K.,2014-04-02 This study was undertaken to assess farmers preferences and willingness to pay WTP for various climate smart interventions in the Indo Gangetic Plain The research outputs will be helpful in integrating farmers choices with government programs in the selected regions The Indo Gangetic Plain IGP was selected because it is highly vulnerable to climate change which may adversely affect the sustainability of the rice wheat production system and the food security of the region Climate smart agriculture CSA can mitigate the negative impacts of climate change and improve the efficiency of the rice wheat based production system CSA requires a complete package of practices to achieve the desired objectives but adoption is largely dependent on farmers preferences and their capacity and WTP To assess farmers choices and their WTP for the potential climate smart technologies and other interventions we used scoring and bidding protocols implemented through focus group meetings in two distinct regions of Eastern and Western IGP We find that laser land leveling LLL crop insurance and weather advisory services were the preferred interventions in Eastern IGP Farmers preferred LLL direct seeding zero tillage irrigation scheduling and crop insurance in Western IGP Through the bidding approach farmers implicitly express their WTP for new technologies that could transform current

agricultural practices into relatively low carbon and more productive farming methods But actual large scale adoption of the preferred climate smart technologies and other interventions would require access to funding as well as capacity building among technology promoters and users   Billboard ,1992-05-30 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends   **Energy Research Abstracts** ,1988   *Billboard* ,1984-12-08 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends   **Billboard** ,1985-08-24 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
