The Roadhouse Comes to Britain David W. Gutzke,Michael John Law,2017-04-20 This is the first book to examine the cultural phenomenon of the roadhouse in mid 20th century Britain and its impact on British leisure The term roadhouse was used in varied ways in the 1930s from small roadside tearooms to enormous establishments on the outskirts of major cities These roadhouses were an important component in the transformation of leisure in the 1930s and beyond reflecting the increased levels of social and physical mobility brought about by new technologies suburbanisation and the influence of American culture Roadhouses attracted wealthy Londoners excited by the prospect of a high speed run into the countryside During the day they offered family activities such as tennis archery horse riding and swimming At night they provided all the fun of the West End with dancing classy restaurants cabaret swimsuit parades and dance demonstrations subverting the licensing laws to provide all night drinking Rumours abounded of prostitution and transgressive behaviour in the car park Roadhouses formed part of an imaginary America in suburban Britain that was promoted by the popularity of American movies music and fiction providing a pastiche of the American country club While much work has been done on the Soho nightclubs of the 1930s the roadhouse has been largely ignored Michael John Law and David Gutzke fill this gap in the literature by providing a comprehensive analysis of the roadhouse s cultural meaning demonstrating how its Americanisation was interpreted for British consumers This original and engaging study will be fascinating reading for all scholars of 20th century British cultural history **The Regulation of the Legal Profession in Ireland** Maeve Hosier,2014-08-17 The Regulation of the Legal Profession in Ireland is a new and insightful exploration of history controversy and reform relating to the Irish legal system During recent legislative debate over a professional reform bill Alan Shatter then the Minister of Justice in Ireland publicly called this study in its earlier form as a dissertation marvellous and stated that it should be compulsory reading for us all He noted that the thesis sets out the history of the legal profession and how it evolved It evolved continually until approximately 1870 and then went into paralysis and nothing has changed since It is extraordinarily curious that people think the world stopped in 1870 Professor Laurent Pech formerly of the School of Law at NUI Galway and now Head of the Law Department at Middlesex University London has stated that this study makes a decisive contribution to the on going scholarly and policy debates on this issue by evaluating the present regulatory framework and offering a number of suggestions to improve it in a context of increasing transnationalisation of the market for legal services He added that Hosier s innovative approach to the problem of lawyers misconduct is in particular worth noting This aspect of her work has the potential to help alleviate a problem which has been extremely costly for both the legal profession and wider society alike Her doctoral research also provides a valuable insight into the impact of the Troika upon the regulation of the legal profession in so called bailed out countries Professor Pech concluded that the author should be congratulated for having

made an exceptional contribution to the current debate on the regulation of the legal profession both nationally and internationally I have no doubt that her original and thought provoking work will be useful to policy makers and scholars alike This book features Professor John Flood s new substantive introduction explaining the worldwide implications of professional reform efforts the financial crisis that precipitated them and the relation to regulation of the legal profession in other countries It also includes the author s notable examination of the effect of the Troika s bailout conditions on law reform possibilities in Ireland This part of the book was presented in the US at the 2013 annual conference of the Law and Society Association Finally the book adds a section on 2014 developments in reform efforts in Ireland A powerful new addition to the Dissertation Series from Quid Pro Books **The Columbian Cyclopedia** ,1897 California Review ,1904 **Studies** ,1914 An Irish quarterly review **Ballou's Monthly Magazine** ,1873 **Ballou's Dollar Monthly Magazine** ,1873
