## **Last To Go:**

*Last Go Round* Ken Kesey, Ken Babbs, 1995-07-01 It was around a sagebrush campfire in eastern Oregon that Kesey first heard the tale from his father about the legendary last go round that took place at the original Pendleton Round Up in 1911. Hundreds of riders were competing for the first World Championship Broncbusting title but it was one special trio of buckeroos that provided the drama: a popular black cowboy George Fletcher, a Nez Perce Indian cowboy Jackson Sundown, and a fresh faced kid from Tennessee named Johnathan E Lee Spain. Who would walk away with the prize money and the silver studded saddle? When the dust cleared everyone knew they'd witnessed something extraordinary. Kesey has journeyed back into Oregon history to reclaim this long remembered moment, beefed up the bare bones of fact and whipped them into a full blown rip snorting Tale of the True West. Sixteen pages of rare Round Up photographs provide graphic testimony of the time. The tiny town of Pendleton is swollen to bursting that memorable weekend and bristling with colorful characters like Buffalo Bill Cody, wrestler Frank The Cruel Crusher Gotch, cowgirl Prairie Rose Henderson, and a formidable medicine man named Parson Montanic. From the teepees along the river to the teeming saloons on Main Street, Round Up fever blazes like a prairie fire. This story of love, sweat, and horseflesh is a unique Western, wild and woolly and full of fleas. Let'er buck. **The**

**People's Bible:** John Joseph Parker, 1893 **Report**, 1972 **The Last Noah** David Cuff, 2019-10-08 The Last Noah is a unique take on the sci fi genre that throws questions at you from the word go. Robin and Miranda go to bed in their separate rooms but wake up somewhere else. Somewhere that is alien and way outside their comfort zone. However, as they discover more about their new surroundings and have several unusual and action packed adventures, they begin to suspect that all may not be as it first seemed. As the days progress, their passion for each other grows as their relationship develops emotionally and physically. However, is someone or something watching them? Why do they keep discovering things that don't feel right? And what's the story behind the various androids who they meet during their adventures? Follow the mysterious adventures of our two unwilling space travellers and discover what is really going on. Some more reviews from other sales sites: An unseen presence consistent and ever present drives the story forward with a strong sense of mystery and a need to know more. Interesting plotline with masterful twists and turns that are tied up in a nice bow at the end. The Last Noah by David Cuff is a worthy sci fi novel. Puzzling at times, mysterious and absolutely captivating. I read the entire book in one day, entranced all the way through. This wonderful ability to relate the story so finely by Cuff adds immense enjoyment to the overall reading experience. The Last Noah is a fine addition to anyone's book collection who loves a good space adventure.

Theatre Worlds in Motion S.E. Wilmer, H. van Maanen, 2024-04-02 Theatre Worlds in Motion aims to clarify the different theatre traditions and practices in Western Europe from a historical and sociological perspective The book grew out of a perceived need among theatre scholars who had recognised that while they understood the theatre system of their own country they often found it difficult to discover how it compared with other countries The chapters analyse the basic components and dynamics of theatre systems in seventeen Western European nations in order to elucidate how the systems function in general and how they vary in different cultures The book provides a sense of what has been happening recently in particular countries and indicates how the theatre systems have developed over time and have led to the current practices and structures Each national chapter considers the historical tradition and place of theatre within the country and analyses the role of the state in fostering theatre during the last fifty years Material from the national chapters has been used in two general chapters at the beginning and end of the book to provide an overview to developments in all Western Europe The introductory chapter on decentralisation discusses the tendency amongst governments to encourage cultural development outside the national capital by providing subsidy for regional theatre venues and theatre companies and in many cases by developing the decision making and budgetary powers for the theatre to regional and local authorities The epilogue on the functioning of theatre examines the common structures of theatre in society as described in the seventeen national chapters
