differences which distinguished defectors from loyalists and draws wider conclusions about the underlying factors which lead MPs to defect This book will be of interest to students and lecturers of British politics and anyone interested in the relationship between British political parties in the last century

A History of Fianna Fáil Noel Whelan, 2011-11-04 The Fianna Fáil Party was founded in 1926 and first came to Government in 1932 From that date until 2010 it has completely dominated the political life of the Republic of Ireland For all but 13 of those 78 years it has formed the Government of Ireland either on its own or as the dominant party in a coalition Fianna Fáil has always seen itself as more than a party Its self image has been that of a national movement one that represented the nation in microcosm and superseded partisan and regional prejudices While holding this view of itself it also managed to be the most ruthlessly successful and professional party machine in Europe Noel Whelan the distinguished political commentator and columnist is steeped in the Fianna Fáil tradition In this book he traces the party's fortunes from its foundation by Eamon deValera and Seán Lemass in the 1920s through the economic war of the 1930s war time neutrality and stagnation of the 1950s Lemass's Governments of the 1960s generally regarded as the best in the history of the State restored the Country's fortunes but the 70s and 80s were locust years dominated by the divisive and charismatic figure of Charles J Haughey Under the later leadership of Bertie Ahern party divisions were healed and it seemed that national divisions were healed with them An economic boom was allowed recklessly to run out of control with the result that the party having brought Irish prosperity to a new peak was then blamed for the sudden violence of the crash The general election of 2011 reduced Fianna Fáil to its lowest ebb since it was founded It may not have marked the end of the party but it clearly marked the end of an era that began in 1932

Government's Handling of Soviet and Communist Bloc Defectors United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations,1988 Soviet Defectors Vladislav Krasnov,2018-04-01

The topic of defection is taboo in the USSR and the Soviets are anxious to silence downplay or distort every case of defection Surprisingly Vladislav Krasnov reports the free world has often played along with these Soviet efforts by treating defection primarily as a secretive matter best left to bureaucrats As a result defectors human rights have sometimes been violated and U S national security interests have been poorly served **A Revolution Undone** H.A. Hellyer,2017-03-01

Amid the turbulence of the 2011 Arab uprisings the revolutionary uprising that played out in Cairo s Tahrir Square created high expectations before dashing the hopes of its participants The upheaval led to a sequence of events in Egypt that scarcely anyone could have predicted and precious few have understood five years on the status of Egypt s unfinished revolution remains shrouded in confusion Power shifted hands rapidly first from protesters to the army leadership then to the politicians of the Muslim Brotherhood and then back to the army The politics of the street has given way to the politics of Islamist military d tentes and the undoing of the democratic experiment Meanwhile a burgeoning Islamist insurgency occupies the army in Sinai and compounds the nation s sense of uncertainty A Revolution Undone blends analysis and narrative charting Egypt s journey from Tahrir to Sisi from the perspective of an author and analyst who lived it all H A Hellyer brings his first hand experience to bear in his assessment of Egypt s experiment with protest and democracy And by scrutinizing Egyptian society and public opinion Islamism and Islam the military and government as well as the West s reaction to events Hellyer provides a much needed appraisal of Egypt s future prospects *Defectors from the PRC to Taiwan, 1960-1989* Andrew D.

Morris,2022-03-31 Defections from the People s Republic of China PRC were an important part of the narrative of the Republic of China ROC in Taiwan during the Cold War but their stories have previously barely been told less still examined in English During the 1960s 70s and 80s the ROC government paid much special attention to these anti communist heroes fangong yishi Their choices to leave behind the turmoil of the PRC were a propaganda coup for the Nationalist one party state in Taiwan proving the superiority of the Free China that they had created there Morris looks at the stories behind these headlines what the defectors understood about the ROC before they arrived and how they dealt with the reality of their post defection lives in Taiwan He also looks at how these dramatic individual histories of migration were understood to prove essential differences between the two regimes while at the same time showing important continuities between the two

The TEN Wise Men Bruce Nalevanko Jr,2024-10-28 It s been over two thousand years since Jesus Christ has walked the earth And now He is back He is on a new mission given to Him from the Lord He is to seek out the people who will become known as the ten wise men Like the disciples of old when the wise men first meet Jesus they must choose whether they want to follow Him Their ultimate purpose will be given to them once they ascend into heaven Even though Jesus is back He is not alone The antichrist and the beast are also walking among the inhabitants of earth In seven years time everything will culminate into the final battle between good and evil known as Armageddon And as predicted in the book of Revelation in the Bible this battle will occur in the valley of Megiddo in Israel Everyone has a choice We can walk with God Or we can choose to walk alone The faithful will escape the end times in the rapture The remainder will be left on earth to be tested by the new government order led by the antichrist With some of their loved ones gone the people who remain will be forced to forge ahead in a chaotic world A world that is about to be burned Will you be ready when the time comes

Soviet Defectors Soren Earthwalker,AI,2025-03-21 Soviet Defectors explores the gripping stories of Soviet citizens who risked everything to defect to the West focusing on their motivations and the profound impact their actions had on the Cold War Going beyond simple labels of traitor or opportunist the book examines the complex blend of ideological disillusionment fear and personal ambition that drove these individuals to betray their country One intriguing fact is how the information provided by defectors

often led to significant shifts in espionage tactics and counterintelligence measures The book analyzes key figures like Oleg Penkovsky whose intelligence on Soviet missile capabilities was invaluable and Svetlana Alliluyeva Stalin's daughter whose defection served as a major propaganda victory Another key aspect involves the Mitrokhin Archive a treasure trove of KGB secrets smuggled to the West By delving into these personal accounts the book offers a nuanced understanding of the human cost of geopolitical conflict and the intelligence battles fought in the shadows The approach taken in *Soviet Defectors* is to first establish the historical context then to present case studies and finally analyze the broader implications of these defections on Cold War intelligence The book offers a fresh perspective by drawing on declassified documents and newly available archival information creating a valuable resource for those interested in Cold War history political science and the intricate world of espionage

