 Hegel gave many lectures in logic at Berlin University between 1818 and his untimely death in 1831 Edited posthumously by  
 Hegel s son Karl these lectures were published in German in 2001 and now appear in English for the first time Because they  
 were delivered orally Lectures on Logic is more approachable and colloquial than much of Hegel s formal philosophy The  
 lectures provide important insight into Hegel s science of logic dialectical method and symbolic logic Clark Butler s smooth  
 translation helps readers understand the rationality of Hegel s often dark and difficult thought Readers at all levels will find a

 Platitudes shows that the Beatitudes are not overused well worn answers to the question What would Jesus do Rather they  
 are undervalued and hardly touched claims that transform our destinies More than spiritual nuggets for personal devotion  
 practical advice or propositions to be believed the Beatitudes in Matthew 5 envision and entail a reorientation of the good life  
 in view of Jesus kingdom Jesus teachings reveal to us that living our best purpose driven life now involves dying to self and  
 the world system and dying for our enemies Ideal for group study this series of meditations on each of the Beatitudes  
 followed by cultural reflections and study questions helps to bridge the gaps between personal devotion and societal  
 revolution the academic and the practical the ancient and the contemporary All of us want to be happy to be well and blessed  
 and esteemed with honor However we look for happiness wellness blessing and honor in different places and with mixed  
 results This book helps us reimagine the good life by taking a fresh look at the Beatitudes as citizens of Jesus ever new
