Guide To Bishops Registers Of England And Wales

Susan Wabuda

Guide To Bishops Registers Of England And Wales:

Guide to Bishops' Registers of England and Wales David M. Smith, David Michael Smith, 1981 Supplement to the Guide to Bishops' Registers of England and Wales David Michael Smith, 2004 A Guide to the Papers of British Cabinet Ministers 1900-1964 Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 A Guide to the Papers of British Cabinet Ministers 1900-1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers **The Foundations of Medieval English Ecclesiastical History** Philippa M. Hoskin, Christopher Nugent Lawrence Brooke, Richard Barrie Dobson, 2005 Contributions on fundamental aspects of medieval ecclesiastical history demonstrating the importance of primary documents The work of historians in providing new editions of primary documents and other aids to research has tended to go largely unsung yet is crucial to scholarship as providing the very foundations on which further enquiry can be based The essays in this volume conversely celebrate the achievements in this field by a whole generation of medievalists of whom the honoree David Smith is one of the most distinguished They demonstrate the importance of such editions to a proper understanding and elucidation of a number of problems in medieval ecclesiastical history ranging from thirteenth century forgery to diocesan administration from the church courts to the cloisters and from the English parish clergy to the papacy Contributors CHRISTOPHER BROOKE C C WEBB JULIA BARROW NICHOLAS BENNETT JANET BURTON CHARLES FONGE CHRISTOPHER HARPER BILL R H HELMHOLZ PHILIPPA HOSKIN BRIAN KEMP F DONALD LOGAN ALISON MCHARDY **Historian's Guide to Early British Maps** Helen Wallis, Anita McConnell, 1995-04-06 Great Britain and Ireland enjoy a rich cartographic heritage yet historians have not made full use of early maps in their writings and research This is partly due to a lack of information about exactly which maps are available With the publication of this volume from the Royal Historical Society we now have a comprehensive guide to the early maps of Great Britain The book is divided into two parts part one describes the history and purpose of maps in a series of short essays on the early mapping of the British Isles part two comprises a guide to the collections national and regional Now available from Cambridge University Press this volume provides an essential reference tool for anyone requiring to access maps of the British Isles dating back to the medieval period and beyond *The Oxford Companion to Family and Local History* David Hey, 2010-02-25 The Oxford Companion to Family and Local History is the most authoritative guide available to all things associated with the family and local history of the British Isles It provides practical and contextual information for anyone enquiring into their English Irish Scottish or Welsh origins and for anyone working in genealogical research or the social history of the British Isles This fully revised and updated edition contains over 2 000 entries from adoption to World War records Recommended web links for

many entries are accessed and updated via the Family and Local History companion website This edition provides guidance on how to research your family tree using the internet and details the full range of online resources available Newly structured for ease of use thematic articles are followed by the A Z dictionary and detailed appendices which include further reading New articles for this edition are A Guide for Beginners Links between British and American Families Black and Asian Family History and an extended feature on Names With handy research tips a full background to the social history of communities and individuals and an updated appendix listing all national and local record offices with their contact details this is an essential reference work for anyone wanting advice on how to approach genealogical research as well as a fascinating read for anyone interested in the past

Entering a Clerical Career at the Roman Curia, 1458-1471 Kirsi Salonen, Jussi Hanska, 2016-05-06 Building on recent revisionist histories of the quality and ability of the late medieval clergy this is a comprehensive survey of the ordinations of priests at the Roman curia during the pontificates of Pius II 1458 1464 and Paul II 1464 1471 This period has often been presented as one of stasis within the Catholic Church falling between the conciliar movement of the first half of the fifteenth century and the Protestant Reformation and counter reformation of the sixteenth century However the authors argue that this period was one of gradual reform whereby the Church attempted to define and control the quality of the clergy The study analyses archival documentation to reconstruct exactly how young men entered a clerical career and also what influence practices at the curia had on wider clerical ordinations The book concentrates especially on the role of the Apostolic Penitentiary in controlling the quality of priest candidates and on the role of Camera Apostolica in carrying out ecclesiastical ordinations in the papal curia In considering the rules of who could enter the clerical career and also why and how these rules might be circumvented this book sheds new light on the late medieval clergy