Soviet and Nazi Defectors Nigel West, 2024-12-30 Analyzes nine wartime and postwar defections highlighting motivations risks and counter intelligence significance A well informed defector is the most dangerous counter intelligence commodity because it takes a spy to catch a spy Very occasionally an agent especially a mole or an intelligence professional will make a mistake and incriminate themselves but usually it is a denunciation a tip or a vague clue from a defector that will provide the vital information

required to expose the source of a leak Relying on recently declassified intelligence files and interviews with defectors their handlers their families and their victims Nigel West has analyzed nine examples of wartime and postwar defections to shed new light on the phenomenon Defectors are notoriously difficult to handle and resettle because of the range of genuine or invented motives that led them to take such drastic action Some will provide a noble political motive seeking to impress their host while others may be driven by less worthy compulsions perhaps greed revenge career disappointment envy anger or nothing more complicated than a desire to start a life afresh with a different partner Defectors are the stock in trade for all counter intelligence specialists who seek the background and context of corridor gossip and water cooler chat cannot be substituted by any amount of technical surveillance overhead reconnaissance or hard to interpret intercepted communications This is the essence of Human Intelligence and goes to the heart of loyalty trust betrayal and deception the very DNA of espionage These nine examples of switching sides all involve intelligence professionals who followed the example of Erich Vermehren Because of his religious convictions Vermehren felt compelled to desert the Abwehr in January 1944 even though this meant the arrest of his parents and siblings who were consigned to Sachsenhausen concentration camp West traced Vermehren then living under an alias in Switzerland to hear his story first hand He then interviewed the British MI6 officer who had engineered the covert exfiltration from Istanbul of both the German and his wife Sometimes a defection may be the result of a period of cultivation as happened with Vladimir Petrov who was gently persuaded over many months by his Polish dentist to abandon his clandestine role as resident in Canberra for a chicken farm The intermediary Dr Michael Bialoguski admitted to the author that right up to the moment of his defection he and his Australian Security Intelligence organization colleagues were not entirely sure of Petrov's true status Once resettled a defector's life has daily challenges as was explained by Yuri Rastvorov's widow herself a CIA counter intelligence officer who recalled the day she had to tell their two daughters that their father was not a Czech tennis coach but an NKVD defector who had been based in Tokyo

The last defector Tony Cape, 1991-10-01 *Act of Retribution* J.P. Phillips, 2010-03-17 My quest for an answer to the riddle of President Kennedy's assassination first began in April 1967 following a talk given by Warren Commission critic and best selling author Mark Lane at Michigan State University where I was a graduate student My search has lasted well over twenty years Gathering every scrap of information I could find on the assassination I have arrived at what I believe is the most credible thesis to date As a result of meticulous research I am able to identify probable suspects in what I have come to believe was a far reaching conspiracy which involved not only renegade elements from the CIA and organized crime figures but one which extended to the highest echelons of the U S government By pulling together existing knowledge of the assassination while introducing new evidence my book focuses primarily on six main principals persons of interest their motives and their activities in relation to the assassination and the links that connect them 1 LEE HARVEY OSWALD Accused by the Warren Commission In 1964 of being the sole assassin of President Kennedy 2 JACK RUBY Dallas night club owner

who two days following the Presidents assassination shot and killed Oswald 3 CARLOS MARCELLO Reputed crime boss of the New Orleans Dallas Mafia during the time of the assassination 4 GENERAL CHARLES PEARE CABELL Deputy Director of the CIA from 1953 to 1962 when he was dismissed by President Kennedy along with other high ranking intelligence officials for the failure of the Bay of Pigs invasion 5 EARLE CABELL Younger brother of General Charles P Cabell who was Mayor of Dallas the day President Kennedy was assassinated 6 FRED KORTH Fort Worth businessman and banker who was Secretary of the Navy from 1962 to October 1963 when he was forced by President Kennedy to resign for his involvement in the TFX controversy As to the motives of those individuals involved in the Presidents murder I believe that the assassination was planned and carried out with a dual purpose in mind 1 as an act of vengeance by those ex high government officials who were dismissed by the President either for alleged wrongdoing as in the case of Fred Korth or for incompetence as in General Cabells case 2 to prevent the Presidents domestic and foreign policies particularly in reference to his stand on the Vietnam conflict from being implemented Viewed in this light the assassination of President Kennedy was an act of retribution by a group of mean spirited vengeance seeking individuals who acted in the misguided belief that by assassinating this president they were furthering the national interest Notwithstanding his immense popularity with the American people President Kennedy was perceived by his killers to be a clear and present danger to the country and to its interests at home and abroad for several reasons for his stand on civil rights and racial equality for his attempt to closely regulate the oil and gas industry for his desire to normalize relations with Cuba for his desire to ease tensions between the superpowers through a reduction in armaments for his crackdown on organized crime for his stated intention to withdraw U S forces from Vietnam Removing him from office by political murder therefore excused his killers in their own eyes from any wrongdoing for by killing this President they were convinced that they were acting in the national interest against the seemingly dangerous policies of a chief executive who if allowed to finish his presidency would lead the nation to ruin A wise mind will never censure anyone for having employed any extraordinary means for preserving a kingdom Believing like Machiavelli that they were acting to preserve and maint
