English Changing World:

Technology and English Language Teaching in a Changing World Ju Seong Lee, Di Zou, Michelle Mingyue Gu, 2024-04-03
This edited book explores the integration of technology into English language education with a particular focus on extracurricular and extramural contexts. The editors and an international team of scholars discuss how English teachers can critically and systematically design and implement language activities inside and outside the classroom to improve students' receptive and productive skills. The book also discusses how teachers can harness technology to enhance their teaching practices. The combination of theory, digital materials, teaching activities, evidence-based reflections, and a focus on Extracurricular and Extramural contexts will make this book an invaluable resource for pre-service and in-service language teachers on ESL, EFL, and TESOL courses, as well as researchers in Applied Linguistics. From the contents: Maurizio GOTTI The origin of 17th century canting terms; Anne MCDERMOTT Early dictionaries of English and historical corpora in search of hard words; Paivi KOIVISTO ALANKO Prototypes in semantic change: a diachronic perspective on abstract nouns; Manuela ROMANO POZO A morphodynamic interpretation of synonymy and polysemy in Old English. **The Changing World of Contemporary South Asian Poetry in English** Mitali P. Wong, M. Yousuf Saeed, 2019-07-02. This collection uses a transnational approach to study contemporary English language poetry composed by poets of South Asian origin. The poetry contains themes, motifs, and critiques of social changes, and the contributors seek to encapsulate the continually changing environments that these contemporary poets write about. The contributors show that English language poetry in South Asia is hybridized with imagery and figurative language adapted from the vernacular languages of South Asia. The chapters examine women's issues, concerns of marginalized groups such as the Dalit community, and the people of Northeastern India, social changes in Sri Lanka, the changing society of Pakistan, and the formation of the identity in the several nation states that resulted from the British colony of India. English for Today: Our changing world National Council of Teachers of English, 1962. **Technology in a Changing World** Gurinder S. Shahi, Eng Fong Pang, Prof. Pang Eng Fong (Editors), 2009-03-12. Selected papers by students of Singapore Management University. **Changing English** Markku Filppula, Juhani Klemola, Anna Mauraanen, Svetlana Vetchinnikova, 2017-10-10. This book examines the special nature of English both as a global and a local language, focusing on some of the ongoing changes and on the emerging new structural and discursive characteristics of varieties of English. Although it is widely recognised that processes of language change and contact bear affinities for example to processes observable in second language acquisition and lingua franca use, the research into these fields has so far not been sufficiently brought into contact with each other. The articles in this volume set out to combine all these perspectives in ways that give us a better understanding of the changing nature of English in the modern world. **New Horizons in Learning English Iii (worktext) 1st Ed. 1999**,
