Last Lunar Baedeker 1st Edition:

The Lost Lunar Baedeker Mina Loy, 1996 There was a time when it was common to couple Mina Loy's name with that of W C Williams or Marianne Moore her advanced contemporaries considered her a literary and artistic genius a descendant of Sappho by way of Emily Dickinson But the public was scandalized by her work and some critics openly scorned it Not only were her Futurist inspired techniques unlike anything most readers had encountered before but her subjects procreation parturition prostitution suicide addiction retardation were considered shocking even by some modernists Mina Loy vanished from the literary scene just as dramatically as she arrived on it and for most of the century her bold experiments have remained a well kept secret But in recent years Loy's work has been discovered by a new generation of poets and critics and has begun to surface in revisionist anthologies What has been needed is a reliable text of the essential Loy poems To assemble The Lost Lunar Baedeker Roger Conover has rescued Loy's poems and prose works from the Dada magazines and other ephemeral publications where they first appeared All of Loy's notorious Futurist and feminist satires are included as are many poems from her Paris and New York periods the complete cycle of Love Songs and several previously unknown texts Detailed notes accompany the text

Modernism, Technology, and the Body Tim Armstrong, 1998-02-28 This book is a study of the relations between the body and its technologies in modernism Tim Armstrong traces the links between modernist literary texts and medical psychological and social theory across a range of writers including Yeats Henry James Eliot Stein and Pound Armstrong shows how modernist texts enact experimental procedures which have their origins in nineteenth century psychophysics biology and bodily reform techniques but within a context in which the body is reconceived and subjected to new modes of production representation and commodification Drawing on a wide range of disciplines Armstrong challenges the received oppositions between technology and literature the instrumental and the aesthetic by demonstrating the leaky boundaries and complex interconnections between these domains This book offers a cultural history of modernism as it negotiated the enduring fact of the human body in a period of rapid technological change

Mina Loy, Twentieth-Century Photography, and Contemporary Women Poets Linda A. Kinnahan, 2017-03-16 In Mina Loy Twentieth Century Photography and Contemporary Women Poets Linda A Kinnahan explores the making of Mina Loy's late modernist poetics in relation to photography's ascendance by the mid twentieth century as a distinctively modern force shaping representation and perception As photography develops over the course of the century as an art form social tool and cultural force Loy's relationship to a range of photographic cultures emerging in the first half of the twentieth century suggests how we might understand not only the intriguing work of this poet but also

the shaping impact of photography and new technologies of vision upon modernist poetics Framing Loy's encounters with photography through intersections of portraiture Surrealism fashion documentary and photojournalism Kinnahan draws correspondences between Loy's late poetry and visual discourses of the body urban poverty and war discerning how a visual rhetoric of gender often underlies these mappings and connections In her final chapter Kinnahan examines two contemporary poets who directly engage the camera's modern impact Kathleen Fraser and Caroline Bergvall to explore the questions posed in their work about the particular relation of the camera the photographic image and the construction of gender in the late twentieth century *A History of Twentieth-Century British Women's Poetry* Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description [The Cambridge History of the American Novel](#) Leonard Cassuto, 2011-03-24 An authoritative and lively account of the development of the genre by leading experts in the field [Stories and Essays of Mina Loy](#) Mina Loy, 2011-08-30 *Stories and Essays of Mina Loy* is the first book length volume of Mina Loy's narrative writings and critical work ever published This volume brings together her short fiction as well as hybrid works that include modernized fairy tales a Socratic dialogue and a ballet Loy's narratives address issues such as abortion and poverty and what she called the sex war is an abiding theme throughout *Stories and Essays of Mina Loy* also contains dramatic works that parody the bravado and misogyny of Futurism and demonstrate Loy's early effective use of absurdist technique *Essays and commentaries on aesthetics historical events and religion* complete this beguiling collection cementing Mina Loy's place as one of the great writers of the twentieth century [Rethinking Lyric Communities](#) Irene Fantappiè, Francesco Giusti, Laura Scuriatti, 2024-10-28 In contemporary Western societies lyric poetry is often considered an elitist or solipsistic literary genre Yet a closer look at its history reveals that lyric has always been intertwined with the politics of community formation from the imagining of national and transnational discursive communities to the use of poetry in episodes of collective action protest and social resistance Poetic forms have circulated between languages and traditions from around the world and across time But how does lyric poetry address or even create communities and of what kinds This volume takes a global perspective to investigate poetic communities in dialogue with recent developments in lyric theory and concepts of community In doing so it explores both the political potentialities and the perils of lyric poetry [Blasphemous Modernism](#) Steve Pinkerton, 2017-03-03 Scholars have long described modernism as heretical or iconoclastic in its assaults on secular traditions of form genre and decorum Yet critics have paid surprisingly little attention to the related category of blasphemy the rhetoric of religious offense and to the specific ways this rhetoric operates in and as literary modernism United by a shared commitment to the word made flesh writers such as James Joyce Mina Loy Richard Bruce Nugent and Djuna Barnes made blasphemy a key component of their modernist practice profaning the very scriptures and sacraments that fueled their art In doing so they belied T S Eliot's verdict that the forces of secularization had rendered blasphemy obsolete in an increasingly godless century a world in which blasphemy is impossible their poems and fictions reveal how forcefully religion

