Carens,2005-10-19 Victorian domestic novels routinely detect a savage otherness lurking within the English state and subject Outlandish English Subjects in the Victorian Domestic Novel charts the development of this irony within evangelical and anthropological discourses and studies its emergence in the major works of

Charles Dickens Charlotte Bront Wilkie Collins and George Meredith Each of these writers disrupts the certitudes of imperial ideology by appropriating the language of ethnography and using it to describe the social domestic field Providing fresh readings of both canonical and neglected novels this original volume will be of interest to students and scholars of Nineteenth Century literature and Postcolonial studies

**Multilingual Practices in Language History** Päivi Pahta, Janne Skaffari, Laura Wright, 2017-12-18 Texts of the past were often not monolingual but were produced by and for people with bi or multilingual repertoires the communicative practices witnessed in them therefore reflect ongoing and earlier language contact situations However textbooks and earlier research tend to display a monolingual bias This collected volume on multilingual practices in historical materials including code switching highlights the importance of a multilingual approach The authors explore multilingualism in hitherto neglected genres periods and areas introduce new methods of locating and analysing multiple languages in various sources and review terminology theories and tools The studies also revisit some of the issues already introduced in previous research such as Latin interacting with European vernaculars and the complex relationship between code switching and lexical borrowing Collectively the contributors show that multilingual practices share many of the same features regardless of time and place and that one way or the other all historical texts are multilingual This book takes the next step in historical multilingualism studies by establishing the relevance of the multilingual approach to understanding language history
