No Friday Night Lights John M. Glionna, **The Strip** Stefan Al, 2017-03-03 The transformations of the Strip from the fake Wild West to neon signs twenty stories high to starchitecture and how they mirror America itself. The Las Vegas Strip has impersonated the Wild West with saloon doors and wagon wheels; it has decked itself out in midcentury modern sleekness. It has illuminated itself with twenty-story-high neon signs then junked them. After that came Disney-like theme parks featuring castles and pirates followed by replicas of Venetian canals, New York skyscrapers and the Eiffel Tower. It might be noted that forty-two million people visited Las Vegas in 2015, ten million more than visited the real Paris. More recently, the Strip decided to get classy with casinos designed by famous architects and zillion-dollar collections of art. Las Vegas became the implosion capital of the world as developers driven by competition got rid of the old to make way for the new, offering a non-metaphorical definition of creative destruction. In *The Strip*, Stefan Al examines the many transformations of the Las Vegas Strip, arguing that they mirror transformations in America itself. The Strip is not as popularly supposed a display of architectural freaks but representative of architectural trends and a record of social, cultural and economic change. Al tells two parallel stories. He describes the feverish competition of Las Vegas developers to build the snazziest, most tourist-grabbing casinos and resorts with a cast of characters including the mobster Bugsy Siegel, the eccentric billionaire Howard Hughes and the would-be political kingmaker Sheldon Adelson. And he views the Strip in a larger social context, showing that it has not only reflected trends but also magnified them and sometimes even initiated them. Generously illustrated with stunning color images throughout, *The Strip* traces the many metamorphoses of a city that offers a vivid projection of the American dream.

Dream City Douglas Unger, 2024-10-08 In this unconventional tale of Las Vegas during the two delirious boom decades before the bust of the Great Recession failed

actor C D Reinhart who has launched a new career in hotel marketing is gradually losing his moral and existential compass Working on The Strip during an era when Sin City s population growth was outpacing any other place in America C D climbs the industry ladder while modeling himself after a Pyramid Resorts top executive Lance Sheperd C D s professional choices lead him down a tumultuous road as Sheperd a complex and at times visionary figure pilots his ventures through the tangled wheeling and dealing of finance and corporate politics straight into catastrophe As the story progresses C D comes to understand how his personal losses and the losses of his cohort of hard driving executives on the make especially the tragic life of his work partner Greta Olsson the only woman to break through into their male dominated world are a result of the make believe environment he has helped to create a world where representation replaces reality Hoping to piece together his faltering marriage and family relationships C D must find a new path as he struggles to hold onto his dreams In this fictionalized version of the city of glittering lights author Douglas Unger pits the ideologies of marketing and consumerism in the casino economy of America against the erosion of individual and humane values that success in that world demands Unger reveals the hard truth that Las Vegas a blue collar town considered by many to be the most honest city can be a temple for self deceptions emblematic of a service economy that knows the price of everything and too often the value of little else Dream City becomes both a love song and an elegy for Las Vegas that sets it apart from any other literary novel previously written about this global entertainment attraction that in so many ways represents postmodern America Sooner or later the challenge that faces everyone is to discover what matters most and to learn how to bet on the better angels of our natures
