English Radicalism The End:

English Radicalism (1935-1961) S. Maccoby, 2019-03-13 This is volume 6 of the set English Radicalism 1935 1961 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By Combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century *Routledge Library of British Political History* S. Maccoby, 2020-04-23 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century *English Radicalism 1832-1852* S. Maccoby, 2001 This is volume 3 of the set English Radicalism 1935 1961 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By Combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century *English Radicalism, 1886-1914* S. Maccoby, 2001 This is volume 5 of the set English Radicalism 1935 1961 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By Combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century

English Radicalism S. Maccoby, 2001 This is volume 2 of the set English Radicalism 1935 1961 Reissuing the epic undertaking of Dr S Maccoby these volumes cover the story of English Radicalism from its origins right through to its questionable end By Combining new sources with the old and often long forgotten the volumes provide an impressive history of radicalism and shed light on the course of English political development The six volumes are arranged chronologically from 1762 through to the perceived end of British Radicalism in the mid twentieth century John Jebb and the Enlightenment Origins of British Radicalism Anthony Page, 2003-03-30 A supporter of the American rebellion and advocate of radical ideas on religion philosophy education law medicine and politics John Jebb 1736 1786 provides an ideal case to examine the nature of radicalism in 18th century Britain Jebb began his career as a clergyman and academic at Cambridge in the 1760s and died as a doctor and leading figure among political reformers in Enlightenment London Profoundly influenced by David Hartley s attempt to combine a Christian theology of universal salvation with a materialist and determinist account

of the mind Jebb's philosophical and religious radicalism inspired him to work tirelessly for reform This is the first modern extended study of his life While at Cambridge Jebb provoked strong conservative opposition to his religious views and proposals for academic reform Increasingly marginalized in church and university as a tide of loyalism swept the country in response to rebellion in America Jebb resigned as a clergyman and moved to London to work as a doctor As the American war dragged on with no end in sight a popular movement urging political reform developed Jebb became a leader of this movement and was instrumental in establishing a platform that called for universal suffrage and annual elections British radicals would continue to campaign for this platform until the mid 19th century **The Dimensions of British**

Radicalism Thomas William Heyck, 1974 A revision of the author's thesis University of Texas at Austin 1969 Bibliography p 267-283 English radicalism in the twentieth century Richard Taylor, 2020-09-15 England has had a predominantly

conservative political culture for some centuries Yet there is a persistent minority strand of radicalism that has challenged the practices, beliefs and structures of power of the established order This book explores this radical tradition as articulated in the twentieth century The main currents of English radicalism range from liberal reformers through socialist parliamentarians to social movement activists in the peace, women's and labour movements Despite their differing agendas all have held their moral and political commitments to achieving a free democratic, equal and just society in common Moreover all have believed whatever their other differences in the importance of extra-parliamentary social movements What is it that has constituted this radical tradition Is it a coherent, distinctive and important political force in the twentieth century And how do these ideas and practices relate to radical politics in England in the early twenty-first century This book offers an analysis of the historical and ideological development of English radicalism from the English Civil War onwards Richard Taylor examines how the problems of achieving radical change in England in the twentieth century were approached by the ten key figures from a range of ideological positions within the tradition Bertrand Russell, Sylvia Pankhurst, Ellen Wilkinson, George Orwell, E. P. Thompson, Michael Foot, Joan Maynard, Stuart Hall, Tony Benn and Nicolas Walter Modern

England, 1901-1984 Alfred F. Havighurst, 2004-07-08 The most comprehensive bibliography of printed books, articles and standard texts on twentieth-century England Varieties of Seventeenth- and Early Eighteenth-Century English Radicalism in Context David Finnegan, Dr Ariel Hessayon, 2013-07-28 The essays in this collection explore a number of significant questions regarding the terms radical and radicalism in early modern English contexts They investigate whether we can speak of a radical tradition and whether radicalism was a local, national or transnational phenomenon In so doing this volume examines the exchange of ideas and texts in the history of supposedly radical events, ideologies and movements or moments Once at the cutting edge of academic debate, radicalism had until very recently fallen prey to historiographical trends as scholars increasingly turned their attention to more mainstream experiences or reactionary forces While acknowledging the importance of those perspectives Varieties of seventeenth and early eighteenth-century English radicalism in context offers a

reconsideration of the place of radicalism within the early modern period. It sets out to examine the subject in original and exciting ways by adopting distinctively new and broader perspectives. Among the crucial issues addressed are problems of definition and how meanings can evolve; context; print culture; language and interpretative techniques; literary forms and rhetorical strategies that conveyed or deliberately disguised subversive meanings; and the existence of a single continuous English radical tradition. Taken together, the essays in this collection offer a timely reassessment of the subject, reflecting the latest research on the theme of seventeenth-century English radicalism, as well as offering some indications of the phenomenon's transnational contexts. Indeed, there is a sense here of the complexity and variety of the subject, although much work still remains to be done on radicals and radicalism both in early modern England and especially beyond.

