M. Trevelyan. Illustrations Selected by Ruth C. Wright [New Impression]** George Macaulay Trevelyan, Elizabethans Patrick Collinson, 2003-04-01 The age of Elizabeth I continues to exercise a fascination unmatched by other periods of English history Yet while the leading figures may seem familiar many Elizabethan figures including the queen herself remain enigmatic In Elizabethans Patrick Collinson examines the religious beliefs both of Elizabeth and of Shakespeare as well as redrawing the main features of the political and religious structure of the reign He understands the characters of the period as individuals but is also sensitive to the attitudes and beliefs of the day Race, nation and empire Catherine Hall, Keith McClelland, 2024-06-04 The essays in this collection show how histories written in the past in different political times dealt with considered or avoided and disavowed Britain s imperial role and issues of difference Ranging from enlightenment historians to the present these essays consider both individual historians including such key figures as E A Freeman G M Trevelyan and Keith Hancock and also broader themes such as the relationship between liberalism race and historiography and how we might re think British history in the light of trans

national trans imperial and cross cultural analysis Britishness and what British history is have become major cultural and political issues in our time But as these essays demonstrate there is no single national story race empire and difference have pulsed through the writing of British history The contributors include some of the most distinguished historians writing today C A Bayly Antoinette Burton Saul Dubow Geoff Eley Theodore Koditschek Marilyn Lake John M MacKenzie Karen O'Brien Sonya O Rose Bill Schwarz Kathleen Wilson The Monarchical Republic of Early Modern England John F. McDiarmid, 2007 In this volume a distinguished international group of scholars examines the idea of the monarchical republic from the 1530s to the 1640s and tests the concept from a variety of points of view **The British Atlantic Empire Before the American Revolution** Glyndwr Williams, 2005-07-08 First Published in 1980 The dynamism within the American colonies in the fifty years or so before the outbreak of the crisis of the 1760s that was to lead to the Revolution has never been in doubt The articles written included in this text suggest a number of ways in which the imperial factor was of real importance in colonial life and show that there was dynamism on the British side as well as in the colonies The Common Pursuit F. R. Leavis, 2011-11-17 F R Leavis was the chief editor of Scrutiny which between 1932 and 1953 had some claim on being the most influential literary journal in the English speaking world The Common Pursuit is a selection of Leavis's essays from Scrutiny including his robust defence of Milton against T S Eliot his deeply felt engagement with Shakespeare and his severe strictures on attempts to import sociology and political activism into the study of literature The title of the book comes from a passage in Eliot's The Function of Criticism in which the poet argues that the critic must engage in the common pursuit of true judgment For Leavis this meant a strenuous insistence on discriminatory criticism clear statements about what is good and morally mature and admirable and equally clear condemnation of what is trivial The Common Pursuit with its controversial judgments of Bunyan and Auden Swift and Forster remains as challenging now as it did in 1952 and it is easy to see why Leavis who was never offered a professorship by Cambridge University held such sway over the study of English literature in his time **English Social History** George Macaulay Trevelyan, 1948 English Social History, Etc. (Second Edition.) George Macaulay TREVELYAN (O.M.), 1946 **Readings in English Social History from Contemporary Literature** Robert Burns Morgan, 1923 **Rethinking Social History** Adrian Wilson, 1993 **Tudor England** ,
