Sylvia McDaniel,2014-05-01 Enjoy this sweet beginning of the Lipstick and Lead western historical series by USA Today Bestselling author Sylvia McDaniel The Journey Begins In 1880 Zenith Texas the McKenzie sisters Meg Annabelle and Ruby find themselves penniless after the death of their father When the bank threatens foreclosure the women realize they need a way to support themselves After being spectacularly fired from their traditional jobs they have no choice but to follow in their father s footsteps bounty hunting **Mademoiselle** ,1980 **Battle of the Cities** Anthony Tucker-Jones,2023-07-30 A concise and vivid history of the urban war on the Eastern Front The Stalingrad battle and the Leningrad siege were just two of the brutal devastating urban conflicts that marked the awful struggle between Germany and the Soviet Union during the Second World War The cities were strategic fixed points in the sweeping advances and retreats of the opposing armies across eastern Europe Yet no one has concentrated on these city battles before or has sought to tell the story of the campaigns through the fighting that took place in and around them That is Anthony Tucker Jones s purpose in this concise and vivid history of the urban war on the Eastern Front Early in the war during the Wehrmacht s crushing offensives of 1941 and 1942 the Red Army was forced out of a series of key cities Moscow was threatened Leningrad surrounded Then after the climactic battle at Stalingrad the Red Army with increasing confidence speed and power drove the Germans from the Soviet and East European capitals they had occupied The final urban battles were fought in Germany s cities culminating in Berlin As he traces the course of the fighting for each city Anthony Tucker Jones looks at the local circumstances the opposing forces the strategic significance and the tactics employed He focuses not only on the destruction and cruelty of such warfare but on the heroism displayed on both sides and on the fate of the civilians who found themselves on the front line *Ostkrieg* Stephen G. Fritz,2011-09-08 On June 22 1941 Germany launched the greatest land assault in history on the Soviet Union an attack that Adolf Hitler deemed crucial to ensure German economic and political survival As the key theater of the war for the Germans the eastern front consumed enormous levels of resources and accounted for 75 percent of all German casualties Despite the significance of this campaign to Germany and to the war as a whole few English language publications of the last thirty five years have addressed these pivotal events In *Ostkrieg* Hitler s War of Extermination in the East Stephen G Fritz bridges the gap in scholarship by incorporating historical research from the last several decades into an accessible comprehensive and coherent narrative His analysis of the Russo German War from a German perspective covers all aspects of the eastern front demonstrating the interrelation of military events economic policy resource exploitation and racial policy that first motivated the invasion This in depth account challenges accepted notions about World War II and promotes greater understanding of a topic that has been neglected by historians *Occupational Outlook Quarterly* ,1970 *Awards ...