Religion, Revolution and English Radicalism James E. Bradley, 2002-06-20 This book examines the social and political activities of the English Dissenters in the age of the American Revolution. By comparing sermons, political pamphlets and election ephemera to poll books, city directories and baptismal registers, this book offers an integrated approach to the study of ideology and behavior.

Cultures of Radicalism in Britain and Ireland John Kirk, 2015-10-06 This collection of essays addresses the role of literature in radical politics. Topics covered include the legacy of Robert Burns, broadside literature in Munster, and radical literature in Wales.

British Radicalism, 1791-1797 Walter Phelps Hall, 1912 Analyzes radical theory and constructs a synthesis of radical opinion in Britain during the 1790s. Also describes the economic and social conditions that gave rise to radicalism.

The Political Thought of Thomas Spence Matilde Cazzola, 2021-11-18 The book is an intellectual analysis of the political ideas of English radical thinker Thomas Spence (1750-1814), who was renowned for his Plan, a proposal for the abolition of private landownership and the replacement of state institutions with a decentralized parochial organization. This system would be realized by means of the revolution of the swinish multitude, the poor labouring class despised by Edmund Burke and adopted by Spence as his privileged political interlocutor. While he has long been considered an eccentric and anachronistic figure, the book sets out to demonstrate that Spence was a deeply original, thoroughly modern thinker who translated his themes into a popular language, addressing the multitude and publicized his Plan through chapbooks, tokens and songs. The book is therefore a history of Spence's political thought from below, designed to decode the subtle complexity of his Plan. It also shows that the Plan featured an excoriating critique of colonialism and slavery, as well as a project of global emancipation. By virtue of its transnational scope, the Plan made landfall in the British West Indies a few years after Spence's death. Indeed, Spencean ideas were intellectually implicated in the largest slave revolt in the history of Barbados.

English Radicalism, 1550-1850 Glenn Burgess, Matthew Festenstein, 2007-02 An exploration of the place of radical ideas and activity in English political and social history over three centuries. Its core concern is whether a long-term history of radicalism can be written. Are the things that historians label radical linked into a single complex radical tradition, or are they separate phenomena linked only by the minds and language of historians? Does the historiography of radicalism uncover a repressed

dimension of English history or is it a construct that serves the needs of the present more than the understanding of the past The book contains a variety of answers to these questions As well as an introduction and eleven substantive chapters it also includes two afterwords which reflect on the implications of the book as a whole for the study of radicalism The distinguished list of contributors is drawn from a variety of disciplines including history political science and literary studies

Transoceanic Radical: William Duane Nigel Little, 2015-10-06 William Duane is most famous as the editor of *The Aurora* the Philadelphia based paper which vigorously supported Thomas Jefferson in his 1800 presidential election campaign Based on archival research this biography of Duane studies his American career in light of his formative years in Ireland England and India English Radicalism, the End ? Simon Maccoby, 1961 **The Independent**, 1913 *The Independent* William Livingston, 1913 Worlds Ending. Ending Worlds Jenny Stümer, Michael Dunn, 2023-12-04 The notion of apocalypse is an age old concept which has gained renewed interest in popular and scholarly discourse The book highlights the versatile explications of apocalypse today demonstrating that apocalyptic transformations the various encounters with anthropogenic climate change nuclear violence polarized politics colonial assault and capitalist extractivism navigate a range of interdisciplinary views on the present moment Moving from old worlds to new worlds from world ending experiences to apocalyptic imaginaries and finally from authoritarianism to activism and advocacy the contributions begin to map the emerging field of Apocalyptic and Post Apocalyptic Studies Foregrounding the myriad ways in which collective imaginations of apocalypse underpin ethical political and sometimes individual experience the authors provide key points of reference for understanding old and new predicaments that are transforming our many worlds
