Last Banner:

The Last Banner Peter May, 2007-02 Of the 16 NBA championships won by the Boston Celtics the most memorable is that of the 1957-58 season the Celtics last championship to date Powered by the Hall of Fame skills of the legendary Larry Bird Robert Parrish and Kevin McHale the team was virtually unstoppable The Last Banner offers a fascinating behind the scenes look at this remarkable team *Exile* Rowena Cory Daniells, 2006-12-04 Slowly losing himself to madness King Charald has passed his verdict on the mystic Wyrds banishment by the first day of winter Their leader Imoshen believes she has found a new home for her people but many are still stranded amidst the violence and turmoil gripping Chalcedonia A reward is offered for their safe return and greedy men turn to abduction Tobazim arrives in port to ready the way for his people and finds their ships have been stolen Sorne the king's halfblood advisor needs to find his sister and bring her to safety Ronnyn and his family living peacefully in the wilderness are kidnapped by raiders eager for the reward Whether the ships are ready or not the Wyrds must leave soon those who remain behind will be hunted down and executed Time is running out for all of them *The Contemporary Review*, 1921

Enfilade James Seeley, 2022-03-26 The story of Enfilade takes place in less than twenty four hours However the gist of this shaggy dog story conveys a lot more It is the tale of a naive second lieutenant's first day in Vietnam There is a lot for the young man to digest a lot that runs contrary to what he knows even what he thinks he knows Yes there are rogues and rascals cowards and heroes as well as a lengthy list of characters consigned to the dust bin of history But it also has hope even if at times it shows itself for what it really is luck *Social News* Edward Hurcombe, 2022-02-25 This book is the first to define and describe social news a new kind of journalism emerging in response to social media Drawing on the author's extensive research into news and social media platforms Social News critically examines the rise of well known outlets such as BuzzFeed and Mic in the US and Junkee and Pedestrian in Australia Hurcombe argues that these outlets became successful by strategically engaging with social media producing sociable content personalised for millennials Such outlets have been criticised for violating the rules of quality journalism However this book shows how social news has provided a platform for marginalised voices and has been able to engage readers neglected by legacy news While social media is frequently seen as a threat to the news industry Social News shows that digital platforms have been driving new forms of journalism ones that challenge our understanding of what journalism is can be and should be *Journal of the British Archaeological Association* British Archaeological Association, 1857

The Knight Proper Adam Greven, Matt Deller, 2016-08-09 Much like his knight lord father Edwin cares little for pretty words of

poetry and song Duty loyalty discipline these are the only words that truly matter to him as a knight in service of the Brotherhood that is until he meets Evelina Beautiful beyond measure she s also a Gravewalker a witch able to make use of the emotional residues left behind in cemeteries and burial grounds to power her magics Displeased with this alliance Edwin s father declares all out war against her kind resulting in Evelina s death Edwin s imprisonment and the disappearance of Mela their precocious young daughter Years later Mela now the most powerful Gravewalker in her clan marshals her sisters to abandon their peaceful ways as caretakers of the dead and instead raise an army of undead warriors against the knight lord and his men threatening utter ruin for all Freed by an irascible bard with her own dubious intentions Edwin is now the only one who can put a stop to his daughter s quest for vengeance To save everything he knows he must become more than just a knight He must become the Knight Proper

History of the Thirty Years War in Germany Friedrich Schiller,2018-01-19 From the beginning of the religious wars in Germany to the peace of Munster scarcely any thing great or remarkable occurred in the political world of Europe in which the Reformation had not an important share All the events of this period if they did not originate in soon became mixed up with the question of religion and no state was either too great or too little to feel directly or indirectly more or less of its influence
