 iconography of the early church and its important place in the history of Christian art In this book historian Andr Grabar

 between expressive images that is genuine works of art and informative ones Throughout Grabar establishes the importance

 forms of Christian piety in their day **Invitation to the Torah** George Van Pelt Campbell,2020-07-10 We all love a good
 story The Torah or Pentateuch is regularly defamed as law Actually it s a saga about our search for happiness and how the
 God of the Bible fits into it Lacing legal material into narrative punctuated with poetry the Torah contrasts two provocative

personalities named Abraham and Moses Fascinating and fickle their adventures portray two visions of approaching God The Torah was written to render a verdict on who is the best model This book demonstrates that Genesis Exodus Leviticus Numbers and Deuteronomy are a unified narrative framed as contrasting biographies proclaiming a coherent message It surveys each book s structure and themes to determine its argument and then articulates the Torah s message for people of all time its vision of human happiness It establishes that the Torah is the core of the Jewish and Christian Bibles and shows how the rest of the Bible elaborates its message Ending with suggestions to help you read it this book is your invitation to the Torah

One for the Other Andrew P. Campbell, 2025-06-24 For two thousand years the cross of Christ has been the central point of Christian theologies of salvation However in recent years a variety of theologians such as Rosemary Radford Ruether Rita Nakashima Brock J Denny Weaver and Ren Girard united in their disdain for violence have abandoned any divine sanction or salvific significance for the cross of Christ Instead they frame atonement not in terms of Christ s death but his life formulating atonement theologies that address the need for an ethical concern for the oppressed and powerless Other This volume is dedicated to offering a fair account of their revisions identifying the ethical undertones that lead nonviolent theologians and thinkers to reform atonement theology examining their claims in light of those ethical foundations and exploring P T Forsyth as a viable alternative for contemporary theology

De Quincey's Romanticism Margaret Russett, 1997-12-04 Margaret Russett uses the example of Thomas De Quincey the nineteenth century essayist best remembered for his *Confessions of an English Opium Eater* and his memoirs of Wordsworth and Coleridge to examine the idea of the minor author and how it is related to what we now call the Romantic canon The case of De Quincey neither a canonical figure nor a disenfranchised marginal author offers a point of access to specifically Romantic problems of literary transmission and periodization Taking an intertextual approach Russett situates De Quincey s career against the works of Wordsworth and Coleridge the essays of Lamb Hazlitt and other writers for the *London Magazine* and discourses of ethics and political economy which are central to the problem of determining literary value De Quincey s Romanticism shows how De Quincey helped to shape the canon by which his career was defined

The Resounding Soul Eric Austin Lee, Samuel Kimbriel, 2015-11-10 It is surely not coincidental that the term soul should mean not only the center of a creature s life and consciousness but also a thing or action characterized by intense vivacity that bike s got soul It also seems far from coincidental that the same contemporary academic discussions that have largely cast aside the language of soul in their quest to define the character of human mental life should themselves be so how to say it bloodless so lacking in soul This volume arises from the opposite premise namely that the task of understanding human nature is bound up with and in important respects dependent upon the more critical task of learning to be fully human of learning to have soul The papers collected here are derived from a conference in Oxford sponsored by the Centre of Theology and Philosophy and together explore the often surprising landscape that emerges when human consciousness is approached from this angle

Drawing upon literary philosophical theological historical and musical modes of analysis the essays of this volume vividly remind the reader of the power of the ancient language of soul over against contemporary impulses to reduce fragment and overly determine human selfhood

Tintoretto Tom Nichols,2015-10-01 Jacopo Tintoretto 1518 94 is an ambiguous figure in the history of art His radically unorthodox paintings are not readily classifiable and although he was a Venetian by birth his standing as a member of the Venetian school is constantly contested But he was also a formidable maverick abandoning the humanist narratives and sensuous color palette typical of the great Venetian master Titian in favor of a renewed concentration on core Christian subjects painted in a rough and abbreviated chiaroscuro style This generously illustrated book offers an extensive analysis of Tintoretto s greatest paintings charting his life and work in the context of Venetian art and the culture of the Cinquecento Tom Nichols shows that Tintoretto was an extraordinarily innovative artist who created a new manner of painting which for all of its originality and sophistication was still able to appeal to the shared emotions of the widest possible audience This compact pocket edition features sixteen additional illustrations and a new afterword by the author and it will continue to be one of the definitive treatments of this once grossly overlooked master *The Falling of Dusk* Paul Anthony

Dominiak,2022-12-08 Paul Dominiak s Lent book examines doubt as an essential component of faith and true belief For generations Christian communities have meditated upon the seven last words of Jesus on the cross Gathered from across the Gospel accounts of the crucifixion these sayings still speak to us today In an age of uncertainty and suspicion Paul Dominiak explores how each of the seven last words attends to doubt as the refining fire of faith rather than as its enemy *The Falling of Dusk* puts into critical conversation some of the great doubters of religion with the breadth of the Christian tradition and contemporary theological voices Each chapter considers one last word spoken on the cross unpacking why Christians should embrace suspicious doubt and how a suspicious Christianity might challenge doubters Aimed at those who embrace reject or are uncertain about faith Paul Dominiak invites us to reflect in unconventional ways on our assumptions anxieties suspicions and beliefs through a conventional Lenten form of meditation Lent is but Easter in disguise Medieval Islamic Symbolism

Verlag,2024-07-01 The fall of Communism in Eastern Europe opened up a new future for theology too not least in Romania perhaps of all Orthodox nations the most open to the West Young Romanian Orthodox theologians seized the opportunity to study and research in the West availing themselves of mentors and resources hitherto denied them some have settled in the West others returned home This welcome volume displays a theological revival as young Romanian theologians draw on tradition and address new problems We can discern here a welcome confidence in the Orthodox tradition no longer on the

defensive nor concerned to mark itself off from the theology of the West It is a generous Orthodoxy a term that has been used of the theological approach of the late Metropolitan Kallistos ready to share its treasures with other Christians and eager to learn from them and engage with them
