence and power of calls for religious unity and to emphasize the uncertainty and anxiety such appeals can create

Religious Appeals in Power Politics offers a bold corrective to those who consider religion as tangential to military or economic might

History of International Relations and Russian Foreign Policy in the 20th Century (Volume II) Boris F. Martyn, Anatoly V. Torkunov, William C. Wohlforth, 2020-01-08 This second volume focusing on 1945-1991 unpacks the reasons for the Cold War and takes the reader through its ebbs, flows and unexpected end. How did the allies of World War II become enemies? The authors argue that the Cold War controversy could have been avoided or at least mitigated had the sides been guided by healthy pragmatism instead of ideology and megalomania. Contradictory relations between the superpowers, regional wars and conflicts and the scramble to escape a nuclear Holocaust all of this reads sometimes as a good detective story. Perestroika and Glasnost useful as they might be, came too late to radically improve the poisonous atmosphere of enmity in East-West relations. The end of the Cold War did not mean the end of rivalry. Good will in this case did not guarantee good outcomes. As civilizational, cultural, personal and religious contradictions begin to replace economic and social divides, we need to be fully aware of our past if we are to do our best to resolve these issues.

*Turkmenistan's Foreign Policy* Luca Anceschi, 2008-07-25 Turkmenistan, an independent nation since 1991, is a strategically important Central Asian state. This book covers the most significant period of the establishment of the Turkmen political regime. At the core of this book is the Doctrine of Positive Neutrality which from 1995 onwards constituted the theoretical backbone for the foreign policy of post-Soviet Turkmenistan. The author analyses the reason and aim of the concept, its significance for and impact on the country's domestic and foreign relations, its practical implementation and its transformation into a tool of strengthening of absolute personal authority. Furthermore, he establishes whether Positive Neutrality has to be seen as a domestic-oriented foreign policy which has been used by the Turkmen regime to reinforce its internal position. This is the first book-length and thorough analysis of Turkmenistan's foreign policy. It furthers our understanding of Turkmenistan and provides an informed background for the study of its foreign policy. It fills a void in the current literature and it will constitute an essential reference for most scholars and researchers focusing on contemporary Central Asia.

Russian foreign policy: Foreign Policy, International Relations and Comparative Politics

*Challenging America's Global Preeminence* Thomas Ambrosio, 2017-07-05 Examining the shifts in Russian foreign policy and their potential impact on the status and influence of the United States in the international system, this outstanding volume examines why the Kremlin initially sought an alliance with the United States and the internal and external reasons why such a policy was unsustainable. In particular, it looks for an explanation for the post-Cold War vacillations in Russian foreign policy. Russia made several decisions which were perceived domestically as being unacceptable capitulations to American interests. Consequently, a pro-Western foreign policy became incompatible with Russian political culture. The rapprochement following 9/11 was destined to be temporary due to the decision by the Bush administration to invade Iraq. Contributing to the fields of international relations and comparative foreign policy, this study provides a fresh approach to the balance-of-power issue and takes into account the global

repercussions of the recent war in Iraq It will be of particular value to specialists in Russian foreign policy international relations theory and US foreign policy

**Russia's Foreign Policy** D. Cadier, M. Light, 2015-06-30 This edited volume analyses the evolution and main determinants of Russia's foreign policy choices Containing contributions by renowned specialists on the topic the study sheds light on some of the new trends that have characterised Russia's foreign policy since the beginning of Vladimir Putin's third presidential term

**Role Theory and Russian Foreign Policy** Damian Strycharz, 2022-04-27 Despite the increased interest in Russia and its international behaviour current analyses leave much unexplained Damian Strycharz fills this gap in the literature by analysing leaders' perceptions and the interactions between internal and external factors shaping foreign policy decisions Challenging existing interpretations of Russian foreign policy and advancing our understanding on how role dynamics occur in non democracies Strycharz examines Russia's reactions to the 2003-4 colour revolutions in Georgia and Ukraine the Five Day War in Georgia and the Euromaidan Revolution He argues that divergent reactions to these upheavals result from a profound change in the leadership perceptions of Russia's international responsibilities Consequently a shift in the understanding of Russia's international duties and departure from the Western partner role resulted in more assertive foreign policy behaviour exemplified by the intervention in Georgia and the annexation of Crimea The book demonstrates that processes of foreign policy formation in Russia are more complex and include more actors than commonly assumed Role Theory and Russian Foreign Policy is an ideal resource for scholars and researchers of international relations foreign policy and post Soviet politics

**The Russian State and Russian Energy Companies, 1992-2018** Ingerid M. Opdahl, 2020-06-09 The Russian State and Russian Energy Companies analyses the development of relations between the state and five major energy companies and how this shaped Russia's foreign policy in the post Soviet region The book argues that the development of Russia's political economy mattered for foreign policy over the quarter of a century from 1992 to 2018 Energy companies' roles in institutional development enabled them to influence foreign policy formation and they became available as tools to implement foreign policy The extent to which it happened for each company varied with their accessibility to the Russian state Institutional development increased state capacity in a way that strengthened Russia's political regime The book shows how the combined power of several companies in the gas oil electricity and nuclear energy industry was a key feature of Russian foreign policy both in bilateral relationships and in support of Russia's regional position In this way Russia's energy resources were converted to regional influence The book contributes to our understanding of Russia's political economy and its influence on foreign policy and of the formation of policy towards post Soviet states

