## Frontier Children:

*Frontier Children* Linda Peavy, Ursula Smith, 2002-10-01 Vintage photographs accompany the stories of pioneer children and their families     A History of Children's Play and Play Environments Joe L. Frost, 2010-04-02 This book explores the history of children's play and play environments informing where we are today and why we need to re-establish play as a priority Ultimately the author proposes active solutions to the current state of play deprivation     **Labouring Children** Joy Parr, 2022-11-16 *Labouring Children* 1980 is a study of child immigrants based on numerous original sources and presents new views on childhood social work and Canadian rural communities Between 1868 and 1925 eighty thousand British boys and girls mostly under fourteen were apprenticed as agricultural labourers and domestic servants in rural Canada A surprising feature is the involvement of the Evangelicals who considered that they were giving children from poor homes a fresh start in the world yet who were otherwise famed for their emphasis on the virtues of close family ties and conversely the parents of the children largely labourers who were at the time regarded as too ground down by economic imperatives to find time for affection but who expended a great deal of effort to maintain contact across imposing distances This book begins with an analysis of the growing child's place within these families and looks at the alternating prominence of demands for wage labour and fear of the dangerous classes which influenced emigration policy idealism The demand for child labour in rural Canada and the work of the children is described in an analysis of the apprenticeship system The book also illustrates how the British child immigrants were household rather than family members in Canada and outsiders in the rural schoolroom as well As adults they did not generally become farmers but entered factory jobs service employment in urban Canada migrated to the US or returned to Britain Finally the book discusses the ending of the movement after World War I as Canadian social workers echoing British socialists argued that even the children of the poor deserved fourteen years of growing and schooling before they were obliged to sell their labour Incorporating much rich documentation from numerous case records and presenting a new quantitative use of some of those records this book sheds light on a dark corner of the Canadian migrant experience     The Child ,1952     **Children's Spaces** Mark Dudek, 2012-05-04 Discover the impact of emerging childcare strategy on architecture and design internationally Learn from the broad knowledge of the well respected contributors Specific policy information provides design guidance     **America's French Orphans** Emmanuel Destenay, 2024-06-30 An exploration of how Americans evaded neutrality by sponsoring 300 000 children of France's war dead between 1914 and 1921     **Report to the President, Interagency Task Force on Children's Health Insurance Outreach** United States. Marylin Irvin Holt, 1994-02-01 From 1850 to 1930 America witnessed a unique emigration and resettlement of at least 200 000 children and several thousand adults primarily from the East Coast to the West This placing out an attempt to find homes for the urban poor was best known by the orphan trains that carried the children Holt carefully analyzes the system initially instituted by the New York Children s Aid Society in 1853 tracking its imitators as well as the reasons for its creation and demise She captures the children s perspective with the judicious use of oral histories institutional records and newspaper accounts This well written volume sheds new light on the multifaceted experience of children s immigration changing concepts of welfare and Western expansion It is good scholarly social history *Library Journal* **It Takes a Family** Rick Santorum, 2023-10-03 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In *It Takes a Family* Conservatism and the Common Good Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam s discussion of social capital the habits of association and trust that are the

preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate It Takes a Family further establishes Santorum as the leader of reform minded civic conservatives in America *The Essential West* Elliott West,2012-10-29 Scholars and enthusiasts of western American history have praised Elliott West as a distinguished historian and an accomplished writer and this book proves them right on both counts Capitalizing on West s wide array of interests this collection of his essays touches on topics ranging from viruses and the telegraph to children bison and Larry McMurtry Drawing from the past three centuries West weaves the western story into that of the nation and the world beyond from Kansas and Montana to Haiti Africa and the court of Louis XV Divided into three sections the volume begins with conquest West is not the first historian to write about Lewis and Clark but he is the first to contrast their expedition with Mungo Park s contemporaneous journey in Africa The Lewis and Clark expedition West begins is one of the most overrated events in American history and one of the most revealing The humor of this insightful essay is a chief characteristic of the whole book which comprises ten chapters previously published in major journals and magazines but revised for this edition and four brand new ones West is well known for his writings about frontier family life especially the experiences of children at work and play Fans of his earlier books on these subjects will not be disappointed In a final section he looks at the West of myth and imagination in part to show that our fantasies about the West are worth studying precisely because they have been so at odds with the real West In essays on buffalo Jesse James and the McMurtry novel Lonesome Dove West directs his formidable powers to subjects that continue to shape our understanding and often our misunderstanding of the American West past and present Confronting Cruelty Dorothy Scott,Shurlee Swain,2013-04-01 The problem of child abuse seems to have escalated in recent years Were there any battered babies before the 1960s Is the sexual abuse of children a recent phenomenon The subject is often discussed in the media with little or no awareness that it has a long history Confronting Cruelty examines our changing understanding of what cruelty is the continuing neglect and abuse of children in our society and the struggle between philanthropists social workers and other professional groups for the right to identify and treat the children who are abused Through the rich case records of the Children s Protection Society Dorothy Scott and Shurlee Swain document a hundred years of child abuse and explore how the community has responded to this ever present social problem **Frontiers in American Children's Literature** Dorothy Clark,Linda Salem,2016-02-29 Frontiers in American Children s Literature is a groundbreaking work by both established and emerging scholars in the fields of children s literature criticism

history and education It offers 18 essays which explore and critically examine the expanding canon of American children's books against the backdrop of a social history comprised of a deep layering of trauma and struggle redefining what equality and freedom mean The book charts new ground in how children's literature is telling stories of historical trauma the racial violence of American slavery the Mexican Repatriation Act and the oppression and violence against African Americans in light of such murders as in the AME Mother Emanuel Church and the shooting of Michael Brown This new frontier explores how truth telling about racism oppression and genocide communicates with the young about violence and freedom in literature transforming harsh truths into a moral vision *Frontiers in American Children's Literature* will be an instant classic for fans of children's and adolescent literature American literature cultural studies and students of literature in general as well as teachers and prospective teachers Those interested in art history graphic novels picture book art African American and American Indian literature the digital humanities and new media will also find this volume compelling Authors and artists covered in these essays include Laurie Halse Anderson M T Anderson Paolo Bacigalupi Louise Erdrich Eric Gansworth Edward Gorey Russell Hoban Ellen Hopkins Patricia Polacco Ann Rinaldi Peter S's Lynd Ward and Naomi Wolf among others Essayists examine their subjects most provocative works on the topics of realistic depictions of slavery oppression and trauma and the triumph of truth in storytelling over these experiences From *The Astonishing Life of Octavian Nothing to The Birchbark House* from the graphic novel to picture books and the digital humanities in teaching and reading there is something for everyone in this collection Contributors include leaders in the fields of literature and education such as the award winning Katherine Capshaw and Anastasia Ulanowicz Margaret Noodin poet and leader in American Indian scholarship and education leads the essays on American Indian children's literature while Steven Herb Director of the Pennsylvania Center for the Book and an affiliate of the Center for the Book in the Library of Congress offers an insider's view of Caldecott Medal awardee Lynn Ward
