Each chapter looks at a different type of writing. Some are imaginative text types such as narratives and poems. Others are factual text types such as reports and explanations. All the chapters begin with a sample text. Make sure you read the sample text carefully and look at the special features marked on it. You should then try the activities that follow. These give you guidance and practice in writing a similar type of text. Some activities help you with grammar and punctuation. Others focus on words: the way they are spelt and what they mean. Some activities are just for fun. Each chapter ends with activities that help you write a complete text yourself.
