Me interesan las crónicas porque retienen el tiempo. Así se filtran en este libro de Paula Siganevich comentarios sobre la escritura: una escritura que es experiencia, prueba del tiempo y de quien escribe. Los relatos se van tejiendo con cuidado, atentos a los matices en el presente de la escritura. Vemos cómo se hacen con retazos de recuerdos, voces que vienen de las lecturas, encuentros y desplazamientos a indicar caminos posibles que van dibujando un sentido. De qué nos alejamos se pregunta la narradora sobre una mudanza de Rosario a Buenos Aires a principios de los 90. La escritura nos guía por un tiempo espeso de vivencias familiares, amorosas, sociales, muchas veces muy duras que difícilmente se podrán narrar si no fuera poniendo a muestra la búsqueda de un método que permite no olvidar y reconstruirse que habitan juntos lo viejo y lo nuevo, el ayer y el hoy yuxtapuestos sin que se suelte el hilo que termina por dejar clara la historia que hay que contar. La de algunas mujeres que llegaron a Argentina a trabajar escapando de la destrucción de la guerra en Europa. No es una historia que se cuente con facilidad; los recuerdos y relatos polemizan entre sí, señalan el desamparo y la incertidumbre. Así, a medida que se avanza, porque la de ellas enmarca la de otras y la propia que viven el paso del tiempo y el abandono de un espacio, desde una inquietud irreparable. Pero no crean que es nostalgia; voy hacia otro lugar. Así ese lugar nos lleva la escritura de Un método contra el olvido a una forma de la alegría de lo que está siempre en movimiento.

Paloma Vidal **Inverted Utopias** Héctor Olea Galaviz, Mari Carmen Ramírez, Mari Carmen Ramirez, Héctor Olea, Hector Olea Hernandez, 2004-01-01

In the twentieth century avant garde artists from Mexico Central and South America and the Caribbean created extraordinary and highly innovative paintings, sculptures, assemblages, mixed media works and installations. This innovative book presents more than 250 works by some seventy of these artists, including Gego, Joaquín Torres García, Xul Solar and José Clemente Orozco, and artists' groups along with interpretive essays by leading authorities and newly translated manifestos and other theoretical documents written by the artists. Together the images and texts showcase the astonishing artistic achievements of the Latin American avant garde. The book focuses on two decisive periods: the return from Europe in the 1920s of Latin American avant garde pioneers and the expansion of avant garde activities throughout Latin America after World War II as artists expressed their independence from developments in Europe and the United States. As the authors explain, during these periods Latin American art was fueled by the belief that artistic creations could present a form of utopia, an inversion of the original premise that drove the European avant garde and serve as a model for
