Lessing W G Sebald and Chimamanda Ngozi Adichie as well as versions of Bushman song Walder pursues the often wayward ambiguous paths of nostalgia as it has been represented beyond but also within Europe so as to identify some of those processes of communal and individual experience that constitute the present and by implication the future **Garden Plots** Shelley Saguaro, 2017-05-15 Shelley Saguaro's unique book illustrates the persistent presence of gardens in literature Gardens in fiction do not simply represent a familiar theme Saguaro contends but are bound up with wider aesthetic and ideological issues As with literary forms so too are gardens subject to transformations Encompassing a wide array of twentieth and twenty first century authors including Virginia Woolf Eudora Welty Carol Shields J M Coetzee Toni Morrison Leslie Marmon Silko Jamaica Kincaid Don DeLillo and Philip K Dick this book's preoccupations are signalled in the evocatively titled chapters Botanical Modernisms Natural History and Postmodern Grafting Postcolonial Landscapes How Does Your Cyber Garden Grow and Coevolutionary Histories the Poetics of a Paradox Informed by postcolonial formalist feminist and psychoanalytic theories Garden Plots is a must read for all those alive to the space gardens inhabit in the literary landscape Literature of the 1980s: After the Watershed Joseph Brooker, 2012-05-08 From the new generation of London novelists such as Martin Amis and Ian McEwan to feminism in the writing of Angela Carter and Jeanette Winterson Joseph Brooker relates developments in fiction poetry and drama to social change He shows how working class writers such as James Kelman and Tony Harrison protested against Thatcherism and explores the voices of Black British writers including Fred D Aguiar and Hanif Kureishi As for the theory of the decade Brooker relates the rise of postmodernism to the popularity of self-conscious modes of writing and other developments in literary theory **Thucydides' Meditations on Fear** Raymond Taras, 2023-09-12 Understanding contemporary global politics by connecting them to the meditations of a classical Greek philosopher may seem farfetched and counterintuitive But for political theorists policymakers the new influencers journalists and engaged students Thucydides' ancient wisdom provides insights into diagnosing and even undermining an endemic of political fear spreading across the world's borders With his help this book probes six case studies of aspiring great powers and the brittle identities that they may have unwittingly constructed Raymond Taras questions the motives of the manipulators of fear whether found in authoritarian states or increasingly in backsliding liberal democratic ones The urgency of returning to and respecting tolerance in states establishing relations with arriving refugees and migrants takes on critical importance **Conceiving the City** Nicholas Freeman, 2007-09-20 Conceiving the City looks at how major writers and artists represented London in fiction poetry essays and art It shows that late Victorian fin de siècle London emerged as a focus for dynamic explicitly modern art as writers and artists broke with earlier tradition and bent realism into exciting new shapes Living with Strangers Chiara Briganti, Kathy Mezei, 2020-06-03 Living with Strangers examines the history and cultural representation of bed sitting rooms and boarding houses in England from the early twentieth century to the present Providing a historical overview the authors explore how these alternative domestic spaces came to provide shelter for a