**The Foreign Policy of Russia** Robert H. Donaldson, Vidya Nadkarni, 2023-10-26 This text traces the lineage and development of Russian foreign policy with the insight that comes from a historical perspective Now fully updated the seventh edition incorporates new coverage of issues including relations with the major powers and with other post communist states with an emphasis on tensions with the United States and engagement with Ukraine Crimea

and Syria International security issues including arms control sanctions and intervention continue to grow in importance Domestic and regional issues related to natural resource politics human rights Islamism and terrorism also persist Chronologically organized chapters highlight the continuities of Russia's behavior in the world since tsarist times as well as the major sources of change and variability over the revolutionary period wartime alliances and Cold War détente the Soviet collapse and the first post communist decades The basic framework used in the book is a modified realism that stresses the balance of power and the importance of national interest and it identifies several factors both internal and external that condition Russian policy The interpretations are original and based on a mix of primary and secondary sources New to the Seventh Edition A new concluding chapter Russia Openly Confronts the Collective West Thoroughly updated coverage of Russia's bilateral relations with the United States and countries in Europe Asia Africa and Latin America Expanded discussion of Moscow's efforts to control the flow of information at home and abroad as it employs Russia's soft power assets Russian American relations especially with respect to continuing interference in the U.S. elections and to U.S. foreign policy concerns in the Far East Iran and Syria The full unfolding of the Ukraine crisis culminating in Russia's invasion of Ukraine Vladimir Putin's escalated claims of the superiority of Russian cultural values and more openly imperialistic ambitions Expanded coverage of Russia's relations with China and India now in a separate chapter on this strategic triangle Greater attention to the impact of climate change on Russian foreign policy including its heightened activity in the Arctic Significant new developments in the Middle East including the collapse of the nuclear deal with Iran the expanded Russian role in the Syrian civil war and the growing complexity in Russian Turkish relations

*Russia* Neil Robinson, 2003-09-02 This invaluable text traces Russia's complex historical development in the last century its recent political troubles and economic misfortunes and its place in the contemporary international system

**Current Debates in International Relations & Law** Övgü Kalkan Küçüksolak, 2018 In this collection of CUDES 2017 wide spectrum of topics that occupy primary place in the current debates of International Relations and Law were addressed by the papers presented at the Current Debates in Social Sciences Conference which was held in Istanbul on December 14-16 2017 The purpose of this conference was to provide a forum for scholars researchers and students to foster discussion and expand understanding on the current themes of Social Sciences In parallel to changing and multiplying dynamics of world politics papers reflect diversity of issues in International Relations and Law including the impacts of the Syrian Refugee Crisis on EU Turkey relations lone wolf terrorism energy security Russia's domestic factors in its foreign policy foreign policy of Iran and Russia in the Middle East Mirziyoyev's first year in presidency Turkish foreign aid under the Justice and Development Party the place of civil aviation in Turkish foreign policy as a soft power instrument the Kosovo intervention in the context of UN's human security discourse UN and gender issues mediation in international law and Turkey the development of good corporate governance in Turkey Ombudsman institution in Turkey the status of surviving spouse in terms of law of succession and the regime of participation

in acquired property in Turkey legitimacy of censorship in the West from the perspective of human rights intellectual property protection for plant innovation legal framework of autonomy in modern liberal eugenics the impact of the new technologies on the law      *Condemned to Repetition?* Andrew Bennett, 1999 Why did the Soviet Union use less force to preserve the Soviet empire from 1989 to 1991 than it had used in distant and impoverished Angola in 1975 This book fills a key gap in international relations theories by examining how actors preferences and causal conceptions change as they learn from their experiences Andrew Bennett draws on interviews and declassified Politburo documents as well as numerous public statements to establish the views of Soviet and Russian officials He argues that Soviet leaders drew lessons from their apparent successes in Vietnam and elsewhere in the 1970s that made them more interventionist Then as casualties in Afghanistan mounted in the 1980s Soviet leaders learned different lessons that led them to withdraw from regional conflicts and even to abstain from the use of force as the Soviet empire dissolved The loss of this empire led to exaggerated fears of domino effects within Russia and a resurgence of interventionist views culminating in the Russian invasion of Chechnya in 1994 Throughout this process Soviet and Russian leaders and policy experts were divided into competing schools of thought as much by the information to which they were exposed as by their apparent material interests This helps explain how Gorbachev and other new thinkers were able to prevail over the powerful military party industrial complex that had dominated Soviet politics since Stalin's time

### **Internal Factors In Russian Foreign Policy Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Internal Factors In Russian Foreign Policy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Internal Factors In Russian Foreign Policy has opened up a world of possibilities. Downloading Internal Factors In Russian Foreign Policy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Internal Factors In Russian Foreign Policy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Internal Factors In Russian Foreign Policy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Internal Factors In Russian Foreign Policy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Internal Factors In Russian Foreign Policy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Internal Factors In Russian Foreign Policy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical

downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Internal Factors In Russian Foreign Policy Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Internal Factors In Russian Foreign Policy is one of the best book in our library for free trial. We provide copy of Internal Factors In Russian Foreign Policy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Internal Factors In Russian Foreign Policy. Where to download Internal Factors In Russian Foreign Policy online for free? Are you looking for Internal Factors In Russian Foreign Policy PDF? This is definitely going to save you time and cash in something you should think about.