endured as a cultural force after the Death of God More their transgressions spotlight a politics of religion that has seldom engaged the attention of modernist studies Blasphemy respects no division of church and state and neither do the writers who wield it to profane all manner of coercive dogmas including ecclesiastical as well as more worldly ideologies of race class nation empire gender and sexuality The late century example of Salman Rushdie s *The Satanic Verses* affords finally a demonstration of how modernism persists in postwar anglophone literature and of the critical role blasphemy plays in that persistence Blasphemous Modernism thus resonates with the broader cultural and ideological concerns that in recent years have enriched the scope of modernist scholarship

Cold Modernism Jessica Burstein, 2012 Explores a significant but overlooked aspect of early twentieth century modernism one that focuses on surface appearance rather than interiority or psychological depth Looks at the writers Wyndham Lewis and Mina Loy the artists Balthus and Hans Bellmer and the fashion designer Coco Chanel Provided by publisher

First World War Poetry Jon Silkin, 1997-02-01 A selection of poetry written during World War I In the introduction Jon Silkin traces the changing mood of the poets from patriotism through anger and compassion to an active desire for social change The book includes work by Sassoon Owen Blunden Rosenberg Hardy and Lawrence

Women Editing Modernism Jayne Marek, 2014-07-11 For many years young writers experimenting with forms and aesthetics in the early decades of this century small journals known collectively as little magazines were the key to recognition Joyce Stein Eliot Pound Hemingway and scores of other iconoclastic writers now considered central to modernism received little encouragement from the established publishers It was the avant garde magazines many of them headed by women that fostered new talent and found a readership for it Jayne Marek examines the work of seven women editors Harriet Monroe Alice Corbin Henderson Margaret Anderson Jane Heap H D Bryher Winifred Ellerman and Marianne Moore whose varied activities often behind the scenes and in collaboration with other women contributed substantially to the development of modernist literature Through such publications as Poetry The Little Review The Dial and Close Up these women had a profound influence that has been largely overlooked by literary historians Marek devotes a chapter as well to the interactions of these editors with Ezra Pound who depended upon but also derided their literary tastes and accomplishments Pound s opinions have had lasting influence in shaping critical responses to women editors of the early twentieth century In the current reevaluation of modernism this

important book long overdue offers an indispensable introduction to the formative influence of women editors both individually and in their collaborative efforts

Modernist Literature Rachel Potter, 2012-04-02 Introduces students to a wide range of modernist writers and critical debates in modernism studies

Insel Mina Loy, 2014-05-13 He has an evening suit but never an occasion to wear it so he puts it on when he paints his pictures Insel the only novel by the surrealist master Mina Loy is a book like no other about an impossible friendship amid the glamorous artistic bohemia of 1930s Paris German painter Insel is a perpetual sponger and outsider prone to writing elegant notes with messages like Am starving to death except for a miracle three o clock Tuesday afternoon will be the end but somehow writer and art dealer Mrs Jones likes him Together they sit in caf s hatch grand plans and share their artistic aspirations and disappointments And they become friends But as they grow ever closer Mrs Jones begins to realize just how powerful Insel s hold over her is Unpublished during Loy s lifetime Insel which is loosely based on her friendship with the painter Richard Oelze is a supremely surrealist deliberately excessive creation baroque in style yet full of deft comedy and sympathy Now with an alternate ending only recently unearthed in the Loy archives Insel is finally back in print and Loy s extraordinary achievement can be appreciated by a new generation of readers

The Women of Provincetown, 1915-1922 Cheryl Black, 2002 In this work Cheryl Black argues that Provincetown has another largely unacknowledged claim to fame it was one of the first theatre companies in America in which women achieved prominence in every area of operation At a time when women playwrights were rare women directors rarer and women scenic designers unheard of Provincetown s female members excelled in all these functions making significant contributions to the development of modern American drama and theatre In addition to playwright Glaspell the company s female membership included the likes of poets Edna St Vincent Millay Mina Loy and Djuna Barnes journalists Louise Bryant and Mary Heaton Vorse novelists Neith Boyce and Evelyn Scott and painter Marguerite Zorach
