Las Guerrilleras:

Bolivianas ilustres: Las guerrilleras de la independencia José Macedonio Urquidi, 1967 *The Panza Monologues* Virginia Grise, Irma Mayorga, 2014-01-06 The Panza Monologues script also features stories contributed by Barbara Renaud Gonzalez Petra A Mata and Maria R Salazar **Terrorism, Gender and Women** Alexandra Phelan, 2020-12-17 Terrorism Gender and Women Towards an Integrated Research Agenda encourages greater integration of gender sensitive approaches to studies of violent extremism and terrorism This book seeks to create and inspire a dialogue among scholars of conflict terrorism and gender by suggesting the necessity of incorporating gender analysis to fill gaps within and further enhance our understanding of political violence The chapters featured in the book interrogate how recent developments in the field such as the proliferation of propaganda and online messaging the decline or shifting presence of ISIS the continued rise of far right extremism and the changing roles of women in political violence necessitate a gendered understanding of radicalisation participation and of strategies to counter and prevent both violent extremism and terrorism Taken together they encourage a discussion of new ways in understanding how women and men can be affected by terrorism and violent extremism differently and how involvement can often be influenced by highly gendered experiences and considerations The chapters in this book were originally published as a special issue of the journal Studies in Conflict Terrorism **Inclusion and Political Representation in Peacemaking** Isa Lima Mendes, 2025-07-14 This book addresses the issue of societal inclusion in peacemaking from a conceptual viewpoint seldom mobilized by Conflict Resolution literature the one of political representation It reviews how the inclusion debate enters and is developed within the peace and conflict field proposing instead to analyze it through the theoretical lens of political representation Claiming that it provides better tools to understand the social articulations oppressions and tensions behind political dynamics inherent to the limited space of the negotiation table the book discusses the role played by Colombian women in the Havana Dialogues with the former FARC EP Whereas articulated women s movements were able to overcome initial hesitation concerning their inclusion and had real impact in the final agreement ultimately both inclusions and exclusions are involved in and stem from such representation *Living the Death of Democracy in Spain* Susana Belenguer, Ciaran Cosgrove, James Whiston, 2017-10-02 This volume brings together new interdisciplinary perspectives on the Spanish Civil War its victims its contentious ending and its aftermath In exploring the slow demise of the Spanish Republic and the course of the Civil War the authors have chosen to range in turn over cinematic literary and historical depictions of the era In addition reactions elsewhere in Europe to the Spanish conflict are examined the role of the International Brigades is looked at afresh the fate of children displaced during the Civil War is explored and the Spanish anarcho syndicalist movement is revisited The volume shows that to be any kind of soldier in the armies of the Republic or even to be seen as a Republican sympathiser was to become a non person in the new order in Spain under Franco and sets what supporters of the Republic had to endure within the wider European and

international context of the period This book offers timely fresh insights into the failure of the Spanish Republic and into a society that tried in vain to unite its divided people during what was a seismic era in Spain s history This book was originally published as a special issue of Bulletin of Spanish Studies

Bodies on the Front Lines Brenda Werth,Katherine Zien,2024-04-24 Revolutionary feminisms and queer and trans activist movements are traversing Latin America and the Caribbean Bodies on the Front Lines situates recent performances and protest actions within legacies of homegrown gender and sexual rights activism from the South Performances enacted in public spaces and intimate venues across national borders and through circulating hashtags and digital media play crucial roles in the elaboration auto theorization translation and reception of feminist queer and trans activism Movements such as Argentina s NiUnaMenos Not One Less have brought together hundreds of thousands of protesters and activists on the streets of major cities in Latin America and beyond to denounce gender violence and demand gender sexual and reproductive rights The volume s contributors draw from rich legacies of theater performance and activism in the region as well as decolonial and intersectional theorizing to demonstrate the ways that performance practices enable activists to sustain their movements The chapters engage diverse perspectives from Argentina Brazil Bolivia Chile Colombia Cuba the Dominican Republic transnational Central America Peru Puerto Rico and Mexico Rather than taking an approach that simplifies complexities among states Bodies on the Front Lines takes seriously the geopolitical stakes of examining Latin America and the Caribbean as a heterogeneous site of nations and networks In chapters covering this wide geographical area leading scholars in the fields of theater and performance studies showcase the aesthetic social and political work of performance in generating and fortifying gender and sexual activism in the Americas

