English Church Dedications:

English Church Dedications Nicholas Orme, 1996 Church dedications are as widely used as they are little studied yet their histories are often obscure and complicated Frequently forgotten after the Reformation they were revived on the eighteenth and nineteenth centuries with many guesses and mistakes resulting in numerous alterations Church history cannot safely be based on the dedication in use today Part One of the book surveys their history in England from Roman times to the present day Part Two is a detailed list of all 800 ancient parish churches and religious houses in Cornwall and Devon It shows when their dedications first occur the changes and misunderstandings that have happened and the dates of parish feast days Cornwall is a country of Celtic church dedication whilst Devon's resemble this of the rest of England so the book will be helpful in understanding dedications in both traditions

Dedications & Patron Saints of English Churches Francis Bond, 1914 **Dedications & Patron Saints of English Churches** Francis Bond, 1914 Studies in Church Dedications Frances Egerton Arnold-Forster, 1899 **Dedications Patron Saints of English Churches** Francis Bond, 2015-07-20

Excerpt from Dedications Patron Saints of English Churches Ecclesiastical Symbolism Saints and Their Emblems This book should be pleasant to read for it has been pleasant to write It grew out of a perusal of Miss Arnold Forster's Studies in Church Dedications 3 vols Skeffington 1899 Of this the third volume is composed of statistics and gives the first and only complete list of saints commemorated in the dedications of English churches These include modern as well as mediaeval dedications It seemed worth while to strip off all dedications of the eighteenth and nineteenth centuries leaving only those of more ancient date The next step was to arrange these earlier dedications in order of frequency of occurrence as a key to the respective popularity or unpopularity of the various saints The results both as to popularity and unpopularity were so surprising that it was hardly possible not to pursue the inquiry further and endeavour to ascertain how the old churchmen came to have such very different ideas from our own as to the merits or demerits of the saints The inquiry turned out not to be easy as may be judged from the long list of books in the bibliography see below which it was necessary to read and digest Then some sort of order or system of arrangement had to be devised It would not have been very profitable to discuss haphazard just as they happened to occur in order of frequency saints of such diverse characteristics as S Andrew S Nicholas S Margaret S Helena S Thomas of Canterbury and the rest it would be to compare chalk with cheese It was necessary to divide them up into various categories Of these evidently the first category was of those saints whose biography or part of it appears in the New Testament Even here the results of the order of merit if it may be so termed of the Biblical saints required considerable inquiry and discussion How did it come about for instance that SS Andrew and Matthew should have such overwhelming popularity as against other apostles and evangelists About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the
