The World History Highway: A Guide to Internet Resources

Dennis A. Trinkle, Scott A. Merriman, 2017-07-28 Complete with a CD ROM this specialized edition of The History Highway 3 0 guides users to the incredible amount of information on world history available on the Internet like no other resource It covers thousands of sites and the CD ROM features the entire contents as PDF files with live links so that users can put the disk into their computers go online and click directly to the sites In addition the best sites for researchers of all types are highlighted as Editor s Choice and there is also helpful information about using the Internet and evaluating information in an online environment

A Guide to Military History on the Internet Simon Fowler, 2007-11-13 There are thousands of websites devoted to all aspects of military history from ancient Greece to the modern Gulf This unique book helps you find the ones that will help with your research whether you are checking out a soldier ancestor or an airman or researching a naval campaign It also features sites that are entertaining or controversial Sections cover the British armed services and their long military history but the author also describes in detail websites that focus on American and Canadian forces A Guide to Military History on the Internet is a companion volume to Pen Sword s best selling *Tracing Your Army Ancestors* by the same author

Tracing Your Irish Family History on the Internet, Second Edition Chris Paton, 2019-06-30 A simple easy to use guide to tracing your Irish ancestry via the Internet In this the fully updated second edition of his best selling guide to researching Irish history using the Internet Chris Paton shows the extraordinary variety of sources that can now be accessed

online Although Ireland has lost many records that would have been of great interest to family historians he demonstrates that a great deal of information survived and is now easily available to the researcher Thanks to the pioneering efforts of the Public Record Office of Northern Ireland the National Archives of Ireland organizations such as FindmyPast Ireland Ancestry co uk and RootsIreland and the volunteer genealogical community an ever increasing range of Ireland s historical resources are accessible from afar As well as exploring the various categories of records that the family historian can turn to Chris Paton illustrates their use with fascinating case studies He fully explores the online records available from both the north and the south from the earliest times to the present day Many overseas collections are also included and he looks at social networking in an Irish context where many exciting projects are currently underway Paton s book is an essential introduction and reference for anyone who is keen to trace their Irish roots

Tracing Your Scottish Family History on the Internet

Chris Paton,2020-04-30 From search engines and databases to DNA platforms discover how to easily learn more about your Scottish ancestry online with this helpful guide Scotland is a land with a proud and centuries long history that far predates its membership of Great Britain and the United Kingdom Today in the 21st century it is also a land that has done much to make its historical records accessible to help those with Caledonian ancestry trace their roots back to earlier times and a world long past In Tracing Scottish Family History on the Internet Chris Paton expertly guides the family historian through the many Scottish records offerings available but also cautions the reader that not every record is online providing detailed advice on how to use web based finding aids to locate further material across the country and beyond He also examines social networking and the many DNA platforms that are currently further revolutionizing online Scottish research From the Scottish Government websites offering access to our most important national records to the holdings of local archives libraries family history societies and online vendors Chris Paton takes the reader across Scotland from the Highlands and Islands through the Central Belt and the Lowlands and across the diaspora to explore the various flavors of Scottishness that have bound us together as a nation for so long

Tracing Your Irish Family History on the Internet Chris Paton,2013-10-19

A thorough and informative guide with as many references to websites for Northern Irish genealogy as for the Republic of Ireland Who Do You Think You Are Magazine Ireland has experienced considerably more tragedy when it comes to the preservation of resources for family historians than its close neighbor Britain Many of the nation s primary records were lost during the civil war in 1922 and through other equally tragic means But in this new book Chris Paton the Northern Irish born author of the bestselling Tracing Your Family History on the Internet shows that not only has a great deal of information survived it is also increasingly being made available online Thanks to the pioneering efforts of the Public Record Office of Northern Ireland the National Archives of Ireland organizations such as FindmyPast Ireland Ancestry co uk and RootsIreland and the massive volunteer genealogical community more and more of Ireland s historical resources are accessible from afar As well as exploring the various categories of records that the family historian can turn to Chris Paton illustrates their use

with fascinating case studies He fully explores the online records available from both the north and the south from the earliest times to the present day Many overseas collections are also included and he looks at social networking in an Irish context where many exciting projects are currently underway His book is an essential introduction and source of reference for anyone who is keen to trace their Irish roots Chris Paton has produced this much needed book for researchers tracing Irish roots pulling together all the current online resources and expert advice into one handy guide Family Tree Magazine

Open Learning Guide for Microsoft Internet Explorer 6, 2002 *Tracing Your Family History on the Internet* Chris Paton, 2011-06-13 A genealogist's practical guide to researching family history online while avoiding inaccurate incomplete or misleading information The internet has revolutionized family history research every day new records and resources are placed online and new methods of sharing research and communicating become available Never before has it been so easy to research family history and to gain a better understanding of who we are and where we came from But as British genealogist Chris Paton demonstrates in this straightforward practical guide while the internet is an enormous asset it is also something to be wary of Researchers need to take a cautious approach to the information they acquire on the web Where did the original material come from Has it been accurately reproduced Why was it put online What has been left out and what is still to come As he leads researchers through the multitude of resources that are now accessible online with an emphasis on UK and Ireland sites Chris Paton helps to answer these questions He shows what the internet can and cannot do and he warns against the various traps researchers can fall into along the way

A Guide to Finding Quality Information on the Internet Alison Cooke, 2001 This book addresses the growing problem of how to sort the quality sites from the mass of junk available Uniquely it suggests a system of criteria and guidelines developed through empirical research for selecting and evaluating high quality information resources It also advises on devising checklists and rating schemes for numerically evaluating the quality of information This edition updates the user on the latest developments in Internet based search tools for locating quality information including search engines subject catalogues and directories rating and reviewing services subject based gateway services virtual libraries Information and guidance about the new Resource Discovery Network the potential role and usefulness of metadata in locating quality information and using web citations for retrieving quality material have also been added to this edition Step by step examples have been included on how to evaluate particular types of resources available via the Internet
