Las Tierras Flacas. [A Novel.]. Agustín Yáñez y sus cuentos Richard A. Young,1978 *Mexico in Its Novel* John S. Brushwood,2014-06-23 Mexico in Its Novel is a perceptive examination of the Mexican reality as revealed through the nation s novel The author presents the Mexican novel as a cultural phenomenon a manifestation of the impact of history upon the nation an attempt by a people to come to grips with and understand what has happened and is happening to them Written in a clear and graceful style this study examines the life of the novel as a genre against the background of Mexican chronology It begins with a survey of the mid twentieth century novel the Mexican novel which came of age in the period following the 1947 publication of Agust n Y ez s *The Edge of the Storm* During this time the novel resolved some of its most complicated problems and as a result offered a wider and deeper view of reality Having established this circumstance John Brushwood goes back in time to the Conquest and then moves forward to the twentieth century novel Passing from the Colonial Period into the nineteenth century the author recognizes the relationship between Romanticism and the desire for logical social behavior and then views this relationship in the perspective of the Reform an attempt to bring order out of chaos The novel under the D az dictatorship is seen in three different phases and the last D az chapter actually moves into the Revolution itself The novel during the years of fighting is considered along with the first post Revolutionary fiction From that point the developing conflict within Mexican reality itself a conflict between introversion and extroversion nationalism and cosmopolitanism reaches out to seek its solution in the novels of the first chapter **The Lean Lands** Agustín Yáñez,2017-03-08 What was it that flew over with such a terrifying roar Was it as many said the devil or was it that thing a few had heard of a flying machine And those electric lights at Jacob Gallo s farm were they witchcraft or were they science The theme of this harshly powerful novel is the impact of modern technology and ideas on a few isolated tradition bound hamlets in the aftermath of the Mexican Revolution of 1910 The old ways are represented by Epifanio Trujillo the cacique of the region now ailing and losing his grip on things by ancient Madre Matiana the region s midwife healer counselor and oracle by penniless R mulo and his wife Merced Progress is represented by Don Epifanio s bastard son Jacob who acquired money and influence elsewhere during the Revolution and who now against his father s will brings electricity irrigation fertilizers and other modernities to the lean lands together with armed henchmen The conflict between the old and the new builds slowly and inexorably to a violent climax that will long remain in the reader s memory The author has given psychological and historical depth to his story by alternating the

passages of narrative and dialogue with others in which several of the major characters brood on the past the present and the future For instance Matiana now in her eighties touchingly remembers how she was married and widowed before she had reached her seventeenth birthday This dual technique is superbly handled so that people and events have both a vivid actuality and an inner richness of meaning The impact of the narrative is intensified by the twenty one striking illustrations by Alberto Beltr n Ensayos selectos Emmanuel Carballo,2004 **The Mexican Novel Comes of Age** Walter M. Langford,1971 *Cowboys and Caudillos* Tom R. Sullivan,1990 Suggesting that better understanding of conflicts between Anglo and Latin America can come from the study of their contrasting popular fictions the author compares the traditional attachment in Latin America to government by a strong man a caudillo to the diametrically opposed expansionist frontier ideology of the United States the cowboy who makes space safe for Anglo colonization , Actas de las Cortes de Castilla Castile (Kingdom). Cortes,1887 *Agricultura general que trata de la labranza del campo y sus particularidades ...* Gabriel Alonso de Herrera,1777 **Narrativa hispanoamericana, 1816-1981: La generación de 1910-1939** Angel Flores,1981 **Libro de agricultura que es del labrança: y criança: y de muchas otras particularidades y prouechos de las cosas del campo: copilado por Gabriel alonso de herrera. ..** Gabriel Alonso : de Herrera,1546
