Beckman, 2007-06-16 Although the morphology and lexicon of Hebrew are reasonably well understood its syntax has long been a neglected area of study Syntax the relationship of words to one another forms together with morphology the material of grammar Its relative importance varies according to the language considered This is particularly true of word order for when an inflected

language loses its case endings word order assumes many of the functions of the former cases This outline by Professor Williams re emphasizes the significance of word order in Hebrew Developed over fifteen years in a formal course on Hebrew syntax at the University of Toronto it treats the syntax of the noun the verb particles and clauses with a selection of illustrative examples Its contents are based on classical Hebrew prose but some account is also taken of the deviations in later prose and poetry In this new edition English translations have been provided for all Hebrew phrases and sentences and the bibliography has been expanded

Taylor, 2016-07-27 An appreciation for the rich diversity of literary genres in Scripture is one of the positive features of evangelical scholarship in recent decades David M Howard Jr series editor At one time Old Testament apocalyptic literature was relegated to the more obscure reaches of biblical scholarship acceptable to occasionally refer to but too thorny to delve into deeply However in recent decades it has moved to the forefront of research The rich veins of insight to be mined in the book of Daniel and other apocalyptic texts are being rediscovered Richard A Taylor has crafted a handbook to explore those riches and uncover a way to understand apocalyptic literature more fully Taylor begins with a helpful introduction to the genre surveys the purpose message and primary themes of Old Testament apocalyptic literature and then discusses critical questions and key works for further study He also provides guidelines for interpreting apocalyptic texts followed by Old Testament passages that serve to illustrate those guidelines While primarily written for pastors and graduate students *Interpreting Apocalyptic Literature* is nonetheless accessible to those who simply want to study the texts more deeply than previously possible **A Workbook for Intermediate Hebrew** Robert B. Murphy, 2019-02-04 Who is the biblical Gideon A mighty warrior or a fearful son Hesitant soldier clever tactician commanding father ruthless killer idolater or illegitimate king Gideon has long challenged readers of the book of Judges How did so many conflicting portraits become inscribed in our biblical text and its reception What might these portraits tell us about the authors editors and interpreters of Gideon's story especially their expectations for men *Rewriting Masculinity* interweaves redaction criticism reception history and masculinity studies to explore how Gideon's image changes from a mighty warrior to a weakling from a successful leader to a man who led Israel astray Kelly J Murphy first considers the ways that older traditions about Gideon were rewritten throughout ancient Israel's history sometimes in order to align the story of Gideon with new ideas about what it meant to act like a man At other times she shows that the story of Gideon was used to explain why older standards of masculinity no longer worked in new contexts Murphy then traces how some later interpreters from the ancient to the contemporary continually rewrote Gideon in light of their own models for men might and masculinity Murphy offers an in depth case study of how a biblical text was continuously updated Emphasizing the importance of reading biblical stories and expansions alongside their later reception she shows that the story of Gideon the mighty warrior is in many ways the story of masculinity in miniature a constantly transforming construct *Journal for the Evangelical Study of the Old Testament*, 7.2 Russell Meek, 2021-09-02 *Journal for the Evangelical Study of the Old Testament* JESOT is a peer reviewed journal devoted to the academic and evangelical study of

Reconsidering the Book of the Four Nicholas R. Werse, 2019-05-20 Although many scholars recognize literary similarities between Hosea Amos Micah and Zephaniah defining the compositional relationship between these texts remains a matter of debate Following the scholarly trajectory of exploring the compositional relationship between the Twelve prophets several scholars argue that these four prophetic texts formed a precursory collection to the Book of the Twelve Yet even among advocates for this Book of the Four there remain differences in defining the form and function of the collection By reexamining the literary parallels between these texts Werse shows how different methodological convictions have led to the diverse composition models in the field today Through careful consideration of emerging insights in the study of deuteronism and scribalism Werse provides an innovative composition model explaining how these four texts came to function as a collection in the wake of the traumatic destruction of Jerusalem This volume explores a historic function of these prophetic voices by examining the editorial process that drew them together [Compendium of the World's Languages](#) George L. Women and Ordination in the Orthodox Church Gabrielle Thomas, Elena Narinskaya, 2020-07-10 Contributing Authors Fr John Behr Dr Spyridoula Athanasopoulou Kypriou Dr Dionysios Skliris Fr Andrew Louth Dr Mary Cunningham Met Kallistos Ware Rev Dr Sarah Hinlicky Wilson Dr Kyriaki Karidoyanes FitzGerald Dr Carrie Frederick Frost Dr Paul Ladouceur Luis Josue Sales This book a collaborative international initiative involving academic theologians and practitioners invites the reader into a conversation about the ordination of women in the Orthodox Church It explores questions relating to the significance of being human Eve s curse sexed bodies the place of Mary the nature of priesthood the role of the deacon and the task of being a priest in the twenty first century The reflections move across three main areas of discussion issues of theological anthropology particular questions pertaining to the priesthood and the diaconate and contemporary practices In each area the implications for ordaining women in the Orthodox Church today are explored The Pragmatics of Perception and Cognition in MT Jeremiah 1:1-6:30 Elizabeth Hayes, 2008-12-10 Recent advances in cognitive linguistics provide new avenues for reading and interpreting Biblical Hebrew prophetic text This volume utilises a multi layered cognitive linguistics approach to explore Jeremiah 1 1 6 30 incorporating insights from cognitive grammar cognitive science and conceptual blending theory While the modern reader is separated from the originators of these texts by time space and culture this analysis rests on the theory that both the originators and the modern reader share common features of embodied experience This opens the way for utilising cognitive models conceptual metaphor and mental spaces theory when reading and interpreting ancient texts This volume provides an introduction to cognitive theory and method Initially short examples from Jeremiah 1 1 6 30 are used to introduce the theory and method This is followed by a detailed comparison of traditional and cognitive approaches to Biblical Hebrew grammar These insights are then applied to further examples taken from Jeremiah 1 1 6 30 in order to test and refine the approach These findings show that Jeremiah 1 1 1 3 establishes perspective for the text as a whole and that subsequent shifts in perspective may be tracked using aspects of mental spaces theory Much of the textual content yields to concepts derived from conceptual metaphor studies and from conceptual blending theory which are introduced and explained using examples taken from Jeremiah 1 1 6 30 The entire analysis demonstrates some of the

strengths and weaknesses of using recent cognitive theories and methods for analysing and interpreting ancient texts While such theories and methods do not obviate the need for traditional interpretive methods they do provide a more nuanced understanding of the ancient text
