ENGLISH LANGUAGE TEACHING IN ITS SOCIAL CONTEXT A READER FOR ED BY CHRISTOPHER IN CANDEIN AND NEW MERCER Teaching English Language Worldwide

English Language Teaching In Its Social Context

Graham Hall

English Language Teaching In Its Social Context:

English Language Teaching in Its Social Context Christopher Candlin, Neil Mercer, 2001 English Language Teaching in its Social Context offers sociolinguistic ethnographic and social psychological perspectives on TESOL teaching and learning and introduces the relevant literature on second language acquisition Together with its companion volumes it presents English language teaching in a variety of specific institutional geographic and cultural contexts The articles a range of seminal and specially commissioned pieces have been carefully chosen to present four major principles of English language teaching they focus on the roles played by teachers and learners recognise the individuality of language learners support teachers in the provision of active guidance for students learning examine both positive and negative patterns of interaction between learners and teachers This Reader offers people unfamiliar with research in this field an overall impression of English language teaching issues while allowing the more experienced reader the opportunity to relate his or her own experiences to the theories presented English Language Teaching in Its Social Context Christopher Candlin, Neil Mercer, 2001 English Language Teaching in its Social Context offers sociolinguistic ethnographic and social psychological perspectives on TESOL teaching and learning and introduces the relevant literature on second language acquisition Together with its companion volumes it presents English language teaching in a variety of specific institutional geographic and cultural contexts The articles a range of seminal and specially commissioned pieces have been carefully chosen to present four major principles of English language teaching they focus on the roles played by teachers and learners recognise the individuality of language learners support teachers in the provision of active guidance for students learning examine both positive and negative patterns of interaction between learners and teachers This Reader offers people unfamiliar with research in this field an overall impression of English language teaching issues while allowing the more experienced reader the opportunity to relate his or her own experiences to the theories presented **English Language Teaching in Its Social Context** Christopher Candlin, Neil Mercer, 2000 What English Language Teachers Need to Know Volume I Denise E. Murray, Mary Ann Christison, 2010-09-13 Designed for pre service teachers and teachers new to the field of ELT What English Teachers Need to Know I and II are companion textbooks organized around the key question What do teachers need to know and be able to do in order for their students to learn English The focus throughout is on outcomes that is student learning Volume I on understanding learning provides the background information that teachers need to know and be able to use in their classroom the characteristics of the context in which they work how English works and how it is learned their role in the larger professional sphere of English language education Volume II on facilitating learning covers the three main facets of teaching planning instructing assessing The texts work for teachers across different contexts countries where English is the dominant language one of the official languages or taught as a foreign language different levels elementary primary secondary college or university or adult education and different learning purposes general English workplace English English for academic purposes or English for specific purposes Understanding the Language Classroom S. Gieve, I. Miller, 2005-11-30 The starting point for this collection is a chapter by Dick Allwright on the language learning and teaching classroom experience entitled Six Promising Directions in Applied Linguistics The other distinguished contributors respond to this discussion with their own interpretations and from their own experience The collection problematizes prescription efficiency and technical solutions as orientations to classroom language learning Complexity and idiosyncrasy on the other hand are recognized as central concepts in a move towards centralizing teachers and learners own understanding of classroom life in the contexts of language learning adult literacy education and language teacher education and the Joint Creation of Knowledge Neil Mercer, 2019-04-25 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field Language and the Joint Creation of Knowledge draws on the most prominent writing of Neil Mercer covering his ground breaking and critically acclaimed work on the role of talk in education and on the relationship between spoken language and cognition The text explores key themes relating theoretical ideas to research evidence and to practical educational situations that improve children's lives Offering students and researchers a clear accessible and up to date account of a sociocultural perspective on the relationship between spoken language and cognition it explains one of the key themes in Neil Mercer's work that humans have uniquely evolved the capacity to think together or interthink Offering a crucial insight into the work of Neil Mercer this selection showcases why his approach has become the dominant paradigm in educational research and why it is increasingly influential in the psychology of teaching and learning This unique collection of published articles and chapters which represent the key themes and range of his research over the last 40 years will be of interest to all followers of his work and any reader interested in the role of language in education Method and Postmethod in Language Teaching Graham Hall, 2024-10-31 Method and Postmethod in Language Teaching provides a comprehensive accessible and engaging guide to the much debated notions of method methods and postmethod in language teaching Divided into three sections Contexts Concepts and Debates the book sets out traditional understandings of method s examines alternative accounts and critiques that inform and at times go beyond postmethod thinking within language teaching and finally relates these issues to key practical debates and dilemmas that teachers navigate in the classrooms Highlighting the importance of teachers understandings of their own professional contexts the volume uses the notion of method as a lens through which teachers and other language teaching professionals can clarify their understandings of language teaching both in terms of pedagogic practices and classroom possibilities and with regard to the development of this diverse field more generally Throughout readers are encouraged to develop their own thinking and practice in

