Englands First Great War Minister:

The Bookman ,1917 **History** Albert Frederick Pollard,Harold Felix Baker Wheeler,1917 **The Great War** ,2014-04-01 OVER 210 000 WEST POINT MILITARY HISTORY SERIES SETS IN PRINT World War I marked the end of the old military order and the beginning of the era of mechanized warfare This is a thorough examination of the campaigns of the war to end all wars It analyzes the development of military theory and practice from the prewar period of Bismark s Prussia to the creation of the League of Nations *Remembering Wolsey* J. Patrick Hornbeck II,2019-02-05 Remembering Wolsey seeks to contribute to our understanding of historical memory and memorialization by examining in detail the commemoration and representation of the life of Thomas Wolsey the sixteenth century cardinal papal legate and lord chancellor of England Hornbeck surveys a wide range of representations of Cardinal Wolsey from those contemporary with his death to recent mass market appearances on television and historical fiction to go beyond previous scholarship that has examined Wolsey only in an early modern context Remembering Wolsey contributes significantly to the ongoing reimagining of English church history in the years prior to the Reformation Surveying chronicle accounts pamphlets plays poems historical fictions works of historical scholarship civic pageants and monuments films and television programs the book shows how an extended sequence of authors have told widely varying stories about Wolsey s life often through the lens of their own religious and ideological commitments and or in response to the pressing concerns of their times *A History of England from the Conclusion of the Great War in 1815* Spencer Walpole,1886 **A history of England from the conclusion of the great war in 1815** Sir Spencer Walpole,1905 *Reader's Guide to Military History* Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations Cardinal Wolsey Phil Roberts,2022-10-07 The Wolsey s of Suffolk date to Anglo Saxon times The earliest notice of a Wolsey as inhabitant of Ipswich is Thomas Wolsey s father Robert He was a successful small businessman and married a Joan Daundy Thomas was probably born in 1471 in an Inn and was almost certainly baptised in St Mary at the Elms church Ipswich Wolsey graduated from university and then his climb to power was extremely fast He entered the Royal Household as the chaplain to King Henry VII When King Henry VIII ascended to the throne Wolsey became his Almoner which gave him access to the King s Council Henry was very impressed with Wolsey s work Thomas gained many important clerical positions In 1515 Wolsey became Lord Chancellor of England Thomas Wolsey s most famous peace treaty was signed between Henry VIII and Francis I of France at the glorious Field of Cloth of Gold in 1520 Henry had not produced a male heir

A woman called Anne Boleyn came on the scene Henry began to think that she could mother him a son The king asked Wolsey to seek a divorce from his first wife He tried his outmost as always but the Pope kept delaying the matter Wolsey failed and fell out of favour with Henry He was charged with treason and escorted to the Tower of London On his way Thomas became very frail and sadly on 29th November 1530 he died at Leicester Abbey Wolsey John Matusiak,2014-09-01 Cardinal Wolsey is a controversial figure a butcher s son a man of letters and the Church a divisive political expert a man of principle yet to some an arrogant upstart As Lord Chancellor to the incorrigible Henry VIII he achieved much both at home and abroad but his failure to achieve the mighty monarch s divorce from Catherine of Aragon saw him brought to his knees John Matusiak explores the pragmatic cardinal s life and career to uncover a man of contradictions and extremes whose meteoric rise was marked by an equally inexorable descent into desperation as he attempted in vain to satisfy the tempestuous master whose ambition ultimately broke him Far from being another familiar portrait of an overweight and overweening spider or cautionary tale of pride preceding a fall this is the gripping story of how consummate talent noble intentions and an eagle eye for the main chance can contrive with the vagaries of power politics to raise an individual to unheard of heights before finally consuming him **Subject Index of the Modern Books Acquired by the British Museum in the Years 1916-1920** British Museum. Department of Printed Books,1922 **The Subject Index to Periodicals** ,1919 **A Cumulative Bibliography of Medieval Military History and Technology, Update 2004** Kelly DeVries,2004-12-01 This is the first update of A Cumulative Bibliography of Medieval Military History and Technology which appeared in 2002 It is meant to do two things to present references to works on medieval military history and technology not included in the first volume and to present references to all books and articles published on medieval military history and technology from 2000 to 2002 These references are divided into the same categories as in the first volume and cover a chronological period of the same length from late antiquity to 1648 again in order to present a more complete picture of influences on and from the Middle Ages It also continues to cover the same geographical area as the first volume in essence Europe and the Middle East or again influences on and from this area The languages of these bibliographical references reflect this geography *The Scottish Historical Review* James Macle hose,1917 A new series of the Scottish antiquary established 1886 *A History of England, Period III* J. Franck Bright,2020-07-25 Reproduction of the original A History of England Period III by J Franck Bright **The Spectator** ,1885 *The Nation* ,1918 **England: A History** R. J. White,2015-07-08 English history is the story of a people who first settled an island off the coast of continental Europe thousands of years ago and went on to rule most of the known world This fascinating book spans centuries and shows how people like Richard the Lionheart and Elizabeth I and events such as the Norman Conquest and the defeat of the Spanish Armada shaped not just Britain but the world as we know it **The Church of England and the Second World War** John D. Alexander,2025-08-28 In The Church of England and the Second World War John D Alexander analyses how

historic Christian ethical traditions influenced the Church of England's contributions to British pre war and wartime public policy debates These traditions include just war holy war pacifism and Christian realism as deployed by such diverse Anglican figures as Cosmo Gordon Lang William Temple Herbert Hensley Henson George Bell Cyril Forster Garbett Charles Raven Percy Hartill Evelyn Underhill Vera Brittain and James Parkes Additional themes include war as divine judgement humanitarian intervention and Church of England responses to the Holocaust As a case study in the application of Christian ethical traditions this book makes vital connections between Anglican studies international relations theory and the diplomatic military and humanitarian challenges of the mid twentieth century Tudor Victims of the Reformation Lynda Telford,2016-10-31 This book describes a selection of people caught up in the turmoil that presaged the reformation a period of change instigated by a king whose desire for a legitimate son was to brutally sweep aside an entire way of life The most famous and influential of the victims were the two people closest to Henry VIII His mentor Cardinal Thomas Wolsey a great churchman and a diplomat of consummate skill The other was to be the Kings second wife Anne Boleyn These two adversaries equally determined to succeed had risen above the usual expectations of their time Wolsey of humble birth became a prince of the church enjoying his position to the full before coming into conflict with a woman who had no intention of being another passing fancy for the king She would become the mother of one of the greatest and most famous of Englands monarchs They were brought down by the factions surrounding them and the selfish indifference of the man they thought they could trust Though they succumbed to the forces aligned against them their courage and achievements are remembered and their places in history assured **Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...** British Museum,1922
