Western Empire as seen through the lives of these individuals a collapse that ended more than political and military structures that encompassed the end of an ancient pagan culture and the inception of the age of Christianity The Manly Eunuch Mathew Kuefler,2001-07-25 The question of masculinity formed a key part of the intellectual life of late antiquity and was crucial to the development of Christian society This idea is at the heart of Mathew Kuefler s new book which revisits the Roman Empire during the third and fifth centuries of the common era Kuefler argues that the collapse of the Roman army an increasingly autocratic government and growing restrictions on the traditional rights of men within marriage and sexuality all led to an endemic crisis in masculinity men of Roman aristocracy who had always felt themselves to be soldiers statesmen and the heads of households became by their own definition unmanly The cultural and demographic success of Christianity during this epoch lay in the ability of its leaders to recognize and respond to this crisis Drawing on the tradition of gender ambiguity in early Christian teachings which included Jesus s exhortation that his followers make themselves eunuchs for the sake of the kingdom of heaven Christian writers and thinkers crafted a new masculine ideal one that took advantage of the changing social realities in Rome inverted the Roman model of manliness and helped solidify Christian ideology by reinstating the masculinity of its adherents The Penguin Classics Book Henry Eliot,2019-02-21 Shortlisted for Waterstones Book of the Year The Penguin Classics Book is a reader s companion to the largest library of classic literature in the world Spanning 4 000 years from the legends of Ancient Mesopotamia to the poetry of the First World War with Greek tragedies Icelandic sagas Japanese epics and much more in between it encompasses 500 authors and 1 200 books bringing these to life with lively descriptions literary connections and beautiful cover designs The Saxon Age A.F. attitudes toward dreams and visionary experiences beginning in late antiquity when the church hierarchy considered lay dreamers a threat to its claims of spiritual authority Moreira describes how over the course of the Merovingian period the clergy came to accept the visions of ordinary folk peasants women and children as authentic Dream literature and accounts of visionary experiences infiltrated all aspects of medieval culture by the eighth century and the dreams of ordinary Christians became central to the clergy's pastoral concerns Written in clear and inviting prose this book enables readers to understand how the clerics of Merovingian Gaul allowed a Christian culture of dreaming to develop and flourish without compromising the religious orthodoxy of the community or the primacy of their own authority **Early Germanic**

Literature and Culture Brian Murdoch, Malcolm Kevin Read, 2004 A collection of fresh essays examining the wide scope and significance of early Germanic culture and literature The first volume of this set views the development of writing in German with respect to broad aspects of the early Germanic past drawing on a range of disciplines including archaeology anthropology and philology in addition to literary history The first part considers the whole concept of Germanic antiquity and the way in which it has been approached examines classical writings about Germanic origins and the earliest Germanic tribes and looks at the two great influences on the early Germanic world the confrontation with the Roman Empire and the displacement of Germanic religion by Christianity A chapter on orality the earliest stage of all literature provides a bridge to the earliest Germanic writings The second part of the book is devoted to written Germanic rather than German materials with a series of chapters looking first at the Runic inscriptions then at Gothic the first Germanic language to find its way onto parchment in Ulfilas's Bible translation The topic turns finally to what we now understand as literature with general surveys of the three great areas of early Germanic literature Old Norse Old English and Old High and Low German A final chapter is devoted to the Old Saxon Heliand Contributors T M Andersson Heinrich Beck Graeme Dunphy Klaus Dörmann G Ronald Murphy Adrian Murdoch Brian Murdoch Rudolf Simek Herwig Wolfram Brian Murdoch and Malcolm Read both teach in the German Department of the University of Stirling in Scotland *The History of Childhood* Lloyd DeMause, 1995 A survey of childhood that reveals startling views of life in Europe and America during the past 2000 years This book documents the lives of former children who were abused It places child abuse today into the context of what was routinely inflicted upon **The New**

Warfare and Society in the Barbarian West 450-900 Guy Halsall, 2008-01-28 Guy Halsall relates warfare to many aspects of medieval life economy society and politics This book recovers its distinctiveness looking at warfare in a rounded context in the British Isles and Western Europe between the end of the Roman Empire and the break up of the Carolingian Empire Examining the raising and organization of early medieval armies and looks at the conduct of campaigns the survey also includes a study of the equipment of warriors and the horrific experience of battle as

well as an analysis of medieval fortifications and siege warfare Warfare and Society in the Barbarian West uses historical and archaeological evidence in a rigorous and sophisticated fashion It stresses regional variations but also places Anglo Saxon England in the mainstream of the military developments in this era and in the process provides an outstanding resource for students of all levels

The Zephyrs of Najd Jaroslav Stetkevych,1993-12-15 Arabs have traditionally considered classical Arabic poetry together with the Qur'an as one of their supreme cultural accomplishments Taking a comparatist approach Jaroslav Stetkevych attempts in this book to integrate the classical Arabic lyric into an enlarged understanding of lyric poetry as a genre Stetkevych concentrates on the places of lost bliss that furnish the dominant motif in the lyric elegiac opening section *nasib* of the classic Arab code or *qasidah* In defining the Arabic lyrical genre he shows how pre Islamic lamentations over abandoned campsites evolved in Arabo Islamic mystical poetry into expressions of spiritual nostalgia Stetkevych also draws intriguing parallels between the highlands of Najd in Arabic poetry and Arcadia in the European tradition He concludes by exploring the degree to which the pastoral paradisiacal archetype of the *nasib* pervades Arabic literary perception from the pre Islamic ode through the Thousand and One Nights and later texts Enhanced by Stetkevych's sensitive translations of all the Arabic texts discussed The Zephyrs of Najd brings the classical Arabic ode fully into the purview of contemporary literary and critical discourse

Heaven's Purge Isabel Moreira,2010-11-17 The doctrine of purgatory the state after death in which Christians undergo punishment by God for unforgiven sins raises many questions What is purgatory like Who experiences it Does purgatory purify souls or punish them or both How painful is it Heaven's Purge explores the first posing of these questions in Christianity's early history from the first century to the eighth an era in which the notion that sinful Christians might improve their lot after death was contentious or even heretical Isabel Moreira discusses a wide range of influences at play in purgatory's early formation including ideas about punishment and correction in the Roman world slavery the value of medical purges at the shrines of saints and the authority of visions of the afterlife for informing Christians of the hereafter She also challenges the deeply ingrained supposition that belief in purgatory was a symptom of barbarized Christianity and assesses the extent to which Irish and Germanic views of society and the sources associated with them penitentials and legal tariffs played a role in purgatory's formation Special attention is given to the writings of the last patristic author of antiquity the Northumbrian monk Bede Heaven's Purge is the first study to focus on purgatory's history in late antiquity challenging the conclusions of recent scholarship through an examination of the texts communities and cultural ideas that informed purgatory's early history

Medieval Monasticism C.H. Lawrence,2015-04-10 Medieval Monasticism traces the Western Monastic tradition from its fourth century origins in the deserts of Egypt and Syria through the many and varied forms of religious life it assumed during the Middle Ages Hugh Lawrence explores the many sided relationship between monasteries and the secular world around them For a thousand years the great monastic houses and religious orders were a prominent feature of the social landscape of the West and their

leaders figured as much in the political as on the spiritual map of the medieval world In this book many of them together with their supporters and critics are presented to us and speak their minds to us We are shown for instance the controversy between the Benedictines and the reformed monasticism of the twelfth century and the problems that confronted women in religious life A detailed glossary offers readers a helpful vocabulary of the subject This book is essential reading for both students and scholars of the medieval world
