**Mustard Seeds** Dariush Afshar, The book presents a complex narrative blending science fiction ancient mythology and spiritual conflict on a cosmic scale The story begins with a scientist named Siamak working at the Grand Radio Eye which typically receives only static and celestial noise One day a sharp jagged interference pierces the quiet followed by rhythmic blips that grow louder and faster Alarms sound indicating an Anomaly detected The frequencies weave into deliberate patterns suggesting intelligence either alien or human Siamak and his team furiously work to decode the transmission What emerges is Sumerian script intertwined with mathematical sequences This ancient language believed extinct whispers through the radio waves revealing a message from someone who knew Earth's forgotten history Driven by the discovery Siamak leaves the lab feeling dread and distrust having hidden copies of the data While driving on Route 33 he is involved in a violent car crash Surviving the initial impact he staggers out of his crumpled car into the unnaturally still night His cell phone fails to connect leaving him isolated As he explores the darkness a low growl echoes from the earth He freezes feeling the primal fear of being hunted A massive shifting form emerges from a hillside a creature unlike anything he has seen defying reality Described as wolf like but ethereal composed of smoke and shadow with glowing eyes fixed on him The creature attacks crumpling his car like paper Siamak is thrown to the ground and left broken and lifeless The rhythmic blips of the signal continue synchronized with the wolf's movements hinting at a connection The creature dissolves into the night leaving no trace This wolf demon is later identified as Sarasabagon a name from forgotten Persian myths embodying ancient magic manipulated by dark forces Its origins are tied to Ziggurat ruins Siamak's colleagues including Givmartha and Hushang continue investigating the signal at the VLA Very Large Array for six grueling months They find the signal undeniably deliberate but defying comprehension Through analysis they confirm the message is encoded in a rudimentary form of Sumerian spoken widely around 5 700 years ago and believed obsolete by 2000 BCE Hushang undertakes the intricate task of translating fragments into English Givmartha is frustrated that

Županov, 2005 A provocative contribution to the history of early modern Euro Asian interactions that provides new perspectives on the encounter between Catholicism and Hinduism in India *Florida Studies* Claudia Slate, 2009-03-26

Florida was the first region of the United States to be discovered explored and after a fashion settled by Euroamericans Its population in the early 21st century is approaching 17 million Within years the number of people living in the state will surpass those living in New York and the Sunshine State will become the most populous area east of the Mississippi The first book in English about Florida was written by Jean Ribault A French adventurer Ribault established a colony of Huguenots near present day Jacksonville He was captured by the very able Spanish commander Pedro Menendez who ordered his French rival and all his minions killed The state s long and colorful past is matched by its equally long and colorful literary production Strangely critical assessment of Florida literature has lagged far behind With this volume the Florida College English Association has formally begun an effort to correct this lamentable oversight Included are papers on every aspect of Florida literature and history by scholars from every part of the state who are employed in every kind of institution of higher learning Of special interest are the studies of Florida literature in the 19th century and in the late 20th and early 21st centuries areas that are generally ignored in national journals The papers on the contributions of African American literary figures such as Zora Hurston and James Weldon Johnson are noteworthy Of particular interest are the suggestions for

teaching Florida studies in the classroom which can be adapted for high school as well as college students

Images of the Immortal Paul R. Katz, 2000-01-01 The Palace of Eternal Joy Yongle gong is a mammoth cult site dedicated to one of late imperial China's most popular deities Lu Dongbin In one of the first book length studies of a Chinese sacred site Paul Katz focuses on the Palace's role in the development of Lu's legend This highly innovative approach takes into account the various histories of the Palace presented in different texts and surpasses previous scholarship by stressing the ways in which the site both reflected and produced cultural diversity Katz breaks new ground by analyzing the texts in terms of the textuality the processes by which they were produced transmitted and understood The study begins with a detailed description of the Palace of Eternal Joy and a brief account of its history The reader is then introduced to the cult of Lu Dongbin Special consideration is given to various hagiographical traditions particularly those that influenced the growth of his cult at Yongle Throughout late imperial China a growing number of worshipers among them scholar officials Taoist priests artisans and dramatists created an ever burgeoning variety of images of Lu ranging from a patron god of ink makers and prostitutes to a member of that powerful yet rambunctious group of spirits known as the Eight Immortals In this context the author explores the Perfect Realization Taoist movement's adoption of Lu's cult during the Jin and Yuan dynasties and highlights the social and religious factors that led to Lu's immense popularity in north China during the late imperial era Katz next looks at the four types of inscriptions found at the Palace commemorative official hagiographical and poetic and identifies the Palace patrons who worshiped there and contributed to its growth In the description and analysis of the Palace murals that follow he divides these works into two types those painted to provide a setting for and even an object of Taoist rituals performed at the Palace and those used to instruct Perfect Realization Taoists and perhaps pilgrims The final section traces the reception of the Palace texts among the people of Yongle and its environs Here Katz examines the ways in which patrons tried to impose their representations of the Palace's history and the cult of Lu Dongbin on other members of the community and assesses the extent to which these efforts succeeded Images of the Immortal is richly informed by a wide reading in social cultural and literary theory as well as a thorough awareness of previous work in comparative and Chinese religion Scholars of Taoism Chinese popular religion and art history will find it especially rewarding for its thought provoking reinterpretation of an important religious figure and his cult

Perspectives on Initiation René Guénon, 2004-05 The present volume first published at the close of World War II and based on a series of articles on initiation originally written between 1932 and 1938 for *Le Voile d'Isis* later renamed *Études Traditionnelles* is unique in giving a comprehensive account both of the conditions of initiation and of the characteristics of organizations qualified to transmit it Guénon's distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and

mystical spirituality are one and the same The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path This last point precisely defines the rift between Gu non and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Gu non s criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one Whoever follows Gu non s argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles But pre eminently Perspectives on Initiation provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo initiatic and countert initiatic spiritualities in these profoundly uncertain times