Guide to Bishops' Registers of England and Wales David M. Smith, 2004

The Liturgy in Medieval England Richard W. Pfaff, 2009-09-24 This book provides a comprehensive historical treatment of the Latin liturgy in medieval England Richard Pfaff constructs a history of the worship carried out in churches cathedral monastic or parish primarily through the surviving manuscripts of service books and sets this within the context of the wider political ecclesiastical and cultural history of the period The main focus is on the mass and daily office treated both chronologically and by type the liturgies of each religious order and each secular use being studied individually Furthermore hagiographical and historiographical themes respectively which saints are prominent in a given witness and how the labors of scholars over the last century and a half have both furthered and in some cases impeded our understandings are explored throughout The book thus provides both a narrative account and a reference tool of permanent value

Preaching During the English Reformation Susan Wabuda, 2002-11-21 This is a study of the religious culture of sixteenth century England centred around preaching and is concerned with competing forms of evangelism between humanists of the Roman Catholic Church and emerging forms of Protestantism More than any other authority Erasmus refashioned the ideal of the preacher Protestant

reformers adopted preaching Christ as their strategy to promote the doctrine of justification by faith The apostolic traditions of the preaching chantries provided standards that evangelical reformers used to supplant the mendicant friars in England The late medieval cult of the Holy Name of Jesus is explored the pervasive iconography of its symbol IHS became one of the attributes of moderate Protestant belief The book also offers fresh perspectives on fifteenth and sixteenth century figures on every side of the doctrinal divide including John Rotherham John Colet Hugh Latimer and Anne Boleyn **English Archives** Richard Olney,2023-02-15 England is remarkable for the wealth and variety of its archival heritage the records created and preserved by institutions organisations and individuals This is the first book to treat the history of English records creation and record keeping from the perspective of the archives themselves Beginning in the early Middle Ages and ending in modern times it draws on the author s extensive knowledge and experience as both archivist and historian and presents the subject in a very readable and lively way Some archives notably those of government and the Established Church have remarkably continuous histories But all have suffered over time from periods of neglect and decay and some have come to sudden and violent ends Among the destructive episodes discussed in the book are the Viking raids of the Anglo Saxon period the Norman Conquest the Peasants Revolt the dissolution of the monasteries and the bombing raids of the Second World War Archivists and historians have a shared interest in the protection and study of the country s surviving records This book has been written for members of both professions but also for every reader who cares about the preservation of England s past

Studies in the Transmission of Wyclif's Writings Anne Hudson,2023-05-31 Wyclif s ideas caused a major upheaval both in the country of his birth and in the Bohemian area of central Europe that upheaval affected theological ecclesiastical and political developments from the late 14th to the early 16th centuries Some of those ideas were transmitted orally through Wyclif s university teaching in Oxford and in his preaching in London and Lutterworth but the main medium through which his message was disseminated was the written word using the universal western language of Latin The papers in this collection look at aspects of that dissemination from the organization and revision of Wyclif s works to form a summa of his ideas the techniques devised to identify and make accessible his multifarious writings the attempts of the orthodox clerical establishment to destroy them through to the fortunes of his texts in the Reformation period manuscripts written in England and those copied abroad mostly in Bohemia are considered Although most of the papers have been published previously a new edition of the important Hussite catalogue of Wyclif s writings is provided and three lengthy sections contribute new material and additions and corrections to previous listings of Wyclif manuscripts **The Antichrist and the Lollards:**

Apocalypticism in Late Medieval and Reformation England Curtis V. Bostick,2021-10-11 This study examines expectations of imminent judgment that energized reform movements in Late Medieval and Reformation Europe It probes the apocalyptic vision of the Lollards followers of the Oxford professor John Wycliff 1384 The Lollards repudiated the medieval church and established conventicles despite officially sanctioned prosecution While exploring the full spectrum of late medieval

