**Embroidering the Scarlet A** Janet Mason Ellerby, 2015-04-15 The first book length study of changing cultural representations of unwed mothers in American fiction and film from *The Scarlet Letter* to *Juno* [Jesus, the Last Great Initiate - Scholar's Choice Edition](#) Edouard Schure, Yogi Publication Society, 2015-02-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Our Spiritual Destiny* Frederick R. Kipp, 2007-10-22 *Our Spiritual Destiny* Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence which enable their transformation From *Our Journey into Matter* I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms From *Remembering* Some religious

scholars suggest that the essence of all sacred material is somehow buried deep within our being. If this is true then helping us remember must be the intent and purpose of all divinely inspired sacred books, spiritual literature and cultural myths in the world. Somewhere in our Being or Higher Self we already know the purpose of physical life in matter. As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose. From Spiritual Orientation and Alignment. For most of us the physical demands of our daily lives capture our conscious attention and vital energies. This happens gradually within our ritualized patterns and daily activities. Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment. Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives. As a result we usually feel and believe we have little left over to devote to our spiritual development. From Health and New Body Alignment. Most people have grown up with a body centered identity. Everything about living in the world seems to condition us to identify with this orientation. The realities of physical life throughout history have encouraged us to strengthen, build up or perfect our natural body in one way or another. This alignment has ensured the survival of our species. Even today in our modern world we continue to value the attributes of physical strength, fitness and vitality as the ultimate experience of a good life. From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary. However **Atlantis** Shirley Andrews, 2018-02-07. You know of it through song and legend the golden civilization of Atlantis which sank into the cold depths of the sea ages ago. But few know the truth about Atlantis or the geological and metaphysical evidences that suggest it really existed. What have scholars unearthed of Atlantis society and history. How about its mystical and religious beliefs, art and architecture and its peoples knowledge of science and healing. Is it possible that the tremendous achievements of the Atlanteans were aided by extraterrestrial contact. Shirley Andrews uncovers the living legacy in Atlantis Insights from a Lost Civilization, a compelling new look at a legendary country once situated on the Atlantic Ridge. The author has traveled extensively to conduct her own comprehensive research which she synthesizes with the work of hundreds of other Atlantis researchers, classical and modern scholars, scientists and respected psychics like Edgar Cayce. Survivors of this fabled land have made their mark on cultures all over the world and their descendants walk the earth today. Learn how the legacy of Atlantis can help us bring our own world into a new age of peace and enlightenment. Orpheus in Brooklyn Bertrand Mathieu, 2019-07-08. No detailed description available for Orpheus in Brooklyn. **Exploring Our Dimensional Being** Frederick R. Kipp, 2017-02-23. Throughout our lives most of us have been conditioned to view the essence of our human being and the greater realm of creation itself as somehow mysterious and unknowable. In many ways it seems as if we have relegated our lives to dense matter as the central focus of our identity. Exploring the possible inner or metaphysical realities can provide an orientation and detail necessary for greater understanding of ourselves and the dimensional spheres of life that connect us. My life's work

has included studying the underlying structures that support all physical manifestation as well as the beings that live within and work to sustain them I believe that all inner and outer life forms and entities are dimensionally connected We are continuously interacting with them unconsciously through various levels of our being the collective consciousness of humanity our planet and the celestial bodies in the universe My experience has been that the lack of awareness of our own greater being is what hinders our ability to comprehend the universe multidimensionally In my view before entering our present dense physical forms as humans we have progressed through many developmental cycles as did our Earth solar system and universe This book documents what I have learned about the universal creative process and dimensional human evolution from our source beginnings to the present I have tried to integrate the various accounts of the scientific mythological religious and metaphysical versions of cosmology cosmogenesis and cosmogony Exploring the inner realms of possible connections between humanity Earth and the cosmos has been a complex undertaking and journey into uncharted territory My research life experiences and clairvoyant perspectives regarding the dimensionality of all life are the basis for the writing of this book

**Atlantis and the Cycles of Time** Joscelyn Godwin, 2010-11-18 A comprehensive study of the major occult writings on Atlantis Fully examines the many occult teachings on Atlantis including those from G I Gurdjieff Madame Blavatsky Julius Evola Edgar Cayce Fabre d Olivet and Dion Fortune Shows how these writings correlate with the concept of cyclical history such as the Mayan calendar and 2012 the Age of Aquarius and the four Yugas By a renowned scholar author editor and translator of more than 30 books Atlantis has held a perennial place in the collective imagination of humanity from ancient Greece onward Many of the great minds of the occult and esoteric world wrote at length on their theories of Atlantis about its high culture its possible location its ultimate demise and their predictions of a return to Atlantean enlightenment or the downfall of modern society Beginning with a review of the rationalist writings on Atlantis those that use geographic and geologic data to validate their theories renowned scholar Joscelyn Godwin then analyzes and compares writings on Atlantis from many of the great occultists and esotericists of the 19th and 20th centuries including Fabre d Olivet G I Gurdjieff Guido von List Julius Evola Edgar Cayce Dion Fortune and Ren Gu non whose writings often stem from deeper metaphysical sources such as sacred texts prophecy or paranormal communication Seeking to unravel and explain the histories and interpretations of Atlantis and its kindred myths of Lemuria and Mu the author shows how these different views go hand in hand with the concept of cyclical history such as the Vedic system of the four Yugas the Mayan calendar with its 2012 end date the theosophical system of root races and the precession of the equinoxes Venturing broader and deeper than any other book on Atlantis this study also covers reincarnation human evolution or devolution the origins of race and catastrophe theory
