Pensions Sinéad Agnew, Paul S Davies, Charles Mitchell, 2020-08-20 State pensions are the largest item in the UK social security budget costing 96.7 billion in 2017/18 In the same year 45.6 million people were members of UK occupational pension schemes out of a total population of 66.4 million and the total amount saved into workplace schemes in 2018 was 90.4 billion A consequence of the pensions sector's large size has been that pensions law and social security law have become increasingly specialised areas of practice Yet despite their social and economic importance and the fascinating legal issues they generate pensions have not been the subject of sustained academic attention This book starts to fill this gap by initiating a dialogue between practitioners and scholars working on pensions law and policy groups who have much to learn from one another This title is included in Bloomsbury Professional's Pensions Law online service

A Practical Guide to End of Life Care Clair Sadler, 2015-09-16 Are you involved in caring for people at the end of their life Do you have a role in supporting the families of those who are dying or is this an area of your work you find personally difficult This book is an accessible guide for all those working in health or social care and caring for people at the end of their lives This will include people in roles such as healthcare assistant hospice worker volunteer nurse or other carers Written by experts with extensive experience in delivering high quality end of life care this book is full of real life examples reflection exercises and case studies It also includes insights into what can help make a good death and how to help support families at the end of life The easy to read chapters emphasise treating people who are dying with dignity using a person centred approach The book supports the delivery of quality care by recognising physical and non physical symptoms and thinking about various emotional and physical needs people might have It is also important that care givers look after themselves and advice is given on how best to do this An essential purchase for anyone looking for guidance or support in this area and suitable for those working in the community care homes hospices hospitals or other settings where people are cared for With a Foreword from Dr Ros Taylor MBE National Director for Hospice Care Hospice UK The book strikes a balance between the factual and the personal and gives the reader detailed information and time to think through reflection exercises Deborah Preshaw doctoral nursing student Queens University Belfast UK This is a beautifully presented learning tool to support the delivery of end of life care I particularly like the signposts which reinforce the intention of the book to enable carers to apply what they read to their role

in practice Liz Bryan Director of Education and Training St Christopher s Hospice UK This book is a very welcome addition to the literature on end of life care as it does exactly what it says it is a practical guide I highly recommend this book Mick Coughlan Programme Leader The Royal Marsden School UK I feel this book would be very useful for those new to palliative care as well as those studying the subject Relating theory to practice is always powerful and for new nurses and other healthcare professionals this provides context and meaning Clodagh Sowton Director of Patient Services Phyllis Tuckwell Hospice Care UK This is a welcome book to the field of end of life care This practical guide is accessible and is an excellent bridge between the Lay Person and those health care professionals caring for the individual as they approach the end of life I will be directing students of healthcare towards this impressive insightful book Robert Murphy Senior Lecturer Adult Nursing London South Bank University UK The material covered is very helpful and the range of authors has been well selected from individuals who are active in clinical practice The book is practical and clear and Clair deserves high praise for the contribution it will make to clinicians seeking to improve their palliative care knowledge and skills Professor Max Watson Medical Director Northern Ireland Hospice Visiting Professor University of Ulster UK Handbook of Palliative Care Richard Kitchen,Christina Faull,Sarah Russell,Jo Wilson,2024-05-08 Handbook of palliative care Comprehensive resource utilising up to date evidence and guidelines to support non specialists in palliative care in both hospital and community settings Building on the success of previous editions this new edition of the award winning handbook has a practical focus and provides the user with an approach to clinical challenges while also providing enough information to explain why this approach is suggested The 4th edition of Handbook of Palliative Care supports non specialists in palliative care in both hospital and community settings and focuses on holistic care and therapeutic interventions With several new chapters and content significantly updated to reflect new evidence and practice the 4th edition also presents up to date evidence guidance in a succinct format and utilises flow charts and figures to enhance the accessibility of information Written by four highly accomplished nursing and medical authors with over 100 years experience between them in hospital hospice care home and community settings Handbook of Palliative Care provides Guidance from clinicians who are experts in their field An acknowledgment of the requirements of healthcare professionals attending to patients with palliative care needs along with a dedicated chapter addressing this topic Contemporary guidance on medicine management symptom control and managing complications of cancer Palliative care in heart failure renal disease and advanced liver neurological and respiratory diseases An in depth look at patient and public involvement in palliative care and inequity Skill development including communication ethical considerations and spiritual care New chapters including frailty dementia and multi morbidity and palliative care for people living with mental illness and people with intellectual disabilities This 4th edition of Handbook of Palliative Care is an ideal supporting resource for doctors nurses and other healthcare professionals caring for patients with palliative care needs in the UK and beyond The 1st edition was the winner of the 1999 BMA Medical Book of the Year Prize **Fundamental**

Aspects of Palliative Care Nursing 2nd Edition Robert Becker, 2016-06-13 This new and expanded edition is aimed directly at the learning needs of student nurses and is unique in that context. Whilst there are many high quality books available for academic study in palliative care, this is currently the only one that balances a strong educational focus for developing nursing practice with an understanding of the particular needs of student nurses. The text maintains a sensitive and supportive approach to the key themes of palliative care nursing but contains important new material of a wide range of initiatives that are impacting on end of life care across the UK. It will provide the reader with a concise, easy to read and learning oriented text that will give advice and direction to the many challenges faced in this most important area of patient care. Each chapter examines a key component of care and new features include Learning outcomes at the start of each chapter to guide the reader. Clinical anecdotes to illustrate the reality and complexity of practice. Extensive use of recognisable symbols to guide the reader and improve the usability of the text. Competency assessment to help gauge knowledge and progress. Reflective points to aid professional development. Reflective activities to enable the student to reinforce learning from practice. Links to appropriate clauses of the current 2008 NMC Code of Professional Conduct. Quality internet resources relevant to chapter content. Self assessment multiple choice tests at the end of each chapter to consolidate learning. An extensive palliative care quiz covering the main topic areas of the book to test knowledge. This can be used as evidence with professional portfolios.

Handbook of Communication in Oncology and Palliative Care David Kissane, 2011-03-31 Communication is a core skill for medical professionals when treating patients and cancer and palliative care present some of the most challenging clinical situations. This book provides a comprehensive curriculum to help oncology specialists optimize their communication skills.

Managing Long-term Conditions and Chronic Illness in Primary Care Judith Carrier, 2009-03-04 Effective management of long term conditions is an important aspect of contemporary nursing policy and practice. Systematic and evidence based care which takes account of the expert patient and reduces unnecessary hospital admissions is vital to support those with long term conditions, chronic diseases and those who care for them. This book draws together the key issues in managing long term conditions and provides a practical and accessible guide for nurses and allied health professionals in the primary care environment. It covers background context and policy in the UK and further afield as well as practical guidance for all key aspects of long term condition management including the physical and psychosocial impact of long term conditions, effective case management, self management and the expert patient, behavioural change strategies and motivational counselling, nutritional and medication management. Packed with helpful, clearly written information, *Managing Long term Conditions and Chronic Illness in Primary Care* includes two chapters of case studies as well as key fact boxes and pointers for practice throughout. It is suitable for pre registration students undertaking community placements and post registration students studying long term condition/chronic disease management.

Oxford Handbook of Primary Care and Community Nursing Judy Brook, Caroline McGraw, Val Thurtell, 2021 This

Handbook provides easily accessible contemporary and evidence based material to act a reference or first point of enquiry for practitioners working in the diverse areas of primary and community care **Fundamentals of Care** Ian
