**Experience and Nature** John Dewey, 2012-04-18 Analysis and evaluation of problem of knowledge other systems formulation of law role of language social factors **Nature and Experience** Bryan Bannon, 2016-05-18 What do we mean when we speak about and advocate for nature Do inanimate beings possess agency and if so what is its structure What role does metaphor play in our understanding of and relation to the environment How does nature contribute to human well being By bringing the concerns and methods of phenomenology to bear on questions such as these this book seeks to redefine how environmental issues are perceived and discussed and demonstrates the relevance of phenomenological inquiry to a broader audience in environmental studies The book examines what phenomenology must be like to address the practical and philosophical issues that emerge within environmental philosophy what practical contributions phenomenology might make to environmental studies and policy making more generally and the nature of our human relationship with the environment and the best way for us to engage with it John Dewey's Theory of Art, Experience, and Nature Thomas M.

Alexander, 2012-02-16 Thomas Alexander shows that the primary guiding concern of Dewey's philosophy is his theory of aesthetic experience He directly challenges those critics most notably Stephen Pepper and Benedetto Croce who argued that this area is the least consistent part of Dewey's thought The author demonstrates that the fundamental concept in Dewey's system is that of experience and that paradigmatic treatment of experience is to be found in Dewey's analysis of aesthetics and art The confusions resulting from the neglect of this orientation have led to prolonged misunderstandings eventual neglect and unwarranted popularity for ideas at odds with the genuine thrust of Dewey's philosophical concerns By exposing the underlying aesthetic foundations of Dewey's philosophy Alexander aims to rectify many of these errors generating a fruitful new interest in Dewey **Managing Visitor Experiences in Nature-based Tourism** Julia N.
