Chance For Victory Scott Bowden, Bill Ward, 2025-05-01 Gettysburg is the most written about battle in American military history Generations after nearly 50 000 soldiers shed their blood there serious and fundamental misunderstandings persist about Robert E Lee s generalship during the campaign and battle Most are the basis of popular myths about the epic fight **Last Chance for Victory** Robert E Lee and the Gettysburg Campaign addresses these issues by studying Lee s choices before during and after the battle the information he possessed at the time and each decision that was made and why he acted as he did Even options open to Lee that he did not act upon are carefully explored from the perspective of what Lee and his generals knew at the time Some of the issues addressed include Whether Lee s orders to Jeb Stuart were discretionary and allowed him to conduct his raid around the Federal army The authors conclusively answer this important question with the most original and unique analysis ever applied to this controversial issue Why Richard Ewell did not attack Cemetery Hill as ordered by General Lee and why every historian who has written that Lee s orders to Ewell were discretionary are dead wrong Why Little Round Top was irrelevant to the July 2 fighting a fact Lee clearly recognized Why Cemetery Hill was the weakest point along the entire Federal line and how close the Southerners came to capturing it Why Lee decided to launch an echelon attack on July 2 and why most historians have never understood what it was or how close it came to success **Last**

Chance for Victory will be labeled heresy by some blasphemy by others all because its authors dare to call into question the dogmas of Gettysburg But they do so carefully using facts logic and reason to weave one of the most compelling and riveting military history books of our age Readers will never look at Robert E Lee and Gettysburg the same way again **Where Valor Proudly Sleeps** Leslie Wayne Salsbury,2012-03 On rural Doylestown in southwest Pennsylvania a most heart rending story of romance that struggles to endure the furies of wartime plays out in Leslie Wayne Salsbury s Where Valor Proudly Sleeps Written in a staid rhythm and prose apt for that time in the nation s history the novel sets out with a strikingly authentic recreation of life in pre Civil War Pennsylvania Salsbury shows a richness of detail born out of diligent even brilliant research and a highly creative imagination His characters speak out and tell us of a time and place where the most tumultuous and important battles of the Civil War were fought On a fateful night the two young lovers Benjamin Wayneright and Alexandra Cadwalder meet at a ball in the town armory Introduced by Ben s teacher Mrs McIntyre the two immediately find out how they are meant for each other A most romantic night ensues and starts a strong passionate relationship that will prove equal to the coming chaos of war It is a story of heroic love how two young lovers find their love blooming in the crucible of war and how they became a pair of strong hearts that influenced others in their town to defend the Union cause Before the war came Benjamin would lose his father and Alexandra was on the verge of losing hers to bleeding cancers Throughout forced separations they remain true to each other They survive the war but experienced firsthand the cost of preserving liberty and fighting for justice They grow old in and around Doylestown Bucks County When Benjamin dies at a ripe old age he is given a hero s burial by the town Alexandra soon follows to reunite with her beloved **Freezing Cold Takes: NFL** Fred Segal,2022-08-09 Sports fans love holding media experts accountable for bad predictions Since 2015 Fred Segal has chronicled unprophectic sports predictions on the internet His Freezing Cold Takes social media pages feature quotes and predictions from members of the sports world that have aged poorly or were in hindsight flat out wrong The pages have become a guilty pleasure for hundreds of thousands of sports fans who love to see okay and mock in good humor sports media s infamous hot takes that went cold With this book Segal focuses on the NFL and provides a vast collection of poorly aged predictions and analysis from NFL media members and personalities about some of the most famous teams and players in the league s history He also explores ill fated commentary related to draft picks hiring decisions and some of the NFL s most notable games But this book is not simply a list of quotes It delves through content mined from internet archives and original interviews with media players and coaches Segal provides important background surrounding each featured mistake to offer essential context as to why the ill fated prediction was made as well as why the personality who made the prediction is eating their words Together the fourteen chapters each spotlighting Freezing Cold Takes about a specific team or topic within a certain defined period create a wholly unique and endlessly entertaining lens through which to explore NFL history A few illustrative examples 1987 94 San Francisco 49ers The 49ers should do everyone a favor Trade Steve Young
