His Last Bow Arthur Conan Doyle, 2025-01-09 There is an east wind coming such a wind as never blew on England yet Arthur Conan Doyle's *His Last Bow* features a selection of Sherlock Holmes stories written at a time of growing tensions in Europe First published as a collection in 1917 against the backdrop of the First World War the volume covers tales that deviate from the pattern of earlier Sherlock adventures which focus on individual culpability and the comfort of a simplistic restoration of order The titular story in this collection was influenced by Doyle's personal experience of the war and in these tales the solutions to seemingly small scale local mysteries uncover crimes concerning national security or even expose the covert evil actions of organizations and powerful dictators This edition contains a new introduction by Trish Ferguson which offers a richly detailed contextual backdrop for understanding the work as an act of war service designed to offer a morale boost to both British troops abroad and readers at home

Heathland Clive Chatters, 2021-03-04 In Clive we have an ever fascinating guide to Britain's heathery districts not only marvelling at the wildlife of such wild places but also celebrating their diverse origins uses and cultural resonances Andrew Byfield Heathlands are so much more than simply purple carpets of heather They are ancient landscapes found throughout Britain that support a complex of inter related species and an immense diversity of habitats They also possess a unique human history defined by the struggle between pastoralism and the competing demands of those who seek exclusive use of the land In this latest addition to the British Wildlife Collection Clive Chatters introduces us to Britain's heathlands and their anatomy He then takes the reader on a geographical heathland tour from the maritime sub arctic of the Shetlands to the mild wetness of the Atlantic coast with an in memoriam nod to those heaths that have been erased from common memory and understanding He concludes with a review of how people have perceived and used heathland wildlife over the ages and sets out a future vision for this iconic landscape its unique habitats and the species that live there Most of our heaths are pale shadows of their former selves However Chatters argues it is not inevitable that the catastrophic losses of the recent past are the destiny of our remaining heaths Should we wish their place in the countryside as an integral part of British culture can be secured