contextually appropriate ways supported by discussion questions and key readings that accompany each chapter a glossary of key terms and suggestions for additional reading This book is an indispensable resource for language teachers and other language teaching professionals as well as postgraduate and upper level undergraduate students of Applied Linguistics Language Teacher Education and ELT TESOL and other language teaching programmes Exploring English Language Teaching Graham Hall, 2017-09-18 Routledge Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics primarily designed for those entering postgraduate studies and language professionals returning to academic study The books take an innovative practice to theory approach with a back to front structure This leads the reader from real world problems and issues through a discussion of intervention and how to engage with these concerns before finally relating these practical issues to theoretical foundations Additional features include tasks with commentaries a glossary of key terms and an annotated further reading section Exploring English Language Teaching provides a single volume introduction to the field of ELT from an applied linguistics perspective The book addresses four central themes within English language teaching Classroom interaction and management Method Postmethod and methodology Learners and the Institutional frameworks and social contexts of ELT For each the book identifies key dilemmas and practices examines how teachers and other language teaching professionals might intervene and deal with these concerns and explores how such issues link to and inform applied linguistic theory. This second edition has been extensively revised and updated to explore the latest practical developments and theoretical insights in the field of ELT With new material including expanded discussions of CLIL the role of new technologies in ELT and the teaching of large classes in difficult circumstances and with an updated glossary and suggestions for additional reading this is an indispensable textbook for language teachers and students studying in the areas of Applied Linguistics Language Teacher Education and ELT TESOL

English Language Teaching in South America Lía D. Kamhi-Stein, Gabriel Díaz Maggioli, Luciana C. de Oliveira, 2017-05-23 This book investigates new English language policies and initiatives which have been introduced and implemented across Argentina Brazil Chile Colombia Ecuador Uruguay and Venezuela Chapters are organized around three themes Chapters in the first section critically examine newly implemented English language policies as well as factors that contribute to and prevent the implementation of such policies Chapters in the second section describe and analyze current teacher preparation and teacher development initiatives in addition to the challenges and opportunities associated with such initiatives Finally the third section features school and classroom based research designed to investigate the status of English language teaching and the implementation of innovative programs All authors have a first hand understanding of the South American context and draw on references and resources which originate beyond Inner Circle countries The book showcases examples of innovation and success in a variety of complex contexts and will serve as a starting point for researchers as well as being of interest to students policymakers and stakeholders This book is open access under a CC BY NC ND licence