apocalypticism this work focuses on the diverse range of Wycliffite literature political and religious treatises sermons biblical commentaries including trial records to reveal a dynamic strain of apocalyptic discourse It shows that sixteenth century English apocalypticism was fed by vibrant indigenous Wycliffite well springs The rhetoric of Lollard apocalypticism is analyzed and its effect on carriers and audiences is investigated illuminating the rise of evil in church and society as perceived by the Lollards and their radical reform program *England's Mail* Philip Beale,2011-10-21 From Roman times until the twentieth century much of the administration of England was carried out through sending letters In this richly researched and illustrated volume Philip Beale gives an insight into the use of letters at a time when few could write yet the power of the letter was undisputed *Crusades* Benjamin Z. Kedar,Jonathan Phillips,Jonathan Riley-Smith,2016-08-05 Crusades covers seven hundred years from the First Crusade 1095 1102 to the fall of Malta 1798 and draws together scholars working on theatres of war their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology law literature art numismatics and economic social political and military history Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East Particular attention is given to the publication of historical sources in all relevant languages narrative homiletic and documentary in trustworthy editions but studies and interpretative essays are welcomed too Crusades appears in both print and online editions **Church and City, 1000-1500** David Abulafia,Michael J. Franklin,Miri Rubin,2002-07-18 This volume of essays is intended as a tribute to the distinguished medieval historian Christopher Brooke It addresses new questions in areas of medieval history which Professor Brooke has made his own urban life and religious life The fourteen essays explore the coexistence of religious ideas and ecclesiastical institutions with urban practices and townspeople They span five hundred years of the history of western Christendom ranging from Magdeburg to Majorca and from Cambridge to Cluny The essays break new ground in a number of areas in medieval history in economic history the history of ideas and the history of religious institutions The contributors have been attuned throughout to the complex interactions of groups and ideas within urban space The book also contains a bibliography of Christopher Brooke s writings and an appreciation of his work **Piety and Politics in Britain, 14th-15th Centuries** John A.F. Thomson,edited by Graeme Small,2023-04-14 This volume explores a range of topics during a turbulent period in British history with particular emphasis on political change and popular piety On the eve of the Reformation religious beliefs were shaped by a church which was falling under the growing control of the state and by responses to England s one and only heretical movement Lollardy In political life gradual disengagement from a cross Channel political world was followed by civil war and the eventual rise of a strong Tudor monarchy As this volume demonstrates in a number of ways the impact of many of these macro changes was felt across the British Isles not just in England But the studies presented here frequently explore major change through the experience of the middling sort the gentry active in local government the English merchants and Scottish immigrants making important life choices in major cities or the industrious

clerics charged with the routine administration of the church By looking at the case studies of these men in more detail we begin to appreciate that even in this age of great change there were profound continuities which carried through into the sixteenth century Along the way too new light is thrown on the authorship date and redaction of texts which continue to shape our understanding of late medieval British history

The History of Courts and Procedure in Medieval Canon Law Wilfried Hartmann, Kenneth Pennington, 2016-09-09 By the end of the thirteenth century court procedure in continental Europe in secular and ecclesiastical courts shared many characteristics As the academic jurists of the *Ius commune* began to excavate the norms of procedure from Justinian's great codification of law and then to expound them in the classroom and in their writings they shaped the structure of ecclesiastical courts and secular courts as well These essays also illuminate striking differences in the sources that we find in different parts of Europe In northern Europe the archives are rich but do not always provide the details we need to understand a particular case In Italy and Southern France the documentation is more detailed than in other parts of Europe but here too the historical records do not answer every question we might pose to them In Spain detailed documentation is strangely lacking if not altogether absent Iberian conciliar canons and tracts on procedure tell us much about practice in Spanish courts As these essays demonstrate scholars who want to peer into the medieval courtroom must also read letters papal decretals chronicles conciliar canons and consilia to provide a nuanced and complete picture of what happened in medieval trials This volume will give sophisticated guidance to all readers with an interest in European law and courts

Leadership in Medieval English Nunneries Valerie Spear, 2005 Examination of the role of the convent superior in the middle ages underlining the amount of power and responsibility at her command

Texts and the Repression of Medieval Heresy Caterina Bruschi, Peter Biller, 2003 Historiographical survey of inquisition texts from lists of questions to inquisitor's manual studies their role in the suppression of heresy

When people should go to the ebook stores, search instigation by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the books compilations in this website. It will very ease you to see guide **Guide To Bishops Registers Of England And Wales** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections.
