book is the first attempt by an academic to return to the evidence of Hitler's suicide in order to scrutinise the most recent arguments of conspiracy theorists using scientific methods Through analysis of recently declassified MI5 files previously unpublished sketches of Hitler's bunker personal accounts of intelligence officers along with stories of shoot outs plunder and secret agents this scrupulously researched book takes on the doubters to tell the full story of how Hitler died Hitler: Downfall Volker Ullrich, 2021-09-14 A riveting account of the dictator's final years when he got the war he wanted but led his nation the world and himself to catastrophe from the author of *Hitler Ascent* Skillfully conceived and utterly engrossing The New York Times Book Review In the summer of 1939 Hitler was at the zenith of his power Having consolidated political control in Germany he was at the helm of a newly restored major world power and now perfectly positioned to realize his lifelong ambition to help the German people flourish and to exterminate those who stood in the way Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes including the mass genocide of millions which was conducted not only with the aid of the SS but with the full knowledge of German leadership Yet despite a series of stunning initial triumphs Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies Now Volker Ullrich author of *Hitler Ascent* 1889 1939 offers fascinating new insight into Hitler's character and personality He vividly portrays the insecurity obsession with minutiae and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures When he ultimately realized the war was not winnable Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory A masterful and riveting account of a spectacular downfall Ullrich's rendering of Hitler's final years is an essential addition to our understanding of the dictator and the course of the Second World War *The Women Who Flew for Hitler* Clare Mulley, 2017-07-18 Biographers Club Prize winner Clare Mulley's *The Women Who Flew for Hitler* a dual biography of Nazi Germany's most highly decorated women pilots Hanna Reitsch and Melitta von Stauffenberg were talented courageous and strikingly attractive women who fought convention to make their names in the male dominated field of flight in 1930s Germany With the war both became pioneering test pilots and were awarded the Iron Cross for service to the Third Reich But they could not have been more different and neither woman had a good word to say for the other Hanna was middle class vivacious and distinctly Aryan while the darker more self effacing Melitta came from an aristocratic Prussian family Both were driven by deeply held convictions about honor and patriotism but ultimately while Hanna tried to save Hitler's life begging him to let her fly him to safety in April 1945 Melitta covertly supported the most famous attempt to assassinate the Führer Their interwoven lives provide vivid insight into Nazi Germany and its attitudes toward women class and race Acclaimed biographer Clare Mulley gets under the skin of these two distinctive and unconventional women giving a full and as yet largely unknown account of their contrasting yet strangely parallel lives against a changing backdrop of the 1936 Olympics the Eastern Front the Berlin Air Club and Hitler's bunker Told with brio and great narrative flair *The Women Who Flew for*

Vanhix,2023-06-05 After a brief investigation in 1945 a British secret agent concluded that Hitler and Braun committed suicide together in the Führerbunker in Berlin shortly before the fall of the German capital and were cremated immediately afterwards although he had no concrete evidence to support this hypothesis Nevertheless this has been the official version ever since Between 1945 and 2009 however testimony and evidence began to emerge that suggested otherwise Luc Vanhix, criminologist and retired senior level officer of the Belgian Federal Police conducted a seven year modern police investigation into the death of this notorious couple based on all the original data and traces And as unlikely as it may sound this investigation shows with absolute certainty that Adolf Hitler and Eva Braun did not die together in the Berlin Führerbunker on April 30 1945 *The Last Days of Hitler* H.