Investigating Classroom Discourse Steve Walsh, 2006-04-18 Introducing language use and interaction as the basis of good teaching and learning this invaluable book equips teachers and researchers with the tools to analyze classroom discourse and move towards more effective instruction Presenting an overview of existing approaches to describing and analyzing classroom discourse Steve Walsh identifies the principal characteristics of classroom language in the contexts of second language classrooms primary and secondary classrooms and higher education settings A distinct feature of the book are the classroom recordings and reflective feedback interviews from a sample group of teachers that Walsh uses to put forward SETT Self Evaluation of Teacher Talk as a framework for examining discourse within the classroom This framework is used to identify different modes of discourse which are employed by teachers and students to increase awareness of the importance of interaction and to maximize learning opportunities This book will appeal to applied linguists teachers and researchers of TESOL as well as practitioners on MEd or taught doctorate programmes Teaching and Researching: Listening Michael Rost, 2013-11-26 Teaching and Researching Listening provides a focused state of the art treatment of the linguistic psycholinguistic and pragmatic processes that are involved in oral language use and shows how these processes influence listening in a range of practical contexts Through understanding the interaction between these processes language educators and researchers can develop more robust research methods and more effective classroom language teaching approaches In this fully revised and updated second edition the book examines a full range of teaching methods and research initiatives related to listening gives definitions of key concepts in neurolinguistics and psycholinguistics provides a clear agenda for implementing listening strategies and designing tests offers an abundance of resources for immediate use for teaching and research Featuring insightful quotes and concept boxes chapter overviews and summaries to guide the reader Teaching and Researching Listening will engage and inform teachers teacher trainers and researchers investigating communicative language use The Cambridge Guide to Pedagogy and Practice in Second Language Teaching Jack C. Richards, Anne Burns, 2012-01-31 This collection of original articles provides an overview of key issues and approaches in contemporary language teaching **Classroom Management in Language Education** T. Wright, 2005-08-10 A book that develops an understanding of practices at the very centre of language education the classroom It is written for postgraduate students in Applied Linguistics and Education and practitioners whether in TESOL or other language teaching In Part 1 the author explores key concepts in unpacking the complexity of classroom life In Part 2 existing research and practice are examined through a series of research case studies Part 3 provides a template for research activity and suggestions for projects and methodologies and Part 4 collects resources for readers keen to follow up the themes developed in the book

Applied Linguistics and Language Teacher Education Nat Bartels,2006-07-02 Applied Linguistics and Language Teacher Education is aimed at applied linguists who are interested in understanding more about the learning of novice teachers in their classes The 21 studies in this volume provide information on the complexity of novice teachers learning and

use of knowledge in a variety of applied linguistics classes such as SLA Syntax Pragmatics Sociolinguistics Phonetics and Phonology L2 Reading and Writing Testing and Content Based Instruction These studies were conducted in a variety of contexts from North and South America to Europe Asia and Australia and look at the preparation of teachers of English Spanish and Chinese The book also includes a state of the art summary of research on knowledge acquisition and use which provides applied linguists with a solid basis for developing their ideas about their students learning and use of the knowledge **Teaching and Researching Writing** Ken Hyland, 2021-09-23 The new edition of Ken Hyland s presented in their classes text provides an authoritative guide to writing theory research and teaching Emphasising the dynamic relationship between scholarship and pedagogy it shows how research feeds into teaching practice Teaching and Researching Writing introduces readers to key conceptual issues in the field today and reinforces their understanding with detailed cases then offers tools for further investigating areas of interest This is the essential resource for students of applied linguistics and language education to acquire and operationalise writing research theories methods findings and practices as well as for scholars and practitioners looking to learn more about writing and literacy New to the fourth edition Added or expanded coverage of important topics such as translingualism digital literacies and technologies multimodal and social media writing action research teacher reflection curriculum design teaching young learners and discipline specific and profession specific writing Updated throughout including revision to case studies and classroom practices and discussion of Rhetorical Genre Studies intercultural rhetoric and expertise Reorganised References and Resources section for ease of use for students researchers Teaching and Researching: Motivation Zoltán Dörnyei, Ema Ushioda, 2013-11-26 Cultivating motivation is and teachers crucial to a language learner's success and therefore crucial for the language teacher and researcher to understand This fully revised edition of a groundbreaking work reflects the dramatic changes the field of motivation research has undergone in recent years including the impact of language globalisation and various dynamic and relational research methodologies and offers ways in which this research can be put to practical use in the classroom and in research Key new features and material A brand new chapter on current socio dynamic and complex systems perspectives New approaches to motivating students based on the L2 Motivational Self System Illustrative summaries of qualitative and mixed methods studies Samples of new self related motivation measures Providing a clear and comprehensive theory driven account of motivation Teaching and Researching Motivation examines how theoretical insights can be used in everyday teaching practice and offers practical tips The final section provides a range of useful resources including relevant websites key reference works and tried and tested example questionnaires Written in an accessible style and illustrated with concrete examples it is an invaluable resource for teachers and researchers alike Research Methods in Language Teaching and Learning Kenan Dikilitas, Kate Mastruserio Reynolds, 2022-03-15 A practical guide to the methodologies used in language teaching and learning research providing expert advice and real life examples from leading TESOL researchers Research Methods in
