Waiting to Go! James Abbington,Linda H. Hollies,2002 **Encounter** ,1983 The End of Days Matthew Harper,2016-08-24 For 4 million slaves emancipation was a liberation and resurrection story of biblical proportion both the clearest example of God's intervention in human history and a sign of the end of days In this book Matthew Harper demonstrates how black southerners theology in particular their understanding of the end times influenced nearly every major economic and political decision they made in the aftermath of emancipation From considering what demands to make in early Reconstruction to deciding whether or not to migrate west African American Protestants consistently inserted themselves into biblical narratives as a way of seeing the importance of their own struggle in God's greater plan for humanity Phrases like jubilee Zion valley of dry bones and the New Jerusalem in black authored political documents invoked different stories from the Bible to argue for different political strategies This study offers new ways of understanding the intersections between black political and religious thought of this era Until now scholarship on black religion has not highlighted how pervasive or contested these beliefs were This narrative however tracks how these ideas governed particular political moments as African Americans sought to define and defend their freedom in the forty years following emancipation This Side of Paradise Curtis Tilleraas,2012-06-05 Becoming Human Letty M. Russell,1982-01-01 Basing her discussion on the Bible and today's situation in society and theology Letty Russell explores what it means to be human She focuses particular attention on who we are in light of Jesus own humanity relationships between men and women those who are treated as less than human and how human liberation may be achieved **Quarterly Review** ,1982 **Class List of the Books in the Reference Library** Nottingham (England). Free Public Reference Library,1908 *Library Journal* ,2002 Includes beginning

Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **The Meaning of Other Faiths** Willard Gurdon Oxtoby,1983

Monographic Series Library of Congress, The New Jerusalem Messenger ,1869 New Creation Eschatology and the Land Steven L. James,2017-09-27 What will the final state of the redeemed look like Throughout the history of the church conceptions of the final state have tended to minimize the promise of the new heavens and new earth In contrast to the historical dominance of spiritual heavenly non temporal conceptions of the final state the last two decades have witnessed a rise in conceptions that include the redemption of material earthly and temporal reality These new creation conceptions have included proposals regarding the fulfillment of Old Testament land promises In New Creation Eschatology and the Land Steven L James argues that in recent new creation conceptions of the final state there is a logical inconsistency between the use of Old Testament texts to inform a renewed earth and the exclusion of the territory of Israel from that renewed earth By examining a select group of new creationists James shows that the exclusion of the territorial restoration of Israel in a new creation conception fails to appreciate the role of the particular territory in Old Testament prophetic texts and results in an inconsistent new creationism **Great Thoughts from Master Minds** ,1908 *Perspectives in Pentecostal Eschatologies*

Peter Althouse,Robby Waddell,2010-09-08 During the mid twentieth century Pentecostal theology was co opted by fundamentalism and its dispensational brand of millennial eschatology Fundamentalist dispensationalism not only reinterpreted the original Pentecostal vision of the latter rain outpouring of the Spirit in the last days but undercut its raison d etre as a people empowered by the Spirit of Pentecost to participate in the kingdom of God Yet eschatology is much broader than twentieth century dispensationalism and Pentecostal eschatology is diverse reflecting the diversity of Pentecostal and Charismatic spiritualities There is no one Pentecostal eschatology but many Pentecostal eschatologies This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right *The Rise of Christian Beliefs* Heikki Räisänen, Heikki Risnen offers a historical survey of the roots and first growth of the thoughts values and practices of the early Christians and explains the evolution of Christian belief in terms of vital adaptations to specific challenges An ideal textbook for university introductory courses on the New Testament and Early Christianity *The Rise of Christian Beliefs* offers chapters discussing paradigmatic events the life and death of Jesus and experiences of Easter principal figures and groups last things and afterlife savior figures and the human condition ethnicity identity and morality and ritual community life *Booksellers, Stationers and Fancy Goods Journal of Australia and New Zealand* ,1929 *Human Extinction* Émile P. Torres,2023-06-15 This volume traces the origins and evolution of the idea of human extinction from the ancient Presocratics through contemporary work on existential risks Many leading intellectuals

agree that the risk of human extinction this century may be higher than at any point in our 300 000 year history as a species. This book provides insight on the key questions that inform this discussion including when humans began to worry about their own extinction and how the debate has changed over time. It establishes a new theoretical foundation for thinking about the ethics of our extinction, arguing that extinction would be very bad under most circumstances although the outcome might be on balance good. Throughout the book graphs, tables, and images further illustrate how human choices and attitudes about extinction have evolved in Western history. In its thorough examination of humanity's past, this book also provides a starting point for understanding our future. Although accessible enough to be read by undergraduates, *Human Extinction* contains new and thought provoking research that will benefit even established academic philosophers and historians.