El Dulce Encanto Del Infierno Daniel Castropé,2012-05 A pesar de los temores que constantemente acechan su mente el padre Alberto es un empedernido amante de las faldas que se traza la meta de tres mil mujeres por saciar con su inagotable vigor Juana Morales proviene del inmenso mundo de nosotros los pobres y para alcanzar el xito pronosticado por su abuela la anciana que com a tierra debe recorrer caminos tormentosos El dulce encanto del infierno es el espejo de un mundillo complejo permeado por paramilitares guerrilla dirigentes nocivos pol ticos corruptos y una Iglesia llamada a cambios estructurales so pena de desaparecer Dos de las amantes del padre Alberto gemelas incluso en sus gustos varoniles son secuestradas por orden de la otra mujer en el tri ngulo amoroso del religioso All comienza la historia El infierno poco a poco se ir consolidando

Exploring Revolution Timothy P. Wickham-Crowley,2019-07-26 This series of essays on insurgency and revolution focuses on events in Latin America since 1956 The contributors discuss revolutionary theory the nature of social movements and models of social action Topics raised include terror guerilla regimes mobilizing peasants and the vulnerability of regimes to revolution

Cuba's Revolutionary World Jonathan C. Brown,2017-04-24 As Castro s democratic reform movement veered off course a revolution that seemed to signal the death knell of dictatorship in Latin America brought about its tragic opposite Jonathan C Brown examines in forensic detail how the turmoil that rocked a small

Geraghty, 2019-01-29 Focusing on the work of the Argentine authors César Aira Marcelo Cohen and Ricardo Piglia The Polyphonic Machine conducts a close analysis of the interrelations between capitalism and political violence in late twentieth-century Argentina Taking a long historical view the book considers the most recent Argentine dictatorship of 1976-1983 together with its antecedents and its after-effects exploring the transformations in power relations and conceptions of resistance which accompanied the political developments experienced throughout this period By tracing allusive fragments of Argentine political history and drawing on a range of literary and theoretical sources Geraghty proposes that Aira Cohen and Piglia propound a common analysis of Argentine politics during the twentieth century and construct a synergetic philosophical critique of capitalism and political violence The book thus constitutes a radical reappraisal of three of the most important authors in contemporary Argentine literature and contributes to the philosophical and historical understanding of the most recent Argentine military government and their systematic plan of state terrorism **Disappearing Acts** Diana Taylor, 1997 Taylor uses performance theory to explore how public spectacle both builds and dismantles a sense of national and gender identity Here nation is understood as a product of communal imaginings that are rehearsed written and staged and spectacle is the desiring machine at work in those imaginings Taylor argues that the founding scenario of Argentineness stages the struggle for national identity as a battle between men fought on over and through the feminine body of the Motherland She shows how the military's representations of itself as the model of national authenticity established the parameters of the conflict in the 70s and 80s feminized the enemy and positioned the public limiting its ability to respond

Expansionism Frank R. Villafana, 2011-12-31 Starting in the early part of the nineteenth century American administrations expressed a desire to own Cuba A rationale for adding Cuba to the territory of the United States could be built on Cuba's sugar and tobacco industries as well as Cuba's mineral deposits But economics was not the primary motivation American presidents knew that in the event of war any nation occupying Cuba would have an advantage over the US military strategies this fear coupled with the economic benefit explains a century of policy decisions As Frank R Villafa a

shows Cubans were not sitting idle waiting for outsiders to liberate them from Spanish oppression A major part of this research is devoted to studying Cuban efforts to liberate their island from prolonged Spanish domination Cuba had been struggling for independence from Spain since the 1830s followed by the Ten Year War During the 1895 1898 War of Independence Cuba came close to defeating Spain but a merciless Spanish military effort converted Cuba into a series of concentration camps Spain surrendered after its naval defeats by the US at Manila Bay and Santiago de Cuba following a failed ground campaign in eastern Cuba After the US occupied Cuba militarily American political leaders realized only a small minority of Cubans supported annexation and the Platt Amendment was developed as a substitute Today most Cubans agree that independence even constrained by the United States was better than enslavement by the Castro brothers However as Villafa a emphasizes Cubans living in Cuba as well as abroad still seek a land free and independent of foreign threat and domestic tyrants ¿A qué huele tu uniforme? Diamond,2013-06-29 Taking its starting point from women s contributions to the French revolution this important anthology goes far beyond any particular historical European or American context and expands its scope in space and time to an all inclusive global theme namely the contributions of radical women towards an ever changing world and its revolutionary transformations everywhere The superbly edited essays by diverse contributors from various continents and disciplines explore a wide platform of women s revolutionary involvements and elucidate the broad range of contributions by women

