Last Blue Water Liners:

The last blue water liners William H. Miller,1986-01-01 **Picture History of British Ocean Liners, 1900 to the Present** William H. Miller,2001-01-01 This fascinating text and picture tribute documents both interiors and exteriors of majestic British ships such as the Viceroy of India the Orion Queen Mary Queen Elizabeth Windsor Castle Pacific Princess Royal Princess Crown Princess and Aurora Over 200 rare black and white illustrations provide views of the ships at sea and in port

A Postcard History of the Passenger Liner Christopher Deakes,2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting

Extractives, Manufacturing, and Services David O. Whitten,1997-04-22 The second volume in the Handbook of American Business History series this book offers concise histories of extractive manufacturing and service industries as well as extensive bibliographic essays pointing to the leading sources on each industry and bibliographic checklists Supplementing other bibliographic materials in business history this volume provides researchers with a much needed path through the vast array of material available in the library and on the Internet Indicating which resources to check and which to bypass the book is a guide to a sometimes overwhelming amount of information Each of the book s chapters provides a concise industry history beginning with the industry s rise to importance in the U S and continuing to the present The bibliographic essays provide a narrative outline of the leading sources published or made available in archives libraries or museum collections since 1971 when Lovett s American Economic and Business History Information Sources was published Each discussion concludes with a bibliographic checklist of the titles mentioned in the essay as well as other titles In a rapidly expanding information society researchers teachers and students may be easily overwhelmed by the exhaustive material available in print and electronically What is useful and what can be ignored is a strategic question and few know

where to begin This book provides a guide *Doomed Ships* William H., Jr. Miller, 2012-06-29 Nearly 200 photographs many from private collections highlight tales of some of the vessels whose pleasure cruises ended in catastrophe the Morro Castle Normandie Andrea Doria Europa and many others **Along the Waterfront** William H. Miller, 2016-02-15 An evocative guide to the New York docks in the days of On the Waterfront by Mr Ocean Liner William Miller **Last of the Blue Water Liners** William H. Miller, 2018-08 A pictorial history of the global scene for passenger liners leading up to the onset of the jet age **The Royal Navy, China Station: 1864 - 1941** Jonathan Parkinson, 2018-02-20 A definitive history of the Royal Navy's China Station In the The Navy List for April 1864 the China Station was first shown as a separate Royal Navy Station It remained as such until the outbreak of the Pacific War in December 1941 which was to signal the end of that era In addition to a precis of the lives and naval careers of each of the Commanders in Chief of the China Station this volume also gives relevant information outlining something of the concurrent internal affairs of China and Japan Both are very different but sad tales the former in decline towards the end of the Manchu Ching dynasty and then into the chaotic 1920s and 1930s and the latter increasingly adopting a militaristic attitude which was to result in their disaster of the Pacific War of 1941 1945 As a reminder of these days long gone are interwoven brief references to the British Consular Service This is especially relevant for China and for a shorter period for Japan during that era of extraterritoriality Mention is also made of the British Colonial Service with whom necessarily the Navy worked very closely In addition being one important reason for it all frequent references are made to a few British shipping and trading interests together with those of some other nations All of these areas are linked together to give a definitive history of this very important Royal Navy Station *Picture History of the French Line* William H., Jr. Miller, 2012-09-21 Superb pictorial history of the company's fleet of formidable passenger ships Ile de France Normandie Libert Colombie Antilles Flandre France and many more Over 170 black and white photographs **The Great Circle**, 1985 **Ships Monthly**, 1993 *Salt Water's Greatest Gamefish* Tom Boyd, 2015-07-15 A guide to essential tackle techniques and strategy for the world's top saltwater species on both conventional tackle and fly Includes information on how and where to catch all the fastest toughest and biggest saltwater gamefish including striped bass bonefish tarpon tuna mako sharks and more Tips for planning your trips to premier destinations Detailed information about gamefish behavior and range Recommendations on the best flies lures rods reels and more Notes on rankings and speed *Streater's Directory* R. A. Streater, Les Streater, 1997 **Lippincott's Monthly Magazine**, 1900 *Tourism in South-East Asia* Michael Hitchcock, Victor T. King, Michael J.G. Parnwell, 2018-10-26 South East Asia has developed rapidly as a tourist destination but what are the effects of this growth upon the peoples of the region How far is it possible to control the impact of tourism whilst also supporting the industry's role in the region's development This book first published in 1993 attempts to answer these questions by providing a critical analysis of the nature of tourism as it has developed in the area It questions commonly held assumptions about tourism both from a western perspective and

from the point of view of policy makers in the region It explores central issues such as the impact of tourism on the environment culture and the economy placing it within an historical and political context in order to assess the implications of current developments The contributors use case studies from a variety of countries on such aspects as the sex industry dream holidays and rural handicrafts assessing tourist perceptions both domestic and international and policy decisions By taking a long term perspective it should provoke thought on the ways to develop sustainable tourism for the future **Liner**
