Larry Horowitz Larry Horowitz, Michael J. Miller, Franklin Bowles Galleries, 2002 New York Magazine , 1983-06-27
New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Against the Wind Neal Gabler, 2023-11-21 New York Times Book Review Editors Choice From the author of Catching the Wind comes the second volume of the definitive biography of Ted Kennedy and a history of modern American liberalism Magisterial an intricate astute study of political power brokering comparable to Robert A Caro s profile of Lyndon Johnson in Master of the Senate Publishers Weekly starred review Against the Wind completes Neal Gabler s magisterial biography of Ted Kennedy but it also unfolds the epic tragic story of the fall of liberalism and the destruction of political morality in America With Richard Nixon having stilled the liberal wind that once propelled Kennedy s and his fallen brothers political crusades Ted Kennedy faced a lonely battle As Republicans pressed Reaganite dogmas of individual freedom and responsibility and Democratic centrists fell into line Kennedy was left as the most powerful voice legislating on behalf of those society would neglect or punish the poor the working class and African Americans Gabler shows how the fault lines that cracked open in the wake of the Civil Rights movement and Vietnam were intentionally widened by Kennedy s Republican rivals to create a moral vision of America that stood in direct opposition to once broadly shared commitments to racial justice and economic equality Yet even as he fought this shift Ted Kennedy s personal moral failures in this era the endless rumors of his womanizing and public drunkenness and his bizarre behavior during the events that led to rape accusations against his nephew William Kennedy Smith would be used again and again to weaken his voice and undercut his claims to political morality Tracing Kennedy s life from the wilderness of the Reagan years through the compromises of the Clinton era from his rage against the craven cruelty of George W Bush to his hope that Obama would deliver on a lifetime of effort on behalf of universal health care Gabler unfolds Kennedy s heroic legislative work against the backdrop of a nation grown lost and fractured In this outstanding conclusion to the saga that began with Catching the Wind Neal Gabler offers his inimitable insight into a man who fought to keep liberalism alive when so many were determined to extinguish it Against the Wind sheds new light both on a revered figure in the American Century and on America s current existential crisis **Horowitz**

Subcommittee on Health and Scientific Research,1978 The Kennedy Legacy Vincent Bzdek,2024-06-04 John Robert and Ted Kennedy s individual stories can be seen as essentially one each successive brother striving to fulfill the interrupted promise of the brother before The closing of Ted Kennedy s chapter in America s political and cultural life means that for the first time perhaps the real measure of the Kennedy legacy can finally be taken This is a story of a brotherhood in three acts Act I is John F Kennedy s presidency as seen from Ted s front row seat Act II is Robert Kennedy s five brief years as the family standard bearer including his tenure in the Senate with his brother Ted and the memorable 82 day presidential campaign that redefined the Kennedy legacy Act III is Ted s 40 plus years in the Senate as keeper of the flame How did the brothers pass the torch to each other What have the three brothers left us collectively And who carries the torch forward now The Kennedy Legacy compellingly answers these questions and much more **Quality of Health Care--human Experimentation, 1973: S.2071 S.2072 H.R.7724 Apr. 30 June 28 to 29 July 10 1973** United States. Labor and Public Welfare,1973 *No Excuses* Robert Shrum,2007-06-05 He was named by The Atlantic Monthly as the most sought after strategist in the Democratic party He was targeted by National Review as the Democratic Party s poet goon From his unique perspective Robert Shrum gives us an epic and personal story of the struggle for power in America during the past four decades With wit and humor rare candor and a wealth of detail he vividly recounts the real personalities and real forces that shaped the outcome of the closest and most important elections of our time We are there with Shrum in the back rooms on the planes and in the motorcades with Ted Kennedy Al Gore John Kerry John Edwards and Bill and Hillary Clinton Shrum reveals the manipulations and limitations of old and new forms of political persuasion from the historic and sometimes controversial speeches he wrote to the negative ads he created for national and statewide candidates from prepping presidential nominees for critical debates to the deployment of the new political weapon the Internet He lifts the curtain on decisive moments Did John Kerry and John Edwards actually believe in the Iraq war they voted for What was the real reason the Kerry campaign didn t respond faster to the Swift Boat attacks Why didn t Al Gore let Bill Clinton campaign all out in 2000 How did Clinton get through the first perilous week of the Lewinsky scandal This is a provocative journey through recent history George McGovern s antiwar campaign of 1972 the improbable rise of Jimmy Carter Senate campaigns that made historic breakthroughs and shaped the presidential contests of the future the gifts that made Bill Clinton a great politician and the circumstances and calculations

that kept him from being a great president As strategist adviser and often friend to the leaders he enlisted with Shrum shows them as they are with their strengths and human weaknesses as well as his own Assailed as a populist who pushed the Democratic Party in a phrase he coined to stand for the people not the powerful Shrum argues that unlike Republicans from Reagan on Democrats fall short politically or in office when they trim their convictions and walk away from fundamental issues like universal health coverage This is one of the most fascinating books ever written about the victories and defeats the causes and candidates the flawed heroes that drive the high drama of American politics **Laugh-Makers** Robert A. Stebbins,1990-02-01 Stebbins begins with a history of stand up comedy giving vital background about the industry as it emerged and flourished in the United States and subsequently developed into a popular form of entertainment in Canada He deals with the nature of comic performance in comedy rooms cabarets designed specifically for stand up comedy and examines the career of the comic how people become interested in comedy how they progress as amateurs how they survive on the road and how sometimes they become headliners and later writers for film and television He also discusses the business of comedy booking agents comedy chains such as Yuk Yuk s room managers and the comics themselves as entrepreneurs As the first comprehensive study of a growing phenomenon The Laugh Makers will interest sociologists of humour and sociologists of occupations and will contribute to our understanding of Canadian popular culture