scholars scientists and activists to movements of social transformation as well as to a reexamination of established methods of cultural analysis from enlightened liberalism to Marxism The contributions of women scholars and activists from Africa Asia and Latin America are particularly significant in that they transcend and expand European North American feminism as relevant primarily to its own socio cultural context and focus on women acting in terms of their own non Western traditions and cultures that is on non Western models based on indigenous strategies of social transformation This rich anthology shuns any postulation of a single global model for revolution Yet despite the emergence of a problematic relationship between Western or Western educated theorists and the causes of the oppressed women s diverse social cultural and historical experiences and strategies are united in this edition as in their common causes as emphasized by the following statement in the introduction the female body has become a privileged site for social analysis in the context of international capitalism as well as in the critique of traditional socialism Sabine Jell Bahlsen Ogbuide Films Women and Revolution covers an enormous socio historical space four continents Europe Africa Asia and Latin America and quite a few countries within them This huge field of human experience is looked at from the focal point which runs explicitly and implicitly through all nineteen chapters the active if not revolutionary role women have played individually and collectively in various determining social situations a role regularly suppressed by the coercive power of institutionalized domination The impetus for this endeavor was the commemoration of the bicentennial of the French Revolution an occasion to take an in depth look at its less obvious agendas through a focus on the activity of women and on Olympe de Gouges in particular But as Olympe de Gouges became acquainted with Mr Guillotine the considerable role of women became suppressed not only actually but as a kind of *damnatio memoriae* which the old Romans had already invented As this work shows there have been multiple forms and contents through which women have taken history into their own hands and have participated in emancipatory struggles throughout the world They are at their best in their use of the resources of local village traditions of dense social contexts of mutual aid and in turning such grassroots resources into radical democratic struggles for the future A fascinating and timely book Wolf Dieter Narr Freie Universit t Berlin The vital role played by women in struggles for social transformation has scarcely been appreciated and with the sense of defeat that hangs over the revolutionary project stands to be further forgotten That is why the publication of Women and Revolution is both welcome and necessary on intellectual and scholarly grounds but also because these are stories which have to be told if we are to resume the march toward a better world Joel Kovel Bard College

Lesbian Materialism Morgane Cadieu, Annabel L. Kim, 2023-01-01 Yale French Studies 142 explores the contemporary relevance of an alternative strand of feminism as theorized by Monique Wittig This volume of Yale French Studies foregrounds Monique Wittig 1935 2003 a writer who left France to live and teach in the United States in a diverse range of multidisciplinary conversations in literary studies history and gender and sexuality studies to demonstrate how Wittig s theoretical and literary work remains an indispensable resource for thinking and creating in the twenty first century Editors

Morgane Cadieu and Annabel L Kim flip the materialist lesbianism that Wittig's collection of essays *The Straight Mind* centers and describes as being the core of Wittig's work to deal instead with lesbian materialism thereby making lesbian the method and materialism the object and allowing Wittig's work to realize its full range The volume reinterrogates the official historiography of French materialist feminism expands the intellectual framework within which Wittig's work is usually considered insists on the language centric materialism that emerges from Wittig's writing as a way of joining the political with the literary and attends to the way this literary material inspires material responses and creations within the plastic arts Underlying the entire volume is a keen sense of the materiality of Wittig's archives housed at the Beinecke Rare Book and Manuscript Library at Yale University as a site of lesbian thought in Wittig's radical sense of the term a fugitive positionality

A Companion to Women's Military History Barton Hacker, Margaret Vining, 2012-08-17 This volume addresses the changing relationships between women and armed forces from antiquity to the present eight chapters review the existing literature an extended picture essay visually documents women's military work and eight chapters illustrate more restricted topics
